INDEX OF ITS GENERAL RFPS

ITS uses general RFPs for routine, high volume acquisitions, typically by multiple agencies. ITS advertises periodically to receive proposals on these categories of information technology. General RFPs are for use by ITS staff in conjunction with an evaluation with and on behalf of the procuring agency or institution. Vendors may submit or update general RFP responses throughout the year as detailed in the specifications. Details of general RFP procedures are contained in the RFP specifications document provided to vendors.
