Information Technology Services**

Telecom Coordinator's Handbook

Handbook in Progress – Please check back soon

**November
2014**

The Mississippi Department of Information Technology Services (ITS) was created by the legislature to maximize the use and benefit of information technology in state government by promoting full cooperation, coordination, cohesive planning, and maximum compatibility among all state agencies and institutions of higher learning. State statute establishing ITS and outlining the duties and responsibilities of the agency is found in Mississippi Code Section 25-53-1.
