## **SECTION II PROPOSAL SUBMISSION REQUIREMENTS**

The objective of the Proposal Submission Requirements section is to provide Vendors with the information required to submit a response to this Request for Proposal (RFP). A Vendor who has responded to previous RFPs issued by **ITS** should not assume that the requirements are the same, as changes may have been made.

1. Failure to follow any instruction within this RFP may, at the State's sole discretion, result in the disqualification of the Vendor's proposal.
2. The State has no obligation to locate or acknowledge any information in the Vendor's proposal that is not presented under the appropriate outline according to these instructions and in the proper location.
3. The Vendor's proposal must be received, in writing, by the office of **ITS** by the date and time specified. **ITS** is not responsible for any delays in delivery or expenses for the development or delivery of proposals. Any proposal received after proposal opening time will be returned unopened. Any proposal received with insufficient postage will be returned unopened.
4. Proposals or alterations by fax, e-mail, or phone will not be accepted.
5. Original signatures are required on one copy of the Submission Cover Sheet and Configuration Summary, and the Vendor's original submission must be clearly identified as the original. The Vendor's original proposal must include the Proposal Bond, (if explicitly required in Section IV).
6. **ITS** reserves the right to reject any proposals, including those with exceptions, prior to and at any time during negotiations.
7. **ITS** reserves the right to waive any defect or irregularity in any proposal procedure.
8. The Vendor may intersperse their response following each RFP specification but must not otherwise alter or rekey any of the original text of this RFP. If the State determines that the Vendor has altered any language in the original RFP, the State may, in its sole discretion, disqualify the Vendor from further consideration. The RFP issued by **ITS** is the official version and will supersede any conflicting RFP language submitted by the Vendor.

The Vendor must conform to the following standards in the preparation of the Vendor's proposal:

- 8.1 The Vendor is required to submit one clearly marked original response and seven (7) identical copy/copies of the complete proposal, including all sections and exhibits, in three-ring binders.

- 8.2 To prevent opening by unauthorized individuals, all copies of the proposal must be sealed in the package. A label containing the information on the RFP cover page must be clearly typed and affixed to the package in a clearly visible location.
  - 8.3 Number each page of the proposal.
  - 8.4 Respond to the sections and exhibits in the same order as this RFP.
  - 8.5 Label and tab the responses to each section and exhibit, using the corresponding headings from the RFP.
  - 8.6 If the Vendor does not agree with any item in any section, then the Vendor must list the item on the *Proposal Exception Summary Form*. (See Section V for additional instructions regarding Vendor exceptions.)
  - 8.7 Occasionally, an outline point in an attachment requests information which is not applicable to the products/services proposed. If the Vendor is certain the point does not apply to the given RFP, the Vendor should respond with “NOT APPLICABLE.”
  - 8.8 Where an outline point asks a question or requests information, the Vendor must respond with the specific answer or information requested.
  - 8.9 When an outline point/attachment is a statement provided for the Vendor’s information only, the Vendor need only read that point. The Vendor acknowledges having read and accepting, or taking exception to, all sections by signing the *Submission Cover Sheet* and providing a *Proposal Exception Summary Form*.
  - 8.10 Where a minimum requirement has been identified, respond by stating the item (e.g., device name/model number, guaranteed response time) proposed and how it will meet the specifications.
  - 8.11 The Vendor must fully respond to each requirement within the *Technical Specifications* by fully describing the manner and degree by which the proposal meets or exceeds said requirements.
9. It is the responsibility of the Vendor to clearly identify all costs associated with any item or series of items in this RFP. The Vendor must include and complete all parts of the cost proposal in a clear and accurate manner. **Omissions, errors, misrepresentations, or inadequate details in the Vendor’s cost proposal may be grounds for rejection of the Vendor’s proposal. Costs that are not clearly identified will be borne by the Vendor.** The Vendor must complete the *Cost Information Submission* in this RFP, which outlines the minimum requirements for providing cost information. The Vendor should supply supporting details as described in the *Cost Information Submission*.

10. **ITS** reserves the right to request additional information or clarification of a Vendor's proposal. The Vendor's cooperation during the evaluation process in providing **ITS** staff with adequate responses to requests for clarification will be considered a factor in the evaluation of the Vendor's overall responsiveness. Lack of such cooperation or failure to provide the information in the manner required may, at the State's discretion, result in the disqualification of the Vendor's proposal.
11. Unsolicited clarifications and updates submitted after the deadline for proposals will be accepted or rejected at the sole discretion of **ITS**.
12. Unsolicited clarifications in the evaluation and selection of lowest and best proposal will be considered only if all the following conditions are met:
  - 12.1 A clarification to a proposal that includes a newly announced product line or service with equal or additional capability to be provided at or less than the proposed price will be considered.
  - 12.2 Information provided must be in effect nationally and have been formally and publicly announced through a news medium that the Vendor normally uses to convey customer information.
  - 12.3 Clarifications must be received early enough in the evaluation process to allow adequate time for re-evaluation.
  - 12.4 The Vendor must follow procedures outlined herein for submitting updates and clarifications.
  - 12.5 The Vendor must submit a statement outlining the circumstances for the clarification.
  - 12.6 The Vendor must submit one clearly marked original and seven (7) copies of the clarification.
  - 12.7 The Vendor must be specific about which part of the original proposal is being changed by the clarification (i.e., must include exact RFP reference to section and outline point).
13. **Communications with State**

From the issue date of this RFP until a Vendor is selected and the selection is announced, responding Vendors or their representatives may not communicate, either orally or in writing regarding this RFP with any statewide elected official, state officer or employee, member of the legislature or legislative employee except as noted herein. To ensure equal treatment for each responding Vendor, all questions regarding this RFP must be submitted in writing to the State's contact person for the selection process, and not later than the last date for accepting responding Vendor questions provided in this RFP. All such questions will be answered officially by the State in writing. All such questions and

answers will become addenda to this RFP, and they will be posted to the ITS web site. Vendors failing to comply with this requirement will be subject to disqualification.

- 13.1 The State's contact person for the selection process is: Donna Hamilton, Technology Consultant, 3771 Eastwood Drive, Jackson, MS 39211, 601-432-8114, [Donna.Hamilton@its.ms.gov](mailto:Donna.Hamilton@its.ms.gov).
- 13.2 Vendor may consult with State representatives as designated by the State's contact person identified in 13.1 above in response to State-initiated inquiries. Vendor may consult with State representatives during scheduled oral presentations and demonstrations excluding site visits.

## **SECTION III VENDOR INFORMATION**

The objective of the Vendor Information section of this RFP is to provide Vendors with information required to respond to the RFP successfully.

1. **Interchangeable Designations**

The terms “Vendor” and “Contractor” are referenced throughout this RFP. Generally, references to the “Vendor” are used in conjunction with the proposing organization and procurement process leading up to the final RFP selection and award. The term “Contractor” denotes the role assumed, post-award, by the winning Vendor. Additionally, the terms “State of Mississippi,” “State” or “ITS” may be used interchangeably throughout this RFP to denote the political entity issuing the RFP and requesting responses from Vendors throughout these specifications. References to a specific agency, institution or other political entity represent the client or customer on whose behalf ITS is issuing the RFP.

2. **Vendor’s Responsibility to Examine RFP**

Vendors must examine all documents, forms, specifications, standard provisions, and instructions.

3. **Proposal as Property of State**

All written proposal material becomes the property of the State of Mississippi.

4. **Written Amendment to RFP**

Any interpretation of an ITS RFP will be made by written amendment only. The State will not be responsible for any other explanation of this RFP. A copy of any amendment will be posted on the ITS website, together with the associated RFP specification. Vendors are required to check the ITS website periodically for RFP amendments before the proposal opening date at: [http://www.its.ms.gov/rfps/rfps\\_awaiting.shtml](http://www.its.ms.gov/rfps/rfps_awaiting.shtml).

Any and all amendments will be posted no later than noon, seven days prior to the proposal opening date listed on the cover page of this RFP. Should you be unable to access the ITS website, you may contact the ITS technology consultant listed on page one of this RFP and request a copy.

5. **Oral Communications Not Binding**

Only transactions which are in writing from ITS may be considered official. No negotiations, decisions, or actions shall be executed by any Vendor as a result of any discussions with any State employee.

6. **Vendor’s Responsibility for Delivery**

Vendors must ensure, through reasonable and sufficient follow-up, proper compliance with, and fulfillment of all schedules and deliverables specified within the body of this RFP. The State will not be responsible for the failure of any delivery medium for

submission of information to or from the Vendor, including but not limited to, public and private carriers, U.S. mail, Internet Service Providers, facsimile, or e-mail.

7. **Evaluation Criteria**

The State's intent in issuing this RFP is to award a contract to the lowest and best responsive Vendor who meets specifications, considering price and other factors. The Vendor's past performance, cooperation, and ability to provide service and training are general factors that will be weighed in the selection process. More specific information concerning evaluation criteria is presented in *Technical Specifications*.

8. **Multiple Awards**

ITS reserves the right to make multiple awards.

9. **Right to Award in Whole or Part**

ITS reserves the right to approve an award by individual items or in total, whichever is deemed to be in the best interest of the State of Mississippi.

10. **Right to Use Proposals in Future Projects**

The State reserves the right to evaluate the awarded proposal from this RFP, including all products and services proposed therein, along with the resulting contractual terms, for possible use in future projects if (a) it is deemed to be in the best interest of the State to do so; and (b) the Vendor is willing to extend a cost less than or equal to that specified in the awarded proposal and resulting contract. A decision concerning the utilization of a Vendor's proposal for future projects is solely at the discretion of the State and requires the agreement of the proposing Vendor. The State's decision to reuse an awarded proposal will be based upon such criteria as: (1) the customer's business requirements; (2) elapsed time since the award of the original project; and/or (3) research on changes in the Vendor, market, and technical environments since the initial award.

11. **Price Changes During Award or Renewal Period**

A price increase will not be accepted during the award period or the renewal period, unless stipulated in the contract. However, the State will always take advantage of price decreases.

12. **Right to Request Information**

The State reserves the right to request information relative to a Vendor's references and financial status and to visit a Vendor's facilities during normal working hours. The State also reserves the right to request a current financial statement, prepared and certified by an independent auditing firm, and reserves the right to require that Vendors document their financial ability to provide the products and services proposed up to the total dollar amount of the Vendor's cost proposal. The State reserves the right to request information about the Vendor from any previous customer of the Vendor of whom the State is aware, even if that customer is not included in the Vendor's list of references.

13. **Vendor Personnel**

For RFPs including professional services specifications, the Vendor will be required to provide and/or certify the following for each individual included in the Vendor's proposal:

- 13.1 A direct telephone number at which the individual may be contacted for a telephone interview. The State will pay toll charges in the continental United States. The Vendor must arrange a toll-free number for all other calls.
- 13.2 That, if onsite interviews are required, the individual can be at the specified location in Mississippi within the timeframe specified. All costs associated with onsite interviews will be the responsibility of the Vendor.
- 13.3 That the individual is proficient in spoken and written English;
- 13.4 That the individual is a U.S. citizen or that the individual meets and will maintain employment eligibility requirements in compliance with all INS regulations. The Vendor must provide evidence of identification and employment eligibility prior to the award of a contract that includes any personnel who are not U. S. citizens.
- 13.5 That the personnel assigned to a project will remain a part of the project throughout the duration of the contract as long as the personnel are employed by the Vendor, unless replaced by the Vendor at the request of the State. This requirement includes the responsibility for ensuring all non-citizens maintain current INS eligibility throughout the duration of the contract.

14. **Vendor Imposed Constraints**

The Vendor must specifically document what limitations, if any, exist in working with any other Contractor acting in the capacity of the State's business partner, subcontractor or agent who may be managing any present or future projects; performing quality assurance; integrating the Vendor's software; and/or providing web-hosting, hardware, networking or other processing services on the State's behalf. The project relationship may be based on roles as either equal peers; supervisory – subordinate; or subordinate – supervisory, as determined by the State. The State recognizes that the Vendor may have trade secrets, intellectual property and/or business relationships that may be subject to its corporate policies or agreements. The State must understand these issues in order to decide to what degree they may impact the State's ability to conduct business for this project. These considerations will be incorporated accordingly into the proposal evaluation and selection process. The understanding reached between the Vendor and the State with regard to this business relationship precludes the Vendor from imposing any subsequent limitations of this type in future project undertakings by the State.

15. **Best and Final Offer**

The State reserves the right to solicit Best and Final Offers (BAFOs) from Vendors, principally in situations in which proposal costs eclipse available funding or the State believes none of the competing proposals presents a Best Value (lowest and best proposal) opportunity. Because of the time and expense incurred by both the Vendor community and the State, BAFOs are not routinely conducted. Vendors should offer their best pricing with the initial solicitation. Situations warranting solicitation of a BAFO will be considered an exceptional practice for any procurement. Vendors that remain in a competitive range within an evaluation may be requested to tender Best and Final Offers, at the sole discretion of the State. All such Vendors will be provided an equal opportunity to respond with a Best and Final Offer under a procedure to be defined by the State that encompasses the specific, refined needs of a project, as part of the BAFO solicitation. The State may re-evaluate and amend the original project specifications should it be deemed necessary in order to improve the opportunity for attaining Best Value scenarios from among the remaining competing Vendors. All BAFO proceedings will be uniformly conducted, in writing and subject to solicitation by the State and receipt from the Vendors under a precise schedule.

16. **Restriction on Advertising**

The Vendor must receive written approval from the State before advertising or referencing the award of the contract or the services being provided. The Vendor must agree not to refer to awards in commercial advertising in such a manner as to state or imply that the firm or its services are endorsed or preferred by the State of Mississippi.

17. **Rights Reserved to Use Existing Product Contracts**

The State reserves the right on turnkey projects to secure certain products from other existing **ITS** contracts if it is in its best interest to do so. If this option is exercised, then the awarded Vendor must be willing to integrate the acquisition and implementation of such products within the schedule and system under contract.

18. **Additional Information to be Included**

In addition to answering each specification within this RFP, the Vendor must include complete product/service information, including product pictorials and technical/descriptive literature relative to any product/service offered with the proposal. Information submitted must be sufficiently detailed to substantiate that the products/services offered meet or exceed specifications.

19. **Valid Contract Required to Begin Work**

The successful Vendor should not commence any billable work until a valid contract has been executed. Any work done by the successful Vendor prior to the execution of the contract is done at the Vendor's sole risk. The State is under no obligation to pay for work done prior to the execution of a contract.

## SECTION IV LEGAL AND CONTRACTUAL INFORMATION

The objective of the *Legal and Contractual Information* section is to provide Vendors with information required to complete a contract or agreement with **ITS** successfully.

1. **Acknowledgment Precludes Later Exception**

By signing the *Submission Cover Sheet*, the Vendor is contractually obligated to comply with all items in this RFP, including the *Standard Contract* in Exhibit A if included herein, except those specifically listed as exceptions on the *Proposal Exception Summary Form*. If no *Proposal Exception Summary Form* is included, the Vendor is indicating that he takes no exceptions. Vendors who respond to this RFP by signing the *Submission Cover Sheet* may not later take exception to any item in the RFP during contract negotiations. This acknowledgement also contractually obligates any and all subcontractors that may be proposed. No exceptions by subcontractors or separate terms and conditions will be entertained after the fact.

2. **Failure to Respond as Prescribed**

Failure to respond as described in Section II: *Proposal Submission Requirements* to any item in the sections and exhibits of this RFP, including the *Standard Contract* attached as Exhibit A, if applicable, shall contractually obligate the Vendor to comply with that item.

3. **Contract Documents**

**ITS** will be responsible for all document creation and editorial control over all contractual documentation related to each procurement project. The following documents will normally be included in all contracts between **ITS** and the Vendor:

- 3.1 The Proposal Exception Summary Form as accepted by **ITS**;
- 3.2 Contracts which have been signed by the Vendor and **ITS**;
- 3.3 **ITS**' Request for Proposal, including all addenda;
- 3.4 Official written correspondence from **ITS** to the Vendor;
- 3.5 Official written correspondence from the Vendor to **ITS** when clarifying the Vendor's proposal; and
- 3.6 The Vendor's proposal response to the **ITS** RFP.

4. **Order of Precedence**

When a conflict arises regarding contract intent due to conflicting statements in documents included in the contract, the order of precedence of each document is as listed above unless modification of order is negotiated and agreed upon by both **ITS** and the winning Vendor.

5. **Additional Contract Provisions**

The contract will also include such additional provisions, which are not inconsistent or incompatible with the material terms of this RFP, as may be agreed upon by the parties. All of the foregoing shall be in such form and substance as prescribed by the State.

6. **Contracting Agent by Law**

The Executive Director of **ITS** is, by law, the purchasing and contracting agent for the State of Mississippi in the negotiation and execution of all contracts for the acquisition of computer and telecommunications equipment, systems, software, and services (Section 25-53-1, et seq., of the Mississippi Code Annotated). **ITS** is issuing this RFP on behalf of the procuring agency or institution. **ITS** and the procuring agency or institution are sometimes collectively referred to within this RFP as "State."

7. **Mandatory Legal Provisions**

7.1 The State of Mississippi is self-insured; all requirements for the purchase of casualty or liability insurance are deleted.

7.2 Any provisions disclaiming implied warranties shall be null and void. See Mississippi Code Annotated Sections 11-7-18 and 75-2-719(4). The Vendor shall not disclaim the implied warranties of merchantability and fitness for a particular purpose.

7.3 The Vendor shall have no limitation on liability for claims related to the following items:

7.3.1 Infringement issues;

7.3.2 Bodily injury;

7.3.3 Death;

7.3.4 Physical damage to tangible personal and/or real property; and/or

7.3.5 The intentional and willful misconduct or negligent acts of the Vendor and/or Vendor's employees or subcontractors.

7.4 All requirements that the State pay interest (other than in connection with lease-purchase contracts not exceeding five years) are deleted.

7.5 Any contract negotiated under this RFP will be governed by and construed according to the laws of the State of Mississippi. Venue for the resolution of any dispute shall be Jackson, Hinds County, Mississippi.

7.6 Any contract negotiated under this RFP is cancelable in the event the funding authority does not appropriate funds. Notice requirements to Vendor cannot exceed sixty (60) days.

- 7.7 The State of Mississippi does not waive its sovereign immunities or defenses as provided by law by entering into this contract with the Vendor, Vendor agents, subcontractors, or assignees.
- 7.8 The State will deliver payments to the Vendor within forty-five (45) days after receipt of invoice and receipt, inspection, and approval of Vendor's products/services. No late charges will exceed 1.5% per month on any unpaid balance from the expiration of said period until payment is delivered. See Section 31-7-305 of the Mississippi Code Annotated. Seller understands and agrees that Purchaser is exempt from the payment of taxes.
- 7.9 The State shall not pay any attorney's fees, prejudgment interest or the cost of legal action to or for the Vendor.

8. **Approved Contract**

- 8.1 Award of Contract - A contract is considered to be awarded to a proposer once the proposer's offering has been approved as lowest and best proposal through:
- 8.1.1 Written notification made to proposers on **ITS** letterhead, or
  - 8.1.2 Notification posted to the **ITS** website for the project, or
  - 8.1.3 CP-1 authorization executed for the project, or
  - 8.1.4 The **ITS** Board's approval of same during an open session of the Board.
- 8.2 **ITS** statute specifies whether **ITS** Director approval or **ITS** Board approval is applicable for a given project, depending on the total lifecycle cost of the contract.
- 8.3 A contract is not deemed final until five (5) working days after either the award of contract or post procurement review, as stipulated in the **ITS** Protest Procedure and Policy. In the event of a valid protest, the State may, at its sole discretion, continue the procurement or stay the procurement in accordance with the **ITS** Protest Procedure and Policy. If the procurement is stayed, the contract is not deemed final until the protest is resolved.

9. **Contract Validity**

All contracts are valid only if signed by the Executive Director of **ITS**.

10. **Order of Contract Execution**

Vendors will be required to sign contracts and to initial all contract changes before the Executive Director of **ITS** signs.

11. **Availability of Funds**

All contracts are subject to availability of funds of the acquiring State entity and are contingent upon receipt by the winning Vendor of a purchase order from the acquiring State entity.

12. **CP-1 Requirement**

All purchase orders issued for goods and services acquired from the awarded Vendor under this RFP must be encoded by the Customer agency with a CP-1 approval number assigned by **ITS**. This requirement does not apply to acquisitions that by policy have been delegated to State entities.

13. **Requirement for Electronic Payment and Invoicing**

13.1 Payments to the awarded Vendor for all goods and services acquired under this RFP by state agencies that make payments through the Statewide Automated Accounting System (“SAAS”) will be made electronically, via deposit to the bank account of the Vendor’s choice. The awarded Vendor must enroll and be activated in PayMode™, the State’s current vehicle for sending and receiving electronic payments, prior to receiving any payments from state agencies. There is no charge for a Vendor to enroll or receive payments via PayMode. For additional information on PayMode, including registration instructions, Vendors should visit the following website: <http://portal.paymode.com/ms/>. Vendors may also request assistance from the Mississippi Management and Reporting System (MMRS) Call Center regarding PayMode registration by contacting [mash@dfa.state.ms.us](mailto:mash@dfa.state.ms.us).

13.2 For state agencies that make payments through SAAS, the awarded Vendor is required to submit electronically all invoices for goods and services acquired under this RFP, along with appropriate supporting documentation, as directed by the State. Should the requirement for electronic invoicing be implemented during the term of the project contract, the State will work with the Vendor to determine a reasonable timeframe for initiating electronic invoicing.

13.3 Items 13.1 and 13.2 only apply to state agencies that make payments through SAAS. Payments and invoices for all other entities will conform to their standard methods of payment to contractors.

14. **Time For Negotiations**

14.1 All contractual issues must be successfully negotiated within fifteen (15) working days from the Vendor’s initial receipt of the project contract from **ITS**, unless **ITS** consents to extend the period. Failure to complete negotiations within the stated time period constitutes grounds for rejection of the Vendor’s response to this RFP. **ITS** may withdraw the proposal award and begin negotiations with the next ranked Vendor immediately or pursue any other option.

- 14.2 Negotiations shall be limited to items to which the Vendor has noted as exceptions on their Proposal Exception Summary Form, as well as any new items that the State may require. All contract changes requested by the Vendor related to such exceptions noted in Vendor's proposal shall be submitted three (3) working days prior to scheduled negotiations, unless **ITS** consents to a different period.
15. **Prime Contractor**  
The selected Vendor will be designated the prime contractor in the proposal, and as such, shall be solely responsible for all products/services offered in the proposal and for the fulfillment of the contract with the State.
16. **Sole Point of Contact**  
**ITS** will consider the selected Vendor to be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the contract.
- 16.1 The Vendor must acknowledge and agree that in matters of proposals, clarifications, negotiations, contracts and resolution of issues and/or disputes, the Vendor represents all contractors, third parties and/or subcontractors the Vendor has assembled for this project. The Vendor's commitments are binding on all such parties and consequently the State is only required to negotiate with the Vendor.
- 16.2 Furthermore, the Vendor acknowledges and agrees to pass all rights and/or services related to all general consulting, services leasing, software licensing, warranties, hardware maintenance and/or software support to the State from any contractor, third party or subcontractor without the State having to negotiate separately or individually with any such parties for these terms or conditions.
- 16.3 Should a proposing Vendor wish to assign payment of any or all charges resulting from this contract to a third party, Vendor must disclose that fact in his/her proposal, along with the third party's name, address, nature of business, and relationship to the proposing Vendor, the reason for and purpose of the assignment, and all conditions of the assignment, including but not limited to a copy of an assignment document to be executed by the State, the Vendor, and the third party. Such assignments will be accepted or rejected at the sole discretion of the State. Vendor must clearly and definitively state in his/her proposal whether the proposal is contingent upon the requested assignment of payments. Whenever any assignment of payment is requested, the proposal, contract, and assignment document must include language specifically guaranteeing that the proposing Vendor is solely and fully liable and responsible for the performance of its obligations under the subject contract. No assignment of payment will be considered at the time of purchase unless such assignment was fully disclosed in the Vendor's proposal and subsequently accepted by the State.

17. **ITS Approval of Subcontractor Required**

Unless provided in the contract, the Vendor shall not contract with any other party for furnishing any of the contracted work or services without the consent, guidance, and written approval of the State. **ITS** reserves the right of refusal and the right to request replacement of a subcontractor due to unacceptable work or conduct. This provision should not be interpreted as requiring the approval of individual contracts of employment between the Vendor and personnel assigned for services under the contract.
18. **Inclusion of Subcontract Agreements**

Copies of any agreements to be executed between the Vendor and any subcontractors must be included in the Vendor's proposal.
19. **Negotiations with Subcontractor**

In order to protect the State's interest, **ITS** reserves the right to attempt to resolve the contractual disagreements that may arise between the Vendor and its subcontractor after award of the contract.
20. **References to Vendor to Include Subcontractor**

All references in the RFP to "Vendor" shall be construed to encompass both the Vendor and its subcontractors.
21. **Outstanding Vendor Obligations**
  - 21.1 Any Vendor who presently owes the State of Mississippi money pursuant to any contract for which **ITS** is the contracting agent and who has received written notification from **ITS** regarding the monies owed, must submit, with the proposal, a certified check in the amount due and owing in order for the proposal in response to this RFP to be considered. For a Vendor currently in bankruptcy as of the RFP submission date, this requirement is met, if and only if, **ITS** has an active petition before the appropriate bankruptcy court for recovery of the full dollar amount presently owed to the State of Mississippi by that Vendor. If the Vendor has emerged from bankruptcy by the RFP submission date, the Vendor must pay in full any amount due and owing to the State, as directed in the court-approved reorganization plan, prior to any proposal being considered.
  - 21.2 Any Vendor who is presently in default on existing contracts for which **ITS** is the contracting agent, or who otherwise is delinquent in the performance of any such contracted obligations, is in the sole judgment of the State required to make arrangement for fulfilling outstanding obligations to the satisfaction of the State in order for the proposal to be considered.
  - 21.3 The State, at its sole discretion, may reject the proposal of a Vendor with any significant outstanding financial or other obligations to the State or who is in bankruptcy at the time of proposal submission.

22. **Equipment Condition**

For all RFPs requiring equipment, the Vendor must furnish only new equipment in response to ITS specifications, unless an explicit requirement for used equipment is otherwise specified.

23. **Delivery Intervals**

The Vendor's proposal must specify, in the *Cost Information Submission* and in response to any specific instructions in the *Technical Specifications*, delivery and installation intervals after receipt of order.

24. **Pricing Guarantee**

The Vendor must explicitly state, in the *Cost Information Submission* and in response to any specific instructions in the *Technical Specifications*, how long the proposal will remain valid. Unless stated to the contrary in the *Technical Specifications*, pricing must be guaranteed for a minimum of ninety (90) days.

25. **Shipping Charges**

For all RFPs requiring shipment of any product or component, all products must be delivered FOB destination to any location within the geographic boundaries of the State with all transportation charges prepaid and included in the RFP proposal or LOC quotation. Destination is the point of use.

26. **Amortization Schedule**

For all RFPs requiring equipment, contracts involving the payment of interest must include an amortization schedule clearly documenting the amount of interest payable over the term of the contract.

27. **Americans with Disabilities Act Compliance for Web Development and Portal Related Services**

All Web and Portal development work must be designed and implemented in compliance with the Electronic and Information Technology Accessibility Standards associated with Section 508 of the Rehabilitation Act and with the Web Accessibility Initiative (WAI) of the W3C.

28. **Ownership of Developed Software**

28.1 When specifications require the Vendor to develop software for the State, the Vendor must acknowledge and agree that the State is the sole owner of such developed software with exclusive rights to use, alter, or distribute the software without restriction. This requirement applies to source code, object code, and documentation.

28.2 The State may be willing to grant the Vendor a nonexclusive license to use the State's software subject to devising acceptable terms and license fees. This requirement is a matter of State Law, and not negotiable.

29. **Ownership of Custom Tailored Software**

In installations where the Vendor's intellectual property is modified and custom-tailored to meet the needs of the State, the Vendor must offer the State an application license entitling the State to use, and/or alter the software without restriction. These requirements apply to source code, object code and documentation.

30. **Terms of Software License**

The Vendor acknowledges and agrees that the term of all software licenses provided to the State shall be perpetual unless stated otherwise in the Vendor's proposal.

31. **The State is Licensee of Record**

The Vendor must not bypass the software contracting phase of a project by licensing project software intended for State use in its company name. Upon award of a project, the Vendor must ensure that the State is properly licensed for all software that is proposed for use in a project.

32. **Compliance with Enterprise Security Policy**

Any solution proposed in response to this RFP must be in compliance with the State of Mississippi's Enterprise Security Policy. The Enterprise Security Policy is based on industry-standard best practices, policy, and guidelines and covers the following topics: web servers, email, virus prevention, firewalls, data encryption, remote access, passwords, servers, physical access, traffic restrictions, wireless, laptop and mobile devices, disposal of hardware/media, and application assessment/certification. Given that information security is an evolving technology practice, the State reserves the right to introduce new policy during the term of the contract resulting from this RFP and require the Vendor to comply with same in the event the industry introduces more secure, robust solutions or practices that facilitate a more secure posture for the State of Mississippi.

The Enterprise Security Policy is available to third parties on a need-to-know basis and requires the execution of a non-disclosure agreement prior to accessing the policy. The Vendor may request individual sections of the Enterprise Security Policy or request the entire document. Prior to the Vendor receiving the requested policy information, the Vendor must sign and submit the non-disclosure agreement found on the ITS website, <http://www.its.ms.gov>, as follows: click on the "ITS Services" button on the left of the screen; select "Information Security", scroll to the bottom of the page, and click on the link "Enterprise Security Policy" under "Policies and Plans". The form can be found at the "Enterprise Security Policy" link under the "Third Party" heading. The complete web address is shown below:

[http://www.its.ms.gov/security/docs/confidentiality\\_agreement\\_for\\_its\\_esp\\_for\\_web.pdf](http://www.its.ms.gov/security/docs/confidentiality_agreement_for_its_esp_for_web.pdf)  
Vendor must provide contact information (name, email address, phone number) that can be used to coordinate the secure delivery of the requested information.

33. **Negotiating with Next-Ranked Vendor**

Should the State cease doing business with any Vendor selected via this RFP process, for any reason, the State reserves the right to initiate negotiations with the next ranked Vendor.

34. **Disclosure of Proposal Information**

Vendors should be aware that any information in a proposal may be subject to disclosure or reproduction under the Mississippi Public Records Act of 1983, defined in Section 25-61-1 et seq. of the Mississippi Code Annotated. All disclosures of proposal information will be made in compliance with the **ITS** Public Records Procedures established in accordance with the Mississippi Public Records Act. The **ITS** Public Records Procedures are available in Section 019-010 of the **ITS** Procurement Handbook, on the **ITS** Internet site at: <http://dsitspe01.its.ms.gov/its/procman.nsf/TOC4?OpenView> or from **ITS** upon request.

As outlined in the Third Party Information section of the **ITS** Public Records Procedures, **ITS** will give written notice to any affected Vendor of a request to view or reproduce the Vendor's proposal or portion thereof. **ITS** will not, however, give such notice with respect to summary information prepared in connection with the State's review or evaluation of a Vendor's proposal, including, but not limited to, written presentations to the **ITS** Board or other approving bodies, and/or similar written documentation prepared for the project file. In addition, **ITS** will not provide third-party notice for requests for any contract executed as a result of this RFP, with the exception of information contained in contract exhibits identified and labeled as confidential during the contract negotiation process. **ITS** will provide third-party notice of requests for any such confidential exhibits to allow Vendor the opportunity to protect the information by court order as outlined in the **ITS** Public Records Procedures.

Summary information and contract terms, as defined above, become the property of **ITS**, who has the right to reproduce or distribute this information without notification.

Vendors should further be aware that requests for disclosure of proposal and contract information are sometimes received by **ITS** significantly after the proposal opening date. **ITS** will notify the signatory "Officer in Bind of Company" provided in Section I of this RFP for Notification of Public Records Requests in the event information is requested that your company might wish to consider protecting as a trade secret or as confidential commercial or financial information. If the "Officer in Bind of Company" should not be used for notification of public records requests, Vendor should provide the alternative contact information in response to this RFP item.

35. **Risk Factors to be Assessed**

The State will assess risk factors that may initially exist within a given procurement and that may develop over the course of a procurement process as facts become known. The State, at its sole discretion, may employ the following mechanisms in mitigating these risks: proposal bonding, performance bonding, progress payment plan with retainage, inclusion of liquidated damages, and withholding payment for all portions of the products/services acquired until final acceptance. The Vendor must agree to incorporate any or all of the above terms and conditions into the customer agreement.

36. **Proposal Bond**

The Vendor must include a proposal bond in the amount of \$7,500.00 with its RFP proposal. Vendor is specifically disallowed from taking exception to the proposal bond requirement. Proposals without proposal bonds will be rejected.

The security must be in the form of a bond, irrevocable letter of credit, certified check, or cashier's check (hereinafter, "security") payable to the **Mississippi Development Authority**, to be held by their contracting agent, the Mississippi Department of Information Technology Services, and must be placed in the front of the Vendor's proposal. The submission of an acceptable security is a condition precedent to a valid proposal, and the amount of the security is not negotiable or contestable. Any proposal received without the security will be rejected and returned to the Vendor without further consideration.

The security binds the Vendor to the commitments made in writing in the Vendor's proposal. The security will be forfeited in the event the awarded Vendor, at any time during the contract negotiation process, refuses to honor commitments made in its proposal, reneges on pricing, takes exception to any term or condition that was not addressed in the Vendor's written proposal, or fails to execute a contract as anticipated in the RFP and the Vendor's proposal, including documented exceptions, within fifteen (15) working days after the Vendor's initial receipt of the project contract from **ITS**, unless an extension is agreed to by **ITS**.

As stated in the RFP, the Vendor may take exception to any point without incurring any liability to provide items to which an exception has been taken. Likewise, the State has no obligation to accept any proposed exception. Should the State decide, at its sole discretion and at any point in the process, that an exception is NOT acceptable, **ITS** will reject the Vendor's proposal and return the Vendor's security.

The Vendor's security will be returned promptly after **ITS** and the successful Vendor have executed a contract or within ninety (90) days after opening the proposals if no letter of intent to award a contract has been sent. In the event that the successful Vendor fails to accept and sign the mutually negotiated contract, that Vendor shall be disqualified and **ITS** shall initiate negotiations with the next ranked Vendor until a contract is successfully negotiated, or **ITS** elects to cancel the procurement. The securities of all remaining Vendors will be returned when a contract has been successfully negotiated and executed, or when the procurement is canceled.

37. **Performance Bond/Irrevocable Bank Letter of Credit**

The Vendor is not required to include the price of a performance bond or irrevocable bank letter of credit with its RFP proposal.

38. **Responsibility for Behavior of Vendor Employees/Subcontractors**

The Vendor will be responsible for the behavior of all its employees and subcontractors while on the premises of any State agency or institution. Any Vendor employee or subcontractor acting in a manner determined by the administration of any State agency or institution to be detrimental, abusive, or offensive to any of the staff or student body of

any State agency or institution will be asked to leave the premises and can be suspended from further work on the premises.

39. **Protests**

The Executive Director of **ITS** and/or the Board Members of **ITS** or their designees shall have the authority to resolve Vendor protests in connection with the selection for award of a contract. Copies of the protest procedures are available on the **ITS** Internet site - **ITS** Protest Procedure and Policy, Section 019-020, **ITS** Procurement Handbook at: <http://dsitspe01.its.ms.gov/its/procman.nsf/TOC4?OpenView> or from **ITS** upon request.

40. **Protest Bond**

Potential Vendors may protest any of the specifications of this RFP on the belief that the specification is unlawful, unduly restrictive, or unjustifiably restraining to competition. Any such protest must be in writing and submitted to the **ITS** Executive Director along with the appropriate protest bond within five (5) working days of the Official Release of the RFP, as defined in the **ITS** Protest Procedure and Policy. The outside of the envelope must be marked "Protest" and must specify RFP number 3688.

As a condition precedent to filing any protest related to this procurement, the Vendor must procure, submit to the **ITS** Executive Director with its written protest, and maintain in effect at all times during the course of the protest or appeal thereof, a protest bond in the full amount of the total estimated project lifecycle cost or \$250,000.00, whichever is less. The total estimated project lifecycle cost will be the amount used by **ITS** in the computation of cost points, as the low cost in the denominator of the cost evaluation formula. The bond shall be accompanied by a duly authenticated or certified document evidencing that the person executing the bond is a licensed Mississippi agent for the bonding company. This certified document shall identify the name and address of the person or entity holding the protest bond and shall identify a contact person to be notified in the event that the State is required to take action against the bond. The protest bond shall not be released to the protesting Vendor until the protest is finally resolved and the time for appealing said protest has expired. The protest bond shall be procured at the protesting Vendor's expense and be payable to the Mississippi Department of Information Technology Services. Prior to approval of the protest bond, **ITS** reserves the right to review the protest bond and require the protesting Vendor to substitute an acceptable bond in such form as the State may reasonably require. The premiums on such bond shall be paid by the protesting Vendor. The State may claim against the protest bond as specified in Section 25-53-5 (n) of the Mississippi Code of 1972, as amended during the 1998 Mississippi legislative session, in addition to all other rights and remedies the State may have at law or in equity.

Should the written protest submitted by the Vendor fail to comply with the content requirements of **ITS'** protest procedure and policy, fail to be submitted within the prescribed time limits, or fail to have the appropriate protest bond accompany it, the protest will be summarily dismissed by the **ITS** Executive Director.

41. **Mississippi Employment Protection Act**

Effective July 1, 2008, Vendor acknowledges that if awarded, it will ensure its compliance with the Mississippi Employment Protection Act, Section 71-11-1, et seq. of the Mississippi Code Annotated (Supp2008), and will register and participate in the status verification system for all newly hired employees. The term “employee” as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, “status verification system” means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. Vendor will agree to maintain records of such compliance and, upon request of the State, to provide a copy of each such verification to the State.

Vendor acknowledges and certifies that any person assigned to perform services hereunder meets the employment eligibility requirements of all immigration laws of the State of Mississippi.

Vendor acknowledges that violating the E-Verify Program (or successor thereto) requirements subjects Vendor to the following: (a) cancellation of any state or public contract and ineligibility for any state or public contract for up to three (3) years, with notice of such cancellation being made public, or (b) the loss of any license, permit, certification or other document granted to Vendor by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year, or (c) both. Vendor would also be liable for any additional costs incurred by the State due to contract cancellation or loss of license or permit.

## SECTION V PROPOSAL EXCEPTIONS

Please return the *Proposal Exception Summary Form* at the end of this section with all exceptions to items in any Section of this RFP listed and clearly explained or state “No Exceptions Taken.” If no *Proposal Exception Summary Form* is included, the Vendor is indicating that he takes no exceptions to any item in this RFP document.

1. Unless specifically disallowed on any specification herein, the Vendor may take exception to any point within this RFP, including a specification denoted with “shall” or “must,” as long as the following are true:
  - 1.1 The specification is not a matter of State law;
  - 1.2 The proposal still meets the intent of the RFP;
  - 1.3 A *Proposal Exception Summary Form* is included with Vendor’s proposal; and
  - 1.4 The exception is clearly explained, along with any alternative or substitution the Vendor proposes to address the intent of the specification, on the *Proposal Exception Summary Form*.
  
2. The Vendor has no liability to provide items to which an exception has been taken. **ITS** has no obligation to accept any exception. During the proposal evaluation and/or contract negotiation process, the Vendor and **ITS** will discuss each exception and take one of the following actions:
  - 2.1 The Vendor will withdraw the exception and meet the specification in the manner prescribed;
  - 2.2 **ITS** will determine that the exception neither poses significant risk to the project nor undermines the intent of the RFP and will accept the exception;
  - 2.3 **ITS** and the Vendor will agree on compromise language dealing with the exception and will insert same into the contract; or
  - 2.4 None of the above actions is possible, and **ITS** either disqualifies the Vendor’s proposal or withdraws the award and proceeds to the next ranked Vendor.
  
3. Should **ITS** and the Vendor reach a successful agreement, **ITS** will sign adjacent to each exception which is being accepted or submit a formal written response to the *Proposal Exception Summary* responding to each of the Vendor’s exceptions. The *Proposal Exception Summary*, with those exceptions approved by **ITS**, will become a part of any contract on acquisitions made under this RFP.

4. An exception will be accepted or rejected at the sole discretion of the State.
5. The State desires to award this RFP to a Vendor or Vendors with whom there is a high probability of establishing a mutually agreeable contract, substantially within the standard terms and conditions of the State's RFP, including the *Standard Contract* in Exhibit A, if included herein. As such, Vendors whose proposals, in the sole opinion of the State, reflect a substantial number of material exceptions to this RFP, may place themselves at a comparative disadvantage in the evaluation process or risk disqualification of their proposals.
6. For Vendors who have successfully negotiated a contract with **ITS** in the past, **ITS** requests that, prior to taking any exceptions to this RFP, the individual(s) preparing this proposal first confer with other individuals who have previously submitted proposals to **ITS** or participated in contract negotiations with **ITS** on behalf of their company, to ensure the Vendor is consistent in the items to which it takes exception.

## SECTION VII TECHNICAL SPECIFICATIONS

### 1. **How to Respond to this Section**

- 1.1 Beginning with Item 2.1 of this section, label and respond to each outline point in this section as it is labeled in the RFP.
- 1.2 The Vendor must respond with “ACKNOWLEDGED,” “WILL COMPLY” or “AGREED” to each point in this section. In addition, many items in this RFP require detailed and specific responses to provide the requested information. Failure to provide the information requested will result in the Vendor receiving a lower score for that item, or, at the State’s sole discretion, being subject to disqualification.
- 1.3 “ACKNOWLEDGED” should be used when no vendor response or vendor compliance is required. “ACKNOWLEDGED” simply means the vendor is confirming to the State that he read the statement. This is commonly used in the RFP sections where the agency’s current operating environment is described or where general information is being given about the project.
- 1.4 “WILL COMPLY” or “AGREED” are used interchangeably to indicate that the vendor will adhere to the requirement. These terms are used to respond to statements that specify that a vendor or vendor’s proposed solution must comply with a specific item or must perform a certain task.
- 1.5 If the Vendor cannot respond with “ACKNOWLEDGED,” “WILL COMPLY,” or “AGREED,” then the Vendor must respond with “EXCEPTION.” (See Section V, for additional instructions regarding Vendor exceptions.)
- 1.6 Where an outline point asks a question or requests information, the Vendor must respond with the specific answer or information requested.
- 1.7 In addition to the above, Vendor must provide explicit details as to the manner and degree to which the proposal meets or exceeds each specification.

### 2. **Mandatory Provisions for this RFP**

- 2.1 Certain items in the technical specifications of this RFP are MANDATORY. Vendors are specifically disallowed from taking exception to these mandatory requirements, and proposals that do not meet all mandatory requirements are subject to immediate disqualification, at the sole discretion of the State.
- 2.2 Mandatory requirements are those requirements noted as “MANDATORY” in Section VII.

**3. General Overview and Background**

The Mississippi Development Authority (MDA) is seeking the services of a qualified vendor to provide a commercial off the shelf (COTS) document imaging and document retrieval system. Workflow management is not part of the current scope of work for this project; however, Vendors may propose workflow modules for consideration in a future phase.

MDA processes many document types including, but not limited to, purchasing documents, applications, contracts, photos, human resource documents, and various legal documents. MDA’s Operations Division is responsible for managing scanning activities for the agency. Currently, the Operations Division scans all documents associated with a project/folder on the back end using the physical documents contained in the folder.

MDA is organized into 12 divisions with each division having various needs for scanning and indexing based on their document types. MDA does not plan to implement the solution for all divisions at the same time, instead, MDA desires the Vendor to implement certain divisions while training the Operations Administrator to implement the solution in the remaining divisions. Therefore, the proposed solution must be user friendly and allow the Agency to manage the solution independently.

**16. Scoring Methodology**

16.1 An Evaluation Team composed of MDA and **ITS** staff will review and evaluate all proposals. All information provided by the Vendors, as well as any other information available to evaluation team, will be used to evaluate the proposals.

16.1.1 Each category included in the scoring mechanism is assigned a weight between one and 100.

16.1.2 The sum of all categories, other than Value-Add, equals 100 possible points.

16.1.3 Value-Add is defined as product(s) or service(s), exclusive of the stated functional and technical requirements and provided to the State at no additional charge, which, in the sole judgment of the State, provide both benefit and value to the State significant enough to distinguish the proposal and merit the award of additional points. A Value-Add rating between 0 and 5 may be assigned based on the assessment of the evaluation team. These points will be added to the total score.

16.1.4 For the evaluation of this RFP, the Evaluation Team will use the following categories and possible points:

Category	Possible Points
Non-Cost Categories:	
Technical/Implementation/Security Requirements	35
Vendor Qualifications	10
Project Management/Training	10
Warranty and Maintenance Support	10
Total Non-Cost Points	65
Cost	35
Total Base Points	100
Value Add	5
<b>Maximum Possible Points</b>	<b>105</b>

16.2 The evaluation will be conducted in four stages as follows:

16.2.1 Stage 1 – Selection of Responsive/Valid Proposals – Each proposal will be reviewed to determine if it is sufficiently responsive to the RFP requirements to permit a complete evaluation. A responsive proposal must comply with the instructions stated in this RFP with regard to content, organization/format, Vendor experience, number of copies, bond requirement, timely delivery, and must be responsive to all mandatory requirements. No evaluation points will be awarded in this stage. Failure to submit a complete proposal may result in rejection of the proposal.

16.2.2 Stage 2 – Non-cost Evaluation (all requirements excluding cost)

16.2.2.1 Non-cost categories and possible point values are as follows:

<b>Non-Cost Categories</b>	<b>Possible Points</b>
Technical/Implementation/Security Requirements	35
Vendor Qualifications	10
Project Management/Training	10
Warranty and Maintenance Support	10
<b>Maximum Possible Points</b>	<b>65</b>

16.2.2.2 Proposals meeting fewer than 80% of the requirements in the non-cost categories may be eliminated from further consideration.

16.2.2.3 ITS scores the non-cost categories on a 10-point scale, with 9 points for meeting the requirement. The ‘Meets Specs’ score for each category is 90% of the total points allocated for that category. For example, the ‘Vendor Qualifications’ category was allocated 10 points; a proposal that fully met all requirements in that section would have scored 9 points. The additional 10% is used for a proposal that exceeds the requirement for an item in a way that provides additional benefits to the state.

16.3 Stage 3 – Cost Evaluation

16.3.1 Points will be assigned using the following formula:

$$(1 - ((B - A) / A)) * n$$

Where:

A = Total lifecycle cost of lowest valid proposal

B = Total lifecycle cost of proposal being scored

n = Maximum number of points allocated to cost for acquisition

16.3.2 Cost categories and maximum point values are as follows:

<b>Cost Category</b>	<b>Possible Points</b>
Lifecycle Cost	45
<b>Maximum Possible Points</b>	<b>45</b>

16.4 Stage 4 – Selection of the successful Vendor

16.4.1 On-site Demonstrations and Interviews

16.4.1.1 At the discretion of the State, evaluators may request interviews, on-site presentations, demonstrations or discussions with any and all Vendors for the purpose of system overview and/or clarification or amplification of information presented in any part of the proposal.

16.4.1.2 If requested, Vendors must be prepared to make on-site demonstrations of system functionality and/or proposal clarifications to the evaluation team and its affiliates within seven calendar days of notification. Each presentation must be made by the project manager being proposed by the Vendor to oversee implementation of this project.

16.4.1.3 Proposed key team members must be present at the on-site demonstration. The evaluation team reserves the right to interview the proposed key team members during this onsite visit.

16.4.1.4 Although on-site demonstrations may be requested, the demonstration will not be allowed in lieu of a written proposal.

16.4.2 Site Visits

16.4.2.1 At the State’s option, Vendors that remain within a competitive range must be prepared to provide a reference site within seven calendar days of

notification. If possible, the reference site should be in the Southeastern region of the United States. Vendor must list potential reference sites in the proposal.

- 16.5 Final Quantitative Evaluation - Following any requested presentations, demonstrations, and/or site visits, the Evaluation Team will re-evaluate any technical/functional scores as necessary. The technical/functional and cost scores will then be combined to determine the Vendor's final score.

### SECTION VIII COST INFORMATION SUBMISSION

The level of detail must address the following elements as applicable: item, description, quantity, retail, discount, extension, and deliverable. Any cost not listed in this section may result in the Vendor providing those products or services at no charge to the State or face disqualification.

#### **ARTICLE 3 PROCUREMENT OF SOFTWARE AND PURCHASE ORDERS**

Subject to the terms and conditions set forth herein, Seller agrees to provide, at the location specified by Purchaser, and Purchaser agrees to buy as needed the software and services listed in the attached Exhibit A, which is incorporated herein and at the purchase price set forth therein. Purchaser shall submit a purchase order signed by a representative of Purchaser itemizing the items to be purchased. The purchase order shall be subject to the terms and conditions of this Agreement. The parties agree that Purchaser reserves the right to adjust the quantities of

purchases based upon the availability of funding or as determined necessary by Purchaser. Seller guarantees pricing for a period of ninety (90) days from the effective date of this Agreement. In the event there is a national price decrease of the products specified in Seller's Proposal during this time, Seller agrees to extend the new, lower pricing to Purchaser.

#### **ARTICLE 4 DELIVERY, INSTALLATION, AND RISK OF LOSS**

**4.1** Seller shall deliver the software to the location specified by Purchaser, pursuant to the delivery schedule set forth by Purchaser.

**4.2** Seller shall complete installation of the software pursuant to the requirements set forth in RFP No. 3688 and Article 5 herein. Seller acknowledges that installation of the system shall be accomplished with minimal interruption of Purchaser's normal day-to-day operations.

**4.3** Seller shall assume and shall bear the entire risk of loss and damage to the software from any cause whatsoever while in transit and at all times throughout its possession thereof.

**4.4** Seller shall be responsible for replacing, restoring, or bringing to at least original condition any damage to floors, ceilings, walls, furniture, grounds, pavements, sidewalks, and the like caused by its personnel and operations during the installation, subject to final approval of ITS. The repairs will be done only by technicians skilled in the various trades involved, using materials and workmanship to match those of the original construction in type and quality.

#### **ARTICLE 5 SCHEDULE AND ACCEPTANCE**

**5.1** Seller warrants that all software shall be properly delivered, installed, and integrated for acceptance testing within the scheduling deadlines set forth by Purchaser, as the site is deemed ready for installation. Seller shall provide Purchaser with an installation schedule identifying the date, time, and location within the scheduling deadlines set forth in RFP No. 3688, or as may be agreed to by the parties.

**5.2** During the project initiation, Seller and Purchaser will develop a mutually agreed upon project plan including the division of responsibility between Purchaser's staff and Seller's staff. It is understood by the parties that the project work plan must be in place prior to any other work being performed. Once this mutually agreed upon project plan, which will identify specific time frames and deliverable target dates for this project, has been developed, it will be incorporated into and made a part of this Agreement. The dates in the project plan will define the agreed upon period of performance. The parties acknowledge that the project plan will evolve and change from time to time upon the mutual written agreement of both parties. The parties agree that the deliverables and schedule set forth in the latest version of the project plan will take precedence over any prior plans.

**5.3** Seller shall provide all documentation for the software being tested before acceptance testing will begin. Purchaser shall have five (5) working days to review each deliverable and to either notify Seller of acceptance or to provide Seller a detailed list of deficiencies that must be remedied prior to payment being made. In the event the Purchaser notifies the Seller of deficiencies, the Seller, at Seller's sole expense, shall correct such deficiencies within five (5) working days, unless the Purchaser consents in writing to a longer period of time.

**5.4** Upon notification by Seller that the turnkey system has been fully implemented and is ready for final system acceptance testing, Purchaser shall have thirty (30) calendar days to evaluate and test the system to confirm that it performs without any defects and performs pursuant to the specifications set forth in RFP No. 3688 and the Seller's Proposal in response thereto. Seller shall participate, as agreed upon by both parties, in the acceptance testing of the system by providing technical staff at Purchaser's location to provide assistance in demonstrating all functions of the system. The Purchaser's official representative must sign off on each application to ensure that the applications meet the functional and technical requirements. In the event that one (1) or more applications supplied by Seller are not accepted, the Seller shall correct the deficiencies or provide at its own expense whatever software that may be required to meet the acceptance criteria within five (5) working days or a mutually agreed upon time period. In the event the system fails to perform to Purchaser's satisfaction, Purchaser shall immediately notify Seller. Seller, at Seller's sole expense, shall correct defects identified by Purchaser within five (5) working days, or such other period as the parties may agree upon. The thirty (30) calendar day testing period will be extended by system down-time. In the event Seller is unable to repair or replace the defective software, the Purchaser reserves the right to return defective software to Seller at Seller's expense and to cancel this Agreement.

## **ARTICLE 6 SOFTWARE LICENSE AND TERMS**

**6.1** Seller shall furnish the software to Purchaser as set forth in purchase orders submitted and executed by Purchaser and shall acquire the right to license the software to Purchaser. For purposes of this Article, the term "Purchaser" means the Mississippi Development Authority, its employees, and any third party consultants or outsourcers engaged by Purchaser who have a need to know and who shall be bound by the terms and conditions of this license and Agreement.

**6.2** Seller accepts sole responsibility for: (a) Purchaser's system configuration, design, and requirements; (b) the selection of the software to achieve Purchaser's intended results; (c) the results obtained from the software; and (d) modifications, changes, or alterations to the software provided by Seller.

**6.3** Seller understands and agrees that Purchaser shall have: (a) a non-exclusive, non-transferable, enterprise-wide unlimited, and perpetual license for the software listed in Exhibit A; (b) the right to use and customize the software products and the related documentation for

Purchaser's business operations in accordance with the terms and conditions of this Agreement; (c) unlimited use by licensed users of the software products acquired for Purchaser's operations; (d) use of such software products with a backup platform system, should it be deemed necessary by Purchaser; (e) the right to copy such software for safekeeping, backup, and disaster recovery purposes; (f) the right to combine the software with other programs and modules and the right to create interfaces to other programs; and (g) the right to reproduce any and all physical documentation supplied under the terms of this Agreement.

**6.4** Purchaser agrees that, except as noted herein, it will not otherwise copy, translate, modify, adapt, decompile, disassemble, or reverse engineer any of the software without the prior written consent of Seller. All title and proprietary rights, whether tangible or intangible, including but not limited to copyright, trademark, and trade secret rights, in and to the software are retained by the Seller or the third party software manufacturer as applicable. Purchaser agrees to reproduce and include the copyright, trademark, and other proprietary rights notices on any copies made of the software and documentation.

#### **ARTICLE 7 CONVERSION AND TRAINING**

Seller shall, for the fees specified in the attached Exhibit A, provide the conversion activities as well as the training specified in RFP No. 3688 and Seller's Proposal, as accepted by Purchaser, in response thereto. Seller and Purchaser shall mutually agree on the time for the training and an outline of the training to be provided. Seller specifically understands and agrees that Purchaser will not accept the system until Seller completes the conversion and training requirements. Seller agrees to provide, upon delivery, all user documentation and technical manuals needed to fully acquaint the user with operation of the software.

#### **ARTICLE 8 CONSIDERATION AND METHOD OF PAYMENT**

**8.1** Except as provided in the Change Order Rate and Procedure Article of this Agreement, the total compensation to be paid to the Seller by the Purchaser shall not exceed the fixed price of **\$INSERT TOTAL COMPENSATION** for all software, products, services, travel, performances and expenses under this Agreement, payable as described in Exhibit A, unless prior written authorization from ITS has been obtained. Authorization of payments is subject to the written approval of the Purchaser.

**8.2** The Seller and the Purchaser agree to the Deliverable Schedule as set forth in the Payment Schedule and Deliverables List included as Exhibit A to this Agreement. The Seller will receive payment in the amount indicated in Article 8.1 herein, less retainage to be withheld in accordance with the Retainage Article herein, upon written acceptance by the Purchaser of each of the deliverables defined therein. The parties agree that as the project work plan is revised by written agreement of the parties during the term of this Agreement, the anticipated dates for

acceptance of deliverables and for the corresponding payments to the Seller, but not the amounts of those payments, may likewise be revised only by written agreement of the parties.

**8.3** Upon written acceptance, as set forth in Article 5 herein, by the Purchaser of a deliverable which has an associated payment, the Seller will invoice the Purchaser for the invoice amount of that payment as indicated in the attached Exhibit A, less retainage to be withheld in accordance with the Retainage Article herein. Seller shall certify that the billing is true and correct. Seller shall submit invoices and supporting documentation to Purchaser electronically during the term of this Agreement using the processes and procedures identified by the State. Purchaser agrees to pay Seller in accordance with Mississippi law on “Timely Payments for Purchases by Public Bodies,” Sections 31-7-301, et seq. of the 1972 Mississippi Code Annotated, as amended, which generally provides for payment of undisputed amounts by the State within forty-five (45) days of receipt of the invoice. Seller understands and agrees that Purchaser is exempt from the payment of taxes. All payments should be made in United States currency. Payments by state agencies using the Statewide Automated Accounting System (“SAAS”) shall be made and remittance information provided electronically as directed by the State. These payments by SAAS agencies shall be deposited into the bank account of the Seller’s choice. No payment, including final payment, shall be construed as acceptance of defective products or incomplete work, and the Seller shall remain responsible and liable for full performance in strict compliance with the contract documents specified in the article herein titled “Entire Agreement.”

**8.4** Acceptance by the Seller of the last payment from the Purchaser shall operate as a release of all claims against the State by the Seller and any subcontractors or other persons supplying labor or materials used in the performance of the work under this Agreement.

## **ARTICLE 9 WARRANTIES**

**9.1** Seller represents and warrants that all software and services provided by Seller shall meet or exceed the minimum specifications set forth in RFP No. 3688 and Seller’s Proposal in response thereto.

**9.2** Seller represents and warrants that Seller has the right to license the software provided under this Agreement.

**9.3** Seller represents and warrants that all software furnished will be free from material defects for a period of twelve (12) months after final acceptance of the complete system and will provide Purchaser complete functionality necessary for the operation of the system as stated in RFP No. 3688 and the Seller’s Proposal in response thereto. This warranty shall cover all components of the system, including but not limited to all programs, screens, reports, subroutines, utilities, file structures, documentation, interfaces, or other items provided by the Seller. This warranty will

apply to the base package plus any customized programs, screens, reports, subroutines, interfaces, utilities, file structures, documentation, or other items proposed and delivered by the Seller specifically for this project. The Seller shall give immediate high priority attention to any mission critical corrections that are needed. If the software does not function accordingly, Seller shall, within five (5) working days and at no cost to Purchaser, correct the defects identified, or replace the software with software that is compliant with this warranty. In the event Seller cannot repair or replace the software, Seller shall at the State's election, either refund the fees paid for the software and for any services that directly relate to the defective software, or secure alternate software, acceptable to the Purchaser which will insure functionality of the system.

**9.4** Seller represents and warrants that the turnkey system is fit for the particular purpose set forth in this Agreement and RFP No. 3688, with regard to Purchaser's foreseeable or projected needs.

**9.5** Seller represents and warrants that it has and will obtain and pass through to Purchaser any and all warranties obtained or available from the licensor of software supplied to Seller.

**9.6** Seller represents and warrants that all work performed hereunder, including but not limited to consulting, conversion, training, technical support, and maintenance, shall be performed by competent personnel, shall be of professional quality consistent with generally accepted industry standards for the performance of such services, and shall comply in all respects with the requirements of this Agreement. For any breach of this warranty, the Seller shall, for a period of ninety (90) days from the performance of service, perform the services again at no cost to the Purchaser, or if the Seller is unable to perform the services as warranted, the Seller shall reimburse the Purchaser the fees paid to the Seller for the unsatisfactory services.

**9.7** Seller represents and warrants that there is no disabling code or a lockup program or device embedded in the software provided to Purchaser. Seller further agrees that it will not under any circumstances, including enforcement of a valid contract right, (a) install or trigger a lockup program or device, or (b) take any step which would in any manner interfere with Purchaser's use of the software and/or which would restrict Purchaser from accessing its data files or in any way interfere with the transaction of Purchaser's business. For any breach of this warranty, Seller, at its expense, shall, within five (5) working days after receipt of notification of the breach, deliver Products to Purchaser that are free of such disabling code or a lockup program or device.

**9.8** Seller represents and warrants that the software, as delivered to Purchaser, does not contain a computer virus. For any breach of this warranty, Seller, at its expense, shall, within five (5) working days after receipt of notification of the breach, deliver Products to Purchaser that are

free of any virus and shall be responsible for repairing, at Seller's expense, any and all damage done by the virus to Purchaser's site.

**9.9** Seller represents and warrants that upon completion of the project the Seller and all subcontractors shall convey to Purchaser copies of all interim reports, data collection forms, and any working papers that support the final acceptance of the system.

**9.10** Seller represents and warrants that it presently has and will continue to maintain, at its own expense, throughout the term of this Agreement, valid licenses for all software, trademarks, service marks, patents and copyrighted material and any other proprietary information of a third party that it will deploy in support of all products Seller uses in the performance of this Agreement. Seller further represents and warrants that upon Purchaser's request, Seller shall pass through such licenses to Purchaser at no cost to Purchaser. In the event the licenses are passed through to Purchaser, such licenses shall name the Purchaser as the license holder of record and such licenses shall be established in such a manner so as to survive the termination/expiration of this Agreement. For any breach of the preceding warranty, Seller at its own expense shall within five (5) business days after receipt of notification of the breach, secure and/or pass through, as applicable, the necessary licenses. Failure of the Seller to secure and/or pass through such licenses to Purchaser shall be considered a material breach of this Agreement and the Purchaser may, at its sole discretion, pursue its rights as set forth in the Termination Article herein and any other rights and remedies it may have at law or in equity.

**9.11** If applicable under the given circumstances, Seller represents and warrants that it will ensure its compliance with the Mississippi Employment Protection Act, Section 71-11-1, et seq. of the Mississippi Code Annotated (Supp2008), and will register and participate in the status verification system for all newly hired employees. The term "employee" as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, "status verification system" means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. Seller agrees to maintain records of such compliance and, upon request of the State and approval of the Social Security Administration or Department of Homeland Security where required, to provide a copy of each such verification to the State. Seller further represents and warrants that any person assigned to perform services hereunder meets the employment eligibility requirements of all immigration laws of the State of Mississippi. Seller understands and agrees that any breach of these warranties may subject Seller to the following: (a) termination of this Agreement and ineligibility for any state or public contract in Mississippi for up to three (3) years, with notice of such cancellation/termination being made public, or (b) the loss of any license, permit, certification or other document granted to Seller by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1)

year, or (c) both. In the event of such termination/cancellation, Seller would also be liable for any additional costs incurred by the State due to contract cancellation or loss of license or permit.

**9.12** Seller represents and warrants that the system provided pursuant to this Agreement will pass both internal security audits and independent security audits. For any breach of the preceding warranty at any time during which the system is covered by warranty, maintenance and/or support, Seller shall, at its own expense and at no cost to Purchaser, remediate any defect, anomaly or security vulnerability in the system by repairing and/or replacing any and all components of the system necessary in order for the system to be secure.

**9.13** Seller represents and warrants that no official or employee of Purchaser or of ITS, and no other public official of the State of Mississippi who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of the project shall, prior to the completion of said project, voluntarily acquire any personal interest, direct or indirect, in this Agreement. The Seller warrants that it has removed any material conflict of interest prior to the signing of this Agreement, and that it shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of its responsibilities under this Agreement. The Seller also warrants that in the performance of this Agreement no person having any such known interests shall be employed.

**9.14** The Seller represents and warrants that no elected or appointed officer or other employee of the State of Mississippi, nor any member of or delegate to Congress has or shall benefit financially or materially from this Agreement. No individual employed by the State of Mississippi shall be admitted to any share or part of the Agreement or to any benefit that may arise therefrom. The State of Mississippi may, by written notice to the Seller, terminate the right of the Seller to proceed under this Agreement if it is found, after notice and hearing by the ITS Executive Director or his/her designee, that gratuities in the form of entertainment, gifts, jobs, or otherwise were offered or given by the Seller to any officer or employee of the State of Mississippi with a view toward securing this Agreement or securing favorable treatment with respect to the award, or amending or making of any determinations with respect to the performing of such contract, provided that the existence of the facts upon which the ITS Executive Director makes such findings shall be in issue and may be reviewed in any competent court. In the event this Agreement is terminated under this article, the State of Mississippi shall be entitled to pursue the same remedies against the Seller as it would pursue in the event of a breach of contract by the Seller, including punitive damages, in addition to any other damages to which it may be entitled at law or in equity.

#### **ARTICLE 10 INFRINGEMENT INDEMNIFICATION**

Seller represents and warrants that neither the software, its elements, nor the use thereof violates or infringes on any copyright, patent, trademark, servicemark, trade secret, or other proprietary

right of any person or entity. Seller, at its own expense, shall defend or settle any and all infringement actions filed against Seller or Purchaser which involves the software provided under this Agreement and shall pay all settlements, as well as all costs, attorney fees, damages, and judgment finally awarded against Purchaser. If the continued use of the products for the purpose intended is threatened to be enjoined or is enjoined by any court of competent jurisdiction, Seller shall, at its expense: (a) first procure for Purchaser the right to continue using such products, or upon failing to procure such right; (b) modify or replace them with non-infringing products while maintaining substantially similar software functionality or data/informational content, or upon failing to secure either such right; (c) refund to Purchaser the software license fees previously paid by Purchaser for the products Purchaser may no longer use. Said refund shall be paid within ten (10) working days of notice to Purchaser to discontinue said use.

#### **ARTICLE 11 SOFTWARE SUPPORT**

**11.1** Prior to expiration of the warranty period, Seller shall notify Purchaser in writing of the impending warranty expiration, and Purchaser shall in turn notify Seller of its decision to either obtain software support or to forgo it. Upon notification of intent to obtain software support, Seller shall provide Purchaser, for the annual fee specified in the attached Exhibit A, the software support services as herein described.

**11.2** Seller shall provide, for the periods set forth in Exhibit A, software support services as specified in RFP No. 3688 and Seller's Proposal, as accepted by Purchaser, in response thereto, with said support to include, but not be limited to, the following: (a) upon notification of software errors, Seller shall provide all remedial support and assistance needed to correct the errors which affect the operation of the software; (b) the provision of regular updates, new releases, and enhancements as they are released, but no less than one (1) annually; (c) unlimited toll-free technical telephone support in the operation of the software system Monday through Friday, 8 A.M. to 5 P.M. Central Time, with a guaranteed one (1) hour telephone response time; priority placement in the support queue shall be given to all system locking situations or problems claimed by Purchaser to be a mission critical process; and (d) on-site support in the operation of the software products if reasonably convenient or necessary in the opinion of the Seller. It is further understood that in the event the software product lines are discontinued, Seller shall be responsible for supporting the last software release implemented by the Purchaser for a minimum of five (5) years thereafter, with the same level of support as described in this Article. Should Seller migrate away from the database currently required for the software installed for Purchaser to a different database, Seller shall provide updated product and new database licensing to Purchaser at no cost to Purchaser.

**11.3** Sixty (60) days prior to expiration of the initial software support period or any renewal term thereof, Seller shall notify Purchaser in writing of the impending expiration, and Purchaser

shall have thirty (30) days in which to notify Seller of its decision to either renew or cancel any further software support. In no event shall the cost for software support increase by more than five percent (5%) per year.

## **ARTICLE 12 EMPLOYMENT STATUS**

**12.1** Seller shall, during the entire term of this Agreement, be construed to be an independent contractor. Nothing in this Agreement is intended to nor shall it be construed to create an employer-employee relationship or a joint venture relationship.

**12.2** Seller represents that it is qualified to perform the duties to be performed under this Agreement and that it has or will secure, if needed, at its own expense, applicable personnel who shall be qualified to perform the duties required under this Agreement. Such personnel shall not be deemed in any way, directly or indirectly, expressly or by implication, to be employees of Purchaser. Seller shall pay, when due, all salaries and wages of its employees, and it accepts exclusive responsibility for the payment of federal income tax, state income tax, social security, unemployment compensation, and any other withholdings that may be required. Neither Seller nor employees of Seller are entitled to state retirement or leave benefits.

**12.3** Any person assigned by Seller to perform the services hereunder shall be the employee of Seller, who shall have the sole right to hire and discharge its employee. Purchaser may, however, direct Seller to replace any of its employees under this Agreement. If Seller is notified within the first eight (8) hours of assignment that the person is unsatisfactory, Seller will not charge Purchaser for those hours.

**12.4** It is further understood that the consideration expressed herein constitutes full and complete compensation for all services and performances hereunder and that any sum due and payable to Seller shall be paid as a gross sum with no withholdings or deductions being made by Purchaser for any purpose from said contract sum.

## **ARTICLE 13 BEHAVIOR OF EMPLOYEES/SUBCONTRACTORS**

Seller will be responsible for the behavior of all its employees and subcontractors while on the premises of any Purchaser location. Any employee or subcontractor acting in a manner determined by the administration of that location to be detrimental, abusive, or offensive to any of the staff will be asked to leave the premises and may be suspended from further work on the premises. All Seller employees and subcontractors who will be working at such locations to install or repair Products shall be covered by Seller's comprehensive general liability insurance policy.

## **ARTICLE 14 MODIFICATION OR RENEGOTIATION**

This Agreement may be modified only by written agreement signed by the parties hereto, and any attempt at oral modification shall be void and of no effect. The parties agree to renegotiate the Agreement if federal and/or state revisions of any applicable laws or regulations make changes in this Agreement necessary.

#### **ARTICLE 15 AUTHORITY, ASSIGNMENT AND SUBCONTRACTS**

**15.1** In matters of proposals, negotiations, contracts, and resolution of issues and/or disputes, the parties agree that Seller represents all contractors, third parties, and/or subcontractors Seller has assembled for this project. The Purchaser is required to negotiate only with Seller, as Seller's commitments are binding on all proposed contractors, third parties, and subcontractors.

**15.2** Neither party may assign or otherwise transfer this Agreement or its obligations hereunder without the prior written consent of the other party, which consent shall not be unreasonably withheld. Any attempted assignment or transfer of its obligations without such consent shall be null and void. This Agreement shall be binding upon the parties' respective successors and assigns.

**15.3** Seller must obtain the written approval of Purchaser before subcontracting any portion of this Agreement. No such approval by Purchaser of any subcontract shall be deemed in any way to provide for the incurrence of any obligation of Purchaser in addition to the total fixed price agreed upon in this Agreement. All subcontracts shall incorporate the terms of this Agreement and shall be subject to the terms and conditions of this Agreement and to any conditions of approval that Purchaser may deem necessary.

**15.4** Seller represents and warrants that any subcontract agreement Seller enters into shall contain a provision advising the subcontractor that the subcontractor shall have no lien and no legal right to assert control over any funds held by the Purchaser, that the subcontractor acknowledges that no privity of contract exists between the Purchaser and the subcontractor, and that the Seller is solely liable for any and all payments which may be due to the subcontractor pursuant to its subcontract agreement with the Seller. The Seller shall indemnify and hold harmless the State from and against any and all claims, demands, liabilities, suits, actions, damages, losses, costs, and expenses of every kind and nature whatsoever arising as a result of Seller's failure to pay any and all amounts due by Seller to any subcontractor, materialman, laborer, or the like.

**15.5** All subcontractors shall be bound by any negotiation, arbitration, appeal, adjudication, or settlement of any dispute between the Seller and the Purchaser, where such dispute affects the subcontract.

#### **ARTICLE 16 AVAILABILITY OF FUNDS**

It is expressly understood and agreed that the obligation of Purchaser to proceed under this Agreement is conditioned upon the appropriation of funds by the Mississippi State Legislature and the receipt of state and/or federal funds for the performances required under this Agreement. If the funds anticipated for the fulfillment of this Agreement are not forthcoming or are insufficient, either through the failure of the federal government to provide funds or of the State of Mississippi to appropriate funds, or if there is a discontinuance or material alteration of the program under which funds were available to Purchaser for the payments or performance due under this Agreement, Purchaser shall have the right to immediately terminate this Agreement without damage, penalty, cost, or expense to Purchaser of any kind whatsoever. The effective date of termination shall be as specified in the notice of termination. Purchaser shall have the sole right to determine whether funds are available for the payments or performances due under this Agreement.

#### **ARTICLE 17 TERMINATION**

Notwithstanding any other provision of this Agreement to the contrary, this Agreement may be terminated, in whole or in part, as follows: (a) upon the mutual, written agreement of the parties; (b) by Purchaser, without the assessment of any penalties, upon thirty (30) days written notice to Seller, if Seller becomes the subject of bankruptcy, reorganization, liquidation, or receivership proceedings, whether voluntary or involuntary; (c) by Purchaser, without the assessment of any penalties, for any reason after giving thirty (30) days written notice specifying the effective date thereof to Seller; or (d) by either party in the event of a breach of a material term or provision of this Agreement where such breach continues for thirty (30) days after the breaching party receives written notice from the other party. Upon termination, Purchaser will be entitled to a refund of applicable unexpended prorated annual software support fees/charges, if any. In the event of termination, Seller shall be paid for satisfactory work completed or services rendered by Seller in connection with this Agreement and accepted by Purchaser as of the date of receipt of notification of termination. In no case shall said compensation exceed the total contract price. The provisions of this Article do not limit either party's right to pursue any other remedy available at law or in equity.

#### **ARTICLE 18 GOVERNING LAW**

This Agreement shall be construed and governed in accordance with the laws of the State of Mississippi, and venue for the resolution of any dispute shall be Jackson, Hinds County, Mississippi. Seller expressly agrees that under no circumstances shall Purchaser or ITS be obligated to pay an attorney's fee, prejudgment interest, or the cost of legal action to Seller. Further, nothing in this Agreement shall affect any statutory rights Purchaser may have that cannot be waived or limited by contract.

#### **ARTICLE 19 WAIVER**

Failure of either party hereto to insist upon strict compliance with any of the terms, covenants, and conditions hereof shall not be deemed a waiver or relinquishment of any similar right or power hereunder at any subsequent time or of any other provision hereof, nor shall it be construed to be a modification of the terms of this Agreement. A waiver by the State, to be effective, must be in writing, must set out the specifics of what is being waived, and must be signed by an authorized representative of the State.

#### **ARTICLE 20 SEVERABILITY**

If any term or provision of this Agreement is prohibited by the laws of the State of Mississippi or declared invalid or void by a court of competent jurisdiction, the remainder of this Agreement shall be valid and enforceable to the fullest extent permitted by law, provided that the State's purpose for entering into this Agreement can be fully achieved by the remaining portions of the Agreement that have not been severed.

#### **ARTICLE 21 CAPTIONS**

The captions or headings in this Agreement are for convenience only and in no way define, limit, or describe the scope or intent of any provision or section of this Agreement.

#### **ARTICLE 22 HOLD HARMLESS**

To the fullest extent allowed by law, Seller shall indemnify, defend, save and hold harmless, protect, and exonerate Purchaser, ITS and the State, its Board Members, officers, employees, agents, and representatives from and against any and all claims, demands, liabilities, suits, actions, damages, losses, costs, and expenses of every kind and nature whatsoever, including, without limitation, court costs, investigative fees and expenses, attorney fees, and claims for damages arising out of or caused by Seller and/or its partners, principals, agents, employees, or subcontractors in the performance of or failure to perform this Agreement.

#### **ARTICLE 23 THIRD PARTY ACTION NOTIFICATION**

Seller shall notify Purchaser in writing within five (5) business days of Seller filing bankruptcy, reorganization, liquidation or receivership proceedings or within five (5) business days of its receipt of notification of any action or suit being filed or any claim being made against Seller or Purchaser by any entity that may result in litigation related in any way to this Agreement and/or which may affect the Seller's performance under this Agreement. Failure of the Seller to provide such written notice to Purchaser shall be considered a material breach of this Agreement and the Purchaser may, at its sole discretion, pursue its rights as set forth in the Termination Article herein and any other rights and remedies it may have at law or in equity.

#### **ARTICLE 24 AUTHORITY TO CONTRACT**

Seller warrants that it is a validly organized business with valid authority to enter into this Agreement, that entry into and performance under this Agreement is not restricted or prohibited

by any loan, security, financing, contractual, or other agreement of any kind, and notwithstanding any other provision of this Agreement to the contrary, that there are no existing legal proceedings or prospective legal proceedings, either voluntary or otherwise, which may adversely affect its ability to perform its obligations under this Agreement.

#### **ARTICLE 25 NOTICE**

Any notice required or permitted to be given under this Agreement shall be in writing and personally delivered or sent by electronic means, provided that the original of such notice is sent by certified United States mail, postage prepaid, return receipt requested, or overnight courier with signed receipt, to the party to whom the notice should be given at their business address listed herein. ITS' address for notice is: Craig P. Orgeron, Ph.D., Executive Director, Mississippi Department of Information Technology Services, 3771 Eastwood Drive, Jackson, Mississippi 39211. The Seller's address for notice is: **INSERT NAME, TITLE, & ADDRESS OF VENDOR PERSON FOR NOTICE**. Notice shall be deemed given when actually received or when refused. The parties agree to promptly notify each other in writing of any change of address.

#### **ARTICLE 26 RECORD RETENTION AND ACCESS TO RECORDS**

Seller shall establish and maintain financial records, supporting documents, statistical records and such other records as may be necessary to reflect its performance of the provisions of this Agreement. The Purchaser, ITS, any state or federal agency authorized to audit Purchaser, and/or any of their duly authorized representatives, shall have unimpeded, prompt access to this Agreement and to any of the Seller's proposals, books, documents, papers and/or records that are pertinent to this Agreement to make audits, copies, examinations, excerpts and transcriptions at the State's or Seller's office as applicable where such records are kept during normal business hours. All records relating to this Agreement shall be retained by the Seller for three (3) years from the date of receipt of final payment under this Agreement. However, if any litigation or other legal action, by or for the state or federal government has begun that is not completed at the end of the three (3) year period, or if an audit finding, litigation or other legal action has not been resolved at the end of the three (3) year period, the records shall be retained until resolution.

#### **ARTICLE 27 INSURANCE**
