

RFP No: 3734

INVITATION: Sealed proposals, subject to the attached conditions, will be received at this office until **October 14, 2013 @ 3:00 p.m.** Central Time for the acquisition of the products/services described below for Mississippi Health Information Network.

Event Notification System (ENS) for Managed Care Organizations, Payor and Provider Care Management Alerts

The Vendor must submit proposals and direct inquiries to:

Donna Hamilton
Technology Consultant
Information Technology Services
3771 Eastwood Drive
Jackson, MS 39211
(601) 432-8114
Donna.Hamilton@its.ms.gov

To prevent opening by unauthorized individuals, all copies of the proposal must be sealed in the package. The following must be clearly typed on a label affixed to the package in a clearly visible location:

PROPOSAL, SUBMITTED IN RESPONSE TO
RFP NO. 3734
due October 14, 2013 @ 3:00 p.m.,
ATTENTION: Donna Hamilton

Craig P. Orgeron, Ph.D.
Executive Director, ITS

ITS RFP Response Checklist

RFP Response Checklist: These items should be included in your response to RFP No. 3734.

- _____ 1) One clearly marked original response and 5 identical copy/copies of the complete proposal. Label the front and spine of the three-ring loose-leaf binder with the Vendor name and RFP number. Include the items listed below inside the binder. Please DO NOT include a copy of the RFP in the binder.
- _____ 2) *Submission Cover Sheet*, signed and dated. (Section I)
- _____ 3) *Proposal Bond*, if applicable (Section I)
- _____ 4) *Proposal Exception Summary*, if applicable (Section V)
- _____ 5) Vendor response to *RFP Questionnaire* (Section VI)
- _____ 6) Point-by-point response to *Technical Specifications* (Section VII)
- _____ 7) Vendor response to *Cost Information Submission* (Section VIII)
- _____ 8) *References* (Section IX)

**SECTION I
SUBMISSION COVER SHEET & CONFIGURATION SUMMARY**

Provide the following information regarding the person responsible for the completion of your proposal. This person should also be the person the Mississippi Department of Information Technology Services, (ITS), should contact for questions and/or clarifications.

Name _____ Phone # _____
Address _____ Fax # _____
_____ E-mail _____

Subject to acceptance by ITS, the Vendor acknowledges that by submitting a proposal AND signing in the space indicated below, the Vendor is contractually obligated to comply with all items in this Request for Proposal (RFP), including the Standard Contract in Exhibit A if included herein, except those listed as exceptions on the Proposal Exception Summary Form. If no *Proposal Exception Summary Form* is included, the Vendor is indicating that he takes no exceptions. This acknowledgement also contractually obligates any and all subcontractors that may be proposed. Vendors who sign below may not later take exception to any point during contract negotiations. The Vendor further certifies that the company represented here is an authorized dealer in good standing of the products/services included in this proposal.

_____/_____

Name (typed or printed) _____
Title _____
Company name _____
Physical address _____
State of Incorporation _____

CONFIGURATION SUMMARY

The Vendor must provide a summary of the main components of products/services offered in this proposal using 100 words or less.

PROPOSAL BONDS

Please attach the required Proposal Bond here.

SECTION II PROPOSAL SUBMISSION REQUIREMENTS

The objective of the Proposal Submission Requirements section is to provide Vendors with the information required to submit a response to this Request for Proposal (RFP). A Vendor who has responded to previous RFPs issued by **ITS** should not assume that the requirements are the same, as changes may have been made.

1. Failure to follow any instruction within this RFP may, at the State's sole discretion, result in the disqualification of the Vendor's proposal.
2. The State has no obligation to locate or acknowledge any information in the Vendor's proposal that is not presented under the appropriate outline according to these instructions and in the proper location.
3. The Vendor's proposal must be received, in writing, by the office of **ITS** by the date and time specified. **ITS** is not responsible for any delays in delivery or expenses for the development or delivery of proposals. Any proposal received after proposal opening time will be returned unopened. Any proposal received with insufficient postage will be returned unopened.
4. Proposals or alterations by fax, e-mail, or phone will not be accepted.
5. Original signatures are required on one copy of the Submission Cover Sheet and Configuration Summary, and the Vendor's original submission must be clearly identified as the original. The Vendor's original proposal must include the Proposal Bond, (if explicitly required in Section IV).
6. **ITS** reserves the right to reject any proposals, including those with exceptions, prior to and at any time during negotiations.
7. **ITS** reserves the right to waive any defect or irregularity in any proposal procedure.
8. The Vendor may intersperse their response following each RFP specification but must not otherwise alter or rekey any of the original text of this RFP. If the State determines that the Vendor has altered any language in the original RFP, the State may, in its sole discretion, disqualify the Vendor from further consideration. The RFP issued by **ITS** is the official version and will supersede any conflicting RFP language submitted by the Vendor.
9. The Vendor must conform to the following standards in the preparation of the Vendor's proposal:
 - 9.1 The Vendor is required to submit one clearly marked original response and 7 identical copy/copies of the complete proposal, including all sections and exhibits, in three-ring binders.
 - 9.2 To prevent opening by unauthorized individuals, all copies of the proposal must be sealed in the package. A label containing the information on the

RFP cover page must be clearly typed and affixed to the package in a clearly visible location.

- 9.3 Number each page of the proposal.
 - 9.4 Respond to the sections and exhibits in the same order as this RFP.
 - 9.5 Label and tab the responses to each section and exhibit, using the corresponding headings from the RFP.
 - 9.6 If the Vendor does not agree with any item in any section, then the Vendor must list the item on the *Proposal Exception Summary Form*. (See Section V for additional instructions regarding Vendor exceptions.)
 - 9.7 Occasionally, an outline point in an attachment requests information which is not applicable to the products/services proposed. If the Vendor is certain the point does not apply to the given RFP, the Vendor should respond with "NOT APPLICABLE."
 - 9.8 Where an outline point asks a question or requests information, the Vendor must respond with the specific answer or information requested.
 - 9.9 When an outline point/attachment is a statement provided for the Vendor's information only, the Vendor need only read that point. The Vendor acknowledges having read and accepting, or taking exception to, all sections by signing the *Submission Cover Sheet* and providing a *Proposal Exception Summary Form*.
 - 9.10 Where a minimum requirement has been identified, respond by stating the item (e.g., device name/model number, guaranteed response time) proposed and how it will meet the specifications.
 - 9.11 The Vendor must fully respond to each requirement within the *Technical Specifications* by fully describing the manner and degree by which the proposal meets or exceeds said requirements.
10. It is the responsibility of the Vendor to clearly identify all costs associated with any item or series of items in this RFP. The Vendor must include and complete all parts of the cost proposal in a clear and accurate manner. **Omissions, errors, misrepresentations, or inadequate details in the Vendor's cost proposal may be grounds for rejection of the Vendor's proposal. Costs that are not clearly identified will be borne by the Vendor.** The Vendor must complete the *Cost Information Submission* in this RFP, which outlines the minimum requirements for providing cost information. The Vendor should supply supporting details as described in the *Cost Information Submission*.
 11. **ITS** reserves the right to request additional information or clarification of a Vendor's proposal. The Vendor's cooperation during the evaluation process in providing **ITS** staff with adequate responses to requests for clarification will be considered a factor in the evaluation of the Vendor's overall responsiveness. Lack of such cooperation or failure to

provide the information in the manner required may, at the State's discretion, result in the disqualification of the Vendor's proposal.

12. Unsolicited clarifications and updates submitted after the deadline for proposals will be accepted or rejected at the sole discretion of **ITS**.
13. Unsolicited clarifications in the evaluation and selection of lowest and best proposal will be considered only if all the following conditions are met:
 - 13.1 A clarification to a proposal that includes a newly announced product line or service with equal or additional capability to be provided at or less than the proposed price will be considered.
 - 13.2 Information provided must be in effect nationally and have been formally and publicly announced through a news medium that the Vendor normally uses to convey customer information.
 - 13.3 Clarifications must be received early enough in the evaluation process to allow adequate time for re-evaluation.
 - 13.4 The Vendor must follow procedures outlined herein for submitting updates and clarifications.
 - 13.5 The Vendor must submit a statement outlining the circumstances for the clarification.
 - 13.6 The Vendor must submit one clearly marked original and 7 copies of the clarification.
 - 13.7 The Vendor must be specific about which part of the original proposal is being changed by the clarification (i.e., must include exact RFP reference to section and outline point).
14. **Communications with State**

From the issue date of this RFP until a Vendor is selected and the selection is announced, responding Vendors or their representatives may not communicate, either orally or in writing regarding this RFP with any statewide elected official, state officer or employee, member of the legislature or legislative employee except as noted herein. To ensure equal treatment for each responding Vendor, all questions regarding this RFP must be submitted in writing to the State's contact person for the selection process, and not later than the last date for accepting responding Vendor questions provided in this RFP. All such questions will be answered officially by the State in writing. All such questions and answers will become addenda to this RFP, and they will be posted to the ITS web site. Vendors failing to comply with this requirement will be subject to disqualification.

 - 14.1 The State's contact person for the selection process is: Donna Hamilton, Technology Consultant, 3771 Eastwood Drive, Jackson, MS 39211, 601-432-8114, Donna.Hamilton@its.ms.gov.

- 14.2 Vendor may consult with State representatives as designated by the State's contact person identified in 14.1 above in response to State-initiated inquiries. Vendor may consult with State representatives during scheduled oral presentations and demonstrations excluding site visits.

SECTION III VENDOR INFORMATION

The objective of the Vendor Information section of this RFP is to provide Vendors with information required to respond to the RFP successfully.

1. **Interchangeable Designations**

The terms "Vendor" and "Contractor" are referenced throughout this RFP. Generally, references to the "Vendor" are used in conjunction with the proposing organization and procurement process leading up to the final RFP selection and award. The term "Contractor" denotes the role assumed, post-award, by the winning Vendor. Additionally, the terms "State of Mississippi," "State" or "ITS" may be used interchangeably throughout this RFP to denote the political entity issuing the RFP and requesting responses from Vendors throughout these specifications. References to a specific agency, institution or other political entity represent the client or customer on whose behalf ITS is issuing the RFP.

2. **Vendor's Responsibility to Examine RFP**

Vendors must examine all documents, forms, specifications, standard provisions, and instructions.

3. **Proposal as Property of State**

All written proposal material becomes the property of the State of Mississippi.

4. **Written Amendment to RFP**

Any interpretation of an **ITS** RFP will be made by written amendment only. The State will not be responsible for any other explanation of this RFP. A copy of any amendment will be posted on the **ITS** website, together with the associated RFP specification. Vendors are required to check the **ITS** website periodically for RFP amendments before the proposal opening date at:

http://www.its.ms.gov/Procurement/Pages/RFPS_Awaiting.aspx

Any and all amendments will be posted no later than noon, seven days prior to the proposal opening date listed on the cover page of this RFP. If you are unable to access the **ITS** website, you may contact the **ITS** technology consultant listed on page one of this RFP and request a copy.

5. **Oral Communications Not Binding**

Only transactions which are in writing from **ITS** may be considered official. No negotiations, decisions, or actions shall be executed by any Vendor as a result of any discussions with any State employee.

6. **Vendor's Responsibility for Delivery**

Vendors must ensure, through reasonable and sufficient follow-up, proper compliance with, and fulfillment of all schedules and deliverables specified within the body of this RFP. The State will not be responsible for the failure of any delivery medium for submission of information to or from the Vendor, including but not limited to, public and private carriers, U.S. mail, Internet Service Providers, facsimile, or e-mail.

7. **Evaluation Criteria**

The State's intent in issuing this RFP is to award a contract to the lowest and best responsive Vendor who meets specifications, considering price and other factors. The Vendor's past performance, cooperation, and ability to provide service and training are general factors that will be weighed in the selection process. More specific information concerning evaluation criteria is presented in *Technical Specifications*.

8. **Multiple Awards**

ITS reserves the right to make multiple awards.

9. **Right to Award in Whole or Part**

ITS reserves the right to approve an award by individual items or in total, whichever is deemed to be in the best interest of the State of Mississippi.

10. **Right to Use Proposals in Future Projects**

The State reserves the right to evaluate the awarded proposal from this RFP, including all products and services proposed therein, along with the resulting contractual terms, for possible use in future projects if (a) it is deemed to be in the best interest of the State to do so; and (b) the Vendor is willing to extend a cost less than or equal to that specified in the awarded proposal and resulting contract. A decision concerning the utilization of a Vendor's proposal for future projects is solely at the discretion of the State and requires the agreement of the proposing Vendor. The State's decision to reuse an awarded proposal will be based upon such criteria as: (1) the customer's business requirements; (2) elapsed time since the award of the original project; and/or (3) research on changes in the Vendor, market, and technical environments since the initial award.

11. **Price Changes During Award or Renewal Period**

A price increase will not be accepted during the award period or the renewal period, unless stipulated in the contract. However, the State will always take advantage of price decreases.

12. **Right to Request Information**

The State reserves the right to request information relative to a Vendor's references and financial status and to visit a Vendor's facilities during normal working hours. The State also reserves the right to request a current financial statement, prepared and certified by an independent auditing firm, and reserves the right to require that Vendors document their financial ability to provide the products and services proposed up to the total dollar amount of the Vendor's cost proposal. The State reserves the right to request information about the Vendor from any previous customer of the Vendor of whom the State is aware, even if that customer is not included in the Vendor's list of references.

13. **Vendor Personnel**

For RFPs including professional services specifications, the Vendor will be required to provide and/or certify the following for each individual included in the Vendor's proposal:

- 13.1 A direct telephone number at which the individual may be contacted for a telephone interview. The State will pay toll charges in the continental United States. The Vendor must arrange a toll-free number for all other calls.

- 13.2 That, if onsite interviews are required, the individual can be at the specified location in Mississippi within the timeframe specified. All costs associated with onsite interviews will be the responsibility of the Vendor.
- 13.3 That the individual is proficient in spoken and written English;
- 13.4 That the individual is a U.S. citizen or that the individual meets and will maintain employment eligibility requirements in compliance with all INS regulations. The Vendor must provide evidence of identification and employment eligibility prior to the award of a contract that includes any personnel who are not U. S. citizens.
- 13.5 That the personnel assigned to a project will remain a part of the project throughout the duration of the contract as long as the personnel are employed by the Vendor, unless replaced by the Vendor at the request of the State. This requirement includes the responsibility for ensuring all non-citizens maintain current INS eligibility throughout the duration of the contract.

14. **Vendor Imposed Constraints**

The Vendor must specifically document what limitations, if any, exist in working with any other Contractor acting in the capacity of the State's business partner, subcontractor or agent who may be managing any present or future projects; performing quality assurance; integrating the Vendor's software; and/or providing web-hosting, hardware, networking or other processing services on the State's behalf. The project relationship may be based on roles as either equal peers; supervisory – subordinate; or subordinate – supervisory, as determined by the State. The State recognizes that the Vendor may have trade secrets, intellectual property and/or business relationships that may be subject to its corporate policies or agreements. The State must understand these issues in order to decide to what degree they may impact the State's ability to conduct business for this project. These considerations will be incorporated accordingly into the proposal evaluation and selection process. The understanding reached between the Vendor and the State with regard to this business relationship precludes the Vendor from imposing any subsequent limitations of this type in future project undertakings by the State.

15. **Best and Final Offer**

The State reserves the right to solicit Best and Final Offers (BAFOs) from Vendors, principally in situations in which proposal costs eclipse available funding or the State believes none of the competing proposals presents a Best Value (lowest and best proposal) opportunity. Because of the time and expense incurred by both the Vendor community and the State, BAFOs are not routinely conducted. Vendors should offer their best pricing with the initial solicitation. Situations warranting solicitation of a BAFO will be considered an exceptional practice for any procurement. Vendors that remain in a competitive range within an evaluation may be requested to tender Best and Final Offers, at the sole discretion of the State. All such Vendors will be provided an equal opportunity to respond with a Best and Final Offer under a procedure to be defined by the State that encompasses the specific, refined needs of a project, as part of the BAFO solicitation. The State may re-evaluate and amend the original project specifications should it be deemed necessary in order to improve the opportunity for

attaining Best Value scenarios from among the remaining competing Vendors. All BAFO proceedings will be uniformly conducted, in writing and subject to solicitation by the State and receipt from the Vendors under a precise schedule.

16. **Restriction on Advertising**

The Vendor must receive written approval from the State before advertising or referencing the award of the contract or the services being provided. The Vendor must agree not to refer to awards in commercial advertising in such a manner as to state or imply that the firm or its services are endorsed or preferred by the State of Mississippi.

17. **Rights Reserved to Use Existing Product Contracts**

The State reserves the right on turnkey projects to secure certain products from other existing **ITS** contracts if it is in its best interest to do so. If this option is exercised, then the awarded Vendor must be willing to integrate the acquisition and implementation of such products within the schedule and system under contract.

18. **Additional Information to be Included**

In addition to answering each specification within this RFP, the Vendor must include complete product/service information, including product pictorials and technical/descriptive literature relative to any product/service offered with the proposal. Information submitted must be sufficiently detailed to substantiate that the products/services offered meet or exceed specifications.

19. **Valid Contract Required to Begin Work**

The successful Vendor should not commence any billable work until a valid contract has been executed. Any work done by the successful Vendor prior to the execution of the contract is done at the Vendor's sole risk. The State is under no obligation to pay for work done prior to the execution of a contract.

SECTION IV LEGAL AND CONTRACTUAL INFORMATION

The objective of the *Legal and Contractual Information* section is to provide Vendors with information required to complete a contract or agreement with **ITS** successfully.

1. **Acknowledgment Precludes Later Exception**

By signing the *Submission Cover Sheet*, the Vendor is contractually obligated to comply with all items in this RFP, including the *Standard Contract* in Exhibit A if included herein, except those specifically listed as exceptions on the *Proposal Exception Summary Form*. If no *Proposal Exception Summary Form* is included, the Vendor is indicating that he takes no exceptions. Vendors who respond to this RFP by signing the *Submission Cover Sheet* may not later take exception to any item in the RFP during contract negotiations. This acknowledgement also contractually obligates any and all subcontractors that may be proposed. No exceptions by subcontractors or separate terms and conditions will be entertained after the fact.

2. **Failure to Respond as Prescribed**

Failure to respond as described in Section II: *Proposal Submission Requirements* to any item in the sections and exhibits of this RFP, including the *Standard Contract* attached as Exhibit A, if applicable, shall contractually obligate the Vendor to comply with that item.

3. **Contract Documents**

ITS will be responsible for all document creation and editorial control over all contractual documentation related to each procurement project. The following documents will normally be included in all contracts between **ITS** and the Vendor:

3.1 The Proposal Exception Summary Form as accepted by **ITS**;

3.2 Contracts which have been signed by the Vendor and **ITS**;

3.3 **ITS'** Request for Proposal, including all addenda;

3.4 Official written correspondence from **ITS** to the Vendor;

3.5 Official written correspondence from the Vendor to **ITS** when clarifying the Vendor's proposal; and

3.6 The Vendor's proposal response to the **ITS** RFP.

4. **Order of Precedence**

When a conflict arises regarding contract intent due to conflicting statements in documents included in the contract, the order of precedence of each document is as listed above unless modification of order is negotiated and agreed upon by both **ITS** and the winning Vendor.

5. **Additional Contract Provisions**

The contract will also include such additional provisions, which are not inconsistent or incompatible with the material terms of this RFP, as may be agreed upon by the parties. All of the foregoing shall be in such form and substance as prescribed by the State.

6. Contracting Agent by Law

The Executive Director of **ITS** is, by law, the purchasing and contracting agent for the State of Mississippi in the negotiation and execution of all contracts for the acquisition of computer and telecommunications equipment, systems, software, and services (Section 25-53-1, et seq., of the Mississippi Code Annotated). **ITS** is issuing this RFP on behalf of the procuring agency or institution. **ITS** and the procuring agency or institution are sometimes collectively referred to within this RFP as "State."

7. Mandatory Legal Provisions

- 7.1 The State of Mississippi is self-insured; all requirements for the purchase of casualty or liability insurance are deleted.
- 7.2 Any provisions disclaiming implied warranties shall be null and void. See Mississippi Code Annotated Sections 11-7-18 and 75-2-719(4). The Vendor shall not disclaim the implied warranties of merchantability and fitness for a particular purpose.
- 7.3 The Vendor shall have no limitation on liability for claims related to the following items:
 - 7.3.1 Infringement issues;
 - 7.3.2 Bodily injury;
 - 7.3.3 Death;
 - 7.3.4 Physical damage to tangible personal and/or real property; and/or
 - 7.3.5 The intentional and willful misconduct or negligent acts of the Vendor and/or Vendor's employees or subcontractors.
- 7.4 All requirements that the State pay interest (other than in connection with lease-purchase contracts not exceeding five years) are deleted.
- 7.5 Any contract negotiated under this RFP will be governed by and construed according to the laws of the State of Mississippi. Venue for the resolution of any dispute shall be Jackson, Hinds County, Mississippi.
- 7.6 Any contract negotiated under this RFP is cancelable in the event the funding authority does not appropriate funds. Notice requirements to Vendor cannot exceed sixty (60) days.
- 7.7 The State of Mississippi does not waive its sovereign immunities or defenses as provided by law by entering into this contract with the Vendor, Vendor agents, subcontractors, or assignees.

- 7.8 The State will deliver payments to the Vendor within forty-five (45) days after receipt of invoice and receipt, inspection, and approval of Vendor's products/services. No late charges will exceed 1.5% per month on any unpaid balance from the expiration of said period until payment is delivered. See Section 31-7-305 of the Mississippi Code Annotated. Seller understands and agrees that Purchaser is exempt from the payment of taxes.
- 7.9 The State shall not pay any attorney's fees, prejudgment interest or the cost of legal action to or for the Vendor.

8. **Approved Contract**

- 8.1 Award of Contract - A contract is considered to be awarded to a proposer once the proposer's offering has been approved as lowest and best proposal through:
- 8.1.1 Written notification made to proposers on **ITS** letterhead, or
 - 8.1.2 Notification posted to the **ITS** website for the project, or
 - 8.1.3 CP-1 authorization executed for the project, or
 - 8.1.4 The **ITS** Board's approval of same during an open session of the Board.
- 8.2 **ITS** statute specifies whether **ITS** Director approval or **ITS** Board approval is applicable for a given project, depending on the total lifecycle cost of the contract.
- 8.3 A contract is not deemed final until five (5) working days after either the award of contract or post procurement review, as stipulated in the **ITS** Protest Procedure and Policy. In the event of a valid protest, the State may, at its sole discretion, continue the procurement or stay the procurement in accordance with the **ITS** Protest Procedure and Policy. If the procurement is stayed, the contract is not deemed final until the protest is resolved.

9. **Contract Validity**

All contracts are valid only if signed by the Executive Director of **ITS**.

10. **Order of Contract Execution**

Vendors will be required to sign contracts and to initial all contract changes before the Executive Director of **ITS** signs.

11. **Availability of Funds**

All contracts are subject to availability of funds of the acquiring State entity and are contingent upon receipt by the winning Vendor of a purchase order from the acquiring State entity.

12. **CP-1 Requirement**

All purchase orders issued for goods and services acquired from the awarded Vendor under this RFP must be encoded by the Customer agency with a CP-1 approval number assigned by **ITS**. This requirement does not apply to acquisitions that by policy have been delegated to State entities.

13. Requirement for Electronic Payment and Invoicing

- 13.1 Payments to the awarded Vendor for all goods and services acquired under this RFP by state agencies that make payments through the Statewide Automated Accounting System (“SAAS”) will be made electronically, via deposit to the bank account of the Vendor’s choice. The awarded Vendor must enroll and be activated in PayMode™, the State’s current vehicle for sending and receiving electronic payments, prior to receiving any payments from state agencies. There is no charge for a Vendor to enroll or receive payments via PayMode. For additional information on PayMode, including registration instructions, Vendors should visit the following website: <http://portal.paymode.com/ms/>. Vendors may also request assistance from the Mississippi Management and Reporting System (MMRS) Call Center regarding PayMode registration by contacting mash@dfa.state.ms.us.
- 13.2 For state agencies that make payments through SAAS, the awarded Vendor is required to submit electronically all invoices for goods and services acquired under this RFP, along with appropriate supporting documentation, as directed by the State. Should the requirement for electronic invoicing be implemented during the term of the project contract, the State will work with the Vendor to determine a reasonable timeframe for initiating electronic invoicing.
- 13.3 Items 13.1 and 13.2 only apply to state agencies that make payments through SAAS. Payments and invoices for all other entities will conform to their standard methods of payment to contractors.

14. Time For Negotiations

- 14.1 All contractual issues must be successfully negotiated within fifteen (15) working days from the Vendor’s initial receipt of the project contract from **ITS**, unless **ITS** consents to extend the period. Failure to complete negotiations within the stated time period constitutes grounds for rejection of the Vendor’s response to this RFP. **ITS** may withdraw the proposal award and begin negotiations with the next ranked Vendor immediately or pursue any other option.
- 14.2 Negotiations shall be limited to items to which the Vendor has noted as exceptions on their Proposal Exception Summary Form, as well as any new items that the State may require. All contract changes requested by the Vendor related to such exceptions noted in Vendor’s proposal shall be submitted three (3) working days prior to scheduled negotiations, unless **ITS** consents to a different period.

15. Prime Contractor

The selected Vendor will be designated the prime contractor in the proposal, and as such, shall be solely responsible for all products/services offered in the proposal and for the fulfillment of the contract with the State.

16. Sole Point of Contact

ITS will consider the selected Vendor to be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the contract.

16.1 The Vendor must acknowledge and agree that in matters of proposals, clarifications, negotiations, contracts and resolution of issues and/or disputes, the Vendor represents all contractors, third parties and/or subcontractors the Vendor has assembled for this project. The Vendor's commitments are binding on all such parties and consequently the State is only required to negotiate with the Vendor.

16.2 Furthermore, the Vendor acknowledges and agrees to pass all rights and/or services related to all general consulting, services leasing, software licensing, warranties, hardware maintenance and/or software support to the State from any contractor, third party or subcontractor without the State having to negotiate separately or individually with any such parties for these terms or conditions.

16.3 Should a proposing Vendor wish to assign payment of any or all charges resulting from this contract to a third party, Vendor must disclose that fact in his/her proposal, along with the third party's name, address, nature of business, and relationship to the proposing Vendor, the reason for and purpose of the assignment, and all conditions of the assignment, including but not limited to a copy of an assignment document to be executed by the State, the Vendor, and the third party. Such assignments will be accepted or rejected at the sole discretion of the State. Vendor must clearly and definitively state in his/her proposal whether the proposal is contingent upon the requested assignment of payments. Whenever any assignment of payment is requested, the proposal, contract, and assignment document must include language specifically guaranteeing that the proposing Vendor is solely and fully liable and responsible for the performance of its obligations under the subject contract. No assignment of payment will be considered at the time of purchase unless such assignment was fully disclosed in the Vendor's proposal and subsequently accepted by the State.

17. ITS Approval of Subcontractor Required

Unless provided in the contract, the Vendor shall not contract with any other party for furnishing any of the contracted work or services without the consent, guidance, and written approval of the State. **ITS** reserves the right of refusal and the right to request replacement of a subcontractor due to unacceptable work or conduct. This provision should not be interpreted as requiring the approval of individual contracts of employment between the Vendor and personnel assigned for services under the contract.

18. Inclusion of Subcontract Agreements

Copies of any agreements to be executed between the Vendor and any subcontractors must be included in the Vendor's proposal.

19. **Negotiations with Subcontractor**

In order to protect the State's interest, **ITS** reserves the right to attempt to resolve the contractual disagreements that may arise between the Vendor and its subcontractor after award of the contract.

20. **References to Vendor to Include Subcontractor**

All references in the RFP to "Vendor" shall be construed to encompass both the Vendor and its subcontractors.

21. **Outstanding Vendor Obligations**

21.1 Any Vendor who presently owes the State of Mississippi money pursuant to any contract for which **ITS** is the contracting agent and who has received written notification from **ITS** regarding the monies owed, must submit, with the proposal, a certified check in the amount due and owing in order for the proposal in response to this RFP to be considered. For a Vendor currently in bankruptcy as of the RFP submission date, this requirement is met, if and only if, **ITS** has an active petition before the appropriate bankruptcy court for recovery of the full dollar amount presently owed to the State of Mississippi by that Vendor. If the Vendor has emerged from bankruptcy by the RFP submission date, the Vendor must pay in full any amount due and owing to the State, as directed in the court-approved reorganization plan, prior to any proposal being considered.

21.2 Any Vendor who is presently in default on existing contracts for which **ITS** is the contracting agent, or who otherwise is delinquent in the performance of any such contracted obligations, is in the sole judgment of the State required to make arrangement for fulfilling outstanding obligations to the satisfaction of the State in order for the proposal to be considered.

21.3 The State, at its sole discretion, may reject the proposal of a Vendor with any significant outstanding financial or other obligations to the State or who is in bankruptcy at the time of proposal submission.

22. **Equipment Condition**

For all RFPs requiring equipment, the Vendor must furnish only new equipment in response to **ITS** specifications, unless an explicit requirement for used equipment is otherwise specified.

23. **Delivery Intervals**

The Vendor's proposal must specify, in the *Cost Information Submission* and in response to any specific instructions in the *Technical Specifications*, delivery and installation intervals after receipt of order.

24. **Pricing Guarantee**

The Vendor must explicitly state, in the *Cost Information Submission* and in response to any specific instructions in the *Technical Specifications*, how long the proposal will

remain valid. Unless stated to the contrary in the *Technical Specifications*, pricing must be guaranteed for a minimum of ninety (90) days.

25. **Shipping Charges**

For all RFPs requiring shipment of any product or component, all products must be delivered FOB destination to any location within the geographic boundaries of the State with all transportation charges prepaid and included in the RFP proposal or LOC quotation. Destination is the point of use.

26. **Amortization Schedule**

For all RFPs requiring equipment, contracts involving the payment of interest must include an amortization schedule clearly documenting the amount of interest payable over the term of the contract.

27. **Americans with Disabilities Act Compliance for Web Development and Portal Related Services**

All Web and Portal development work must be designed and implemented in compliance with the Electronic and Information Technology Accessibility Standards associated with Section 508 of the Rehabilitation Act and with the Web Accessibility Initiative (WAI) of the W3C.

28. **Ownership of Developed Software**

28.1 When specifications require the Vendor to develop software for the State, the Vendor must acknowledge and agree that the State is the sole owner of such developed software with exclusive rights to use, alter, or distribute the software without restriction. This requirement applies to source code, object code, and documentation.

28.2 The State may be willing to grant the Vendor a nonexclusive license to use the State's software subject to devising acceptable terms and license fees. This requirement is a matter of State Law, and not negotiable.

29. **Ownership of Custom Tailored Software**

In installations where the Vendor's intellectual property is modified and custom-tailored to meet the needs of the State, the Vendor must offer the State an application license entitling the State to use, and/or alter the software without restriction. These requirements apply to source code, object code and documentation.

30. **Terms of Software License**

The Vendor acknowledges and agrees that the term of all software licenses provided to the State shall be perpetual unless stated otherwise in the Vendor's proposal.

31. **The State is Licensee of Record**

The Vendor must not bypass the software contracting phase of a project by licensing project software intended for State use in its company name. Upon award of a project, the Vendor must ensure that the State is properly licensed for all software that is proposed for use in a project.

32. **Compliance with Enterprise Security Policy**

Any solution proposed in response to this RFP must be in compliance with the State of Mississippi's Enterprise Security Policy. The Enterprise Security Policy is based on industry standard best practices, policy, and guidelines and covers the following topics: web servers, email, virus prevention, firewalls, data encryption, remote access, passwords, servers, physical access, traffic restrictions, wireless, laptop and mobile devices, disposal of hardware/media, and application assessment/certification. Given that information security is an evolving technology practice, the State reserves the right to introduce new policy during the term of the contract resulting from this RFP and require the Vendor to comply with same in the event the industry introduces more secure, robust solutions or practices that facilitate a more secure posture for the State of Mississippi.

The Enterprise Security Policy is available to third parties on a need-to-know basis. The Vendor may request individual sections of the Enterprise Security Policy or request the entire document. Vendor must provide contact information (name, email address, phone number) to the State's contact person identified in Section II, Item 14.1 who will coordinate the secure delivery of the requested information.

33. **Negotiating with Next-Ranked Vendor**

Should the State cease doing business with any Vendor selected via this RFP process, for any reason, the State reserves the right to initiate negotiations with the next ranked Vendor.

34. **Disclosure of Proposal Information**

Vendors should be aware that any information in a proposal may be subject to disclosure or reproduction under the Mississippi Public Records Act of 1983, defined in Section 25-61-1 et seq. of the Mississippi Code Annotated. All disclosures of proposal information will be made in compliance with the **ITS** Public Records Procedures established in accordance with the Mississippi Public Records Act. The **ITS** Public Records Procedures are available in Section 019-010 of the **ITS** Procurement Handbook, on the **ITS** Internet site at:

<http://dsitspe01.its.ms.gov/its/procman.nsf/f4ad43bd44ad9d8c86256daa0063e1f0/bb780b5a8360c3138625765d004e4aff?OpenDocument> or from **ITS** upon request.

As outlined in the Third Party Information section of the **ITS** Public Records Procedures, **ITS** will give written notice to any affected Vendor of a request to view or reproduce the Vendor's proposal or portion thereof. **ITS** will not, however, give such notice with respect to summary information prepared in connection with the State's review or evaluation of a Vendor's proposal, including, but not limited to, written presentations to the **ITS** Board or other approving bodies, and/or similar written documentation prepared for the project file. In addition, **ITS** will not provide third-party notice for requests for any contract executed as a result of this RFP, with the exception of information contained in contract exhibits identified and labeled as confidential during the contract negotiation

process. **ITS** will provide third-party notice of requests for any such confidential exhibits to allow Vendor the opportunity to protect the information by court order as outlined in the **ITS** Public Records Procedures.

Summary information and contract terms, as defined above, become the property of **ITS**, who has the right to reproduce or distribute this information without notification.

Vendors should further be aware that requests for disclosure of proposal and contract information are sometimes received by **ITS** significantly after the proposal opening date. **ITS** will notify the signatory "Officer in Bind of Company" provided in Section I of this RFP for Notification of Public Records Requests in the event information is requested that your company might wish to consider protecting as a trade secret or as confidential commercial or financial information. If the "Officer in Bind of Company" should not be used for notification of public records requests, Vendor should provide the alternative contact information in response to this RFP item.

35. **Risk Factors to be Assessed**

The State will assess risk factors that may initially exist within a given procurement and that may develop over the course of a procurement process as facts become known. The State, at its sole discretion, may employ the following mechanisms in mitigating these risks: proposal bonding, performance bonding, progress payment plan with retainage, inclusion of liquidated damages, and withholding payment for all portions of the products/services acquired until final acceptance. The Vendor must agree to incorporate any or all of the above terms and conditions into the customer agreement.

36. **Proposal Bond**

The Vendor must include a proposal bond in the amount of \$7,500.00 with its RFP proposal. Vendor is specifically disallowed from taking exception to the proposal bond requirement. Proposals without proposal bonds will be rejected.

The security must be in the form of a bond, irrevocable letter of credit, certified check, or cashier's check (hereinafter, "security") payable to the **Mississippi Health Information Network**, to be held by their contracting agent, the Mississippi Department of Information Technology Services, and must be placed in the front of the Vendor's proposal. The submission of an acceptable security is a condition precedent to a valid proposal, and the amount of the security is not negotiable or contestable. Any proposal received without the security will be rejected and returned to the Vendor without further consideration.

The security binds the Vendor to the commitments made in writing in the Vendor's proposal. The security will be forfeited in the event the awarded Vendor, at any time during the contract negotiation process, refuses to honor commitments made in its proposal, reneges on pricing, takes exception to any term or condition that was not addressed in the Vendor's written proposal, or fails to execute a contract as anticipated in the RFP and the Vendor's proposal, including documented exceptions, within fifteen (15) working days after the Vendor's initial receipt of the project contract from **ITS**, unless an extension is agreed to by **ITS**.

As stated in the RFP, the Vendor may take exception to any point without incurring any liability to provide items to which an exception has been taken. Likewise, the State has

no obligation to accept any proposed exception. Should the State decide, at its sole discretion and at any point in the process, that an exception is NOT acceptable, **ITS** will reject the Vendor's proposal and return the Vendor's security.

The Vendor's security will be returned promptly after **ITS** and the successful Vendor have executed a contract or within ninety (90) days after opening the proposals if no letter of intent to award a contract has been sent. In the event that the successful Vendor fails to accept and sign the mutually negotiated contract, that Vendor shall be disqualified and **ITS** shall initiate negotiations with the next ranked Vendor until a contract is successfully negotiated, or **ITS** elects to cancel the procurement. The securities of all remaining Vendors will be returned when a contract has been successfully negotiated and executed, or when the procurement is canceled.

37. **Performance Bond/Irrevocable Bank Letter of Credit**

The Vendor must include the price of a performance bond or irrevocable bank letter of credit with its RFP proposal. The cost of the bond or letter of credit must be shown as a separate line item in the *Cost Information Submission*. The performance bond or letter of credit must be procured at the Vendor's expense prior to the execution of the contract and may be invoiced to **Mississippi Health Information Network** after contract initiation only if itemized in the *Cost Information Submission* and in the executed contract. **The final decision as to the requirement for a Performance Bond or Irrevocable Bank Letter of Credit will be made upon contract award and is at the State's sole discretion.**

If a Performance Bond /Irrevocable Bank Letter of Credit is required, the Vendor must procure and submit to **ITS**, on behalf of **Mississippi Health Information Network**, with the executed contract, (a) a performance bond from a reliable surety company authorized to do business in the State of Mississippi or (b) an irrevocable bank letter of credit that is acceptable to the State. The Performance Bond or the Irrevocable Letter of Credit shall be for the total amount of the contract or an amount mutually agreed upon by the State and the successful Vendor and shall be payable to **Mississippi Health Information Network**, to be held by their contracting agent, the Mississippi Department of Information Technology Services. No contract resulting from this RFP will be valid until the required Performance Bond or Irrevocable Bank Letter of Credit has been received and found to be in proper form and amount. The Vendor agrees that the State has the right to request payment for a partial amount or the full amount of the Irrevocable Letter of Credit/Performance bond should the products/services being procured hereunder not be provided in a manner consistent with this RFP and the Vendor's proposal by the delivery dates agreed upon by the parties. The State may demand payment by contacting the bank issuing the letter of credit or the bonding company issuing the performance bond and making a written request for full or partial payment. The issuing bank/bonding company is required to honor any demand for payment from the State within fifteen (15) days of notification. The letter of credit/performance bond shall cover the entire contract period, with the exception of post-warranty maintenance and support, and shall not be released until final acceptance of all products and deliverables required herein or until the warranty period, if any, has expired, whichever occurs last. If applicable, and at the State's sole discretion, the State may, at any time during the warranty period, review Vendor's performance and performance of the products/services delivered and determine that the letter of

credit/performance bond may be reduced or released prior to expiration of the full warranty period.

38. **Responsibility for Behavior of Vendor Employees/Subcontractors**

The Vendor will be responsible for the behavior of all its employees and subcontractors while on the premises of any State agency or institution. Any Vendor employee or subcontractor acting in a manner determined by the administration of any State agency or institution to be detrimental, abusive, or offensive to any of the staff or student body of any State agency or institution will be asked to leave the premises and can be suspended from further work on the premises.

39. **Protests**

The Executive Director of **ITS** and/or the Board Members of **ITS** or their designees shall have the authority to resolve Vendor protests in connection with the selection for award of a contract. Copies of the protest procedures are available on the **ITS** Internet site - **ITS** Protest Procedure and Policy, Section 019-020, **ITS** Procurement Handbook at:

<http://dsitspe01.its.ms.gov/its/procman.nsf/f4ad43bd44ad9d8c86256daa0063e1f0/f227957c9c49a38a8625767900790c4e?OpenDocument> or from **ITS** upon request.

40. **Protest Bond**

Potential Vendors may protest any of the specifications of this RFP on the belief that the specification is unlawful, unduly restrictive, or unjustifiably restraining to competition. Any such protest must be in writing and submitted to the **ITS** Executive Director along with the appropriate protest bond within five (5) working days of the Official Release of the RFP, as defined in the **ITS** Protest Procedure and Policy. The outside of the envelope must be marked "Protest" and must specify RFP number 3734.

As a condition precedent to filing any protest related to this procurement, the Vendor must procure, submit to the **ITS** Executive Director with its written protest, and maintain in effect at all times during the course of the protest or appeal thereof, a protest bond in the full amount of the total estimated project lifecycle cost or \$250,000.00, whichever is less. The total estimated project lifecycle cost will be the amount used by **ITS** in the computation of cost points, as the low cost in the denominator of the cost evaluation formula. The bond shall be accompanied by a duly authenticated or certified document evidencing that the person executing the bond is a licensed Mississippi agent for the bonding company. This certified document shall identify the name and address of the person or entity holding the protest bond and shall identify a contact person to be notified in the event that the State is required to take action against the bond. The protest bond shall not be released to the protesting Vendor until the protest is finally resolved and the time for appealing said protest has expired. The protest bond shall be procured at the protesting Vendor's expense and be payable to the Mississippi Department of Information Technology Services. Prior to approval of the protest bond, **ITS** reserves the right to review the protest bond and require the protesting Vendor to substitute an acceptable bond in such form as the State may reasonably require. The premiums on such bond shall be paid by the protesting Vendor. The State may claim against the protest bond as specified in Section 25-53-5 (n) of the Mississippi Code of 1972, as amended during the 1998 Mississippi legislative session, in addition to all other rights and remedies the State may have at law or in equity.

Should the written protest submitted by the Vendor fail to comply with the content requirements of **ITS'** protest procedure and policy, fail to be submitted within the prescribed time limits, or fail to have the appropriate protest bond accompany it, the protest will be summarily dismissed by the **ITS** Executive Director.

41. **Mississippi Employment Protection Act**

Effective July 1, 2008, Vendor acknowledges that if awarded, it will ensure its compliance with the Mississippi Employment Protection Act, Section 71-11-1, et seq. of the Mississippi Code Annotated (Supp2008), and will register and participate in the status verification system for all newly hired employees. The term "employee" as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, "status verification system" means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. Vendor will agree to maintain records of such compliance and, upon request of the State, to provide a copy of each such verification to the State.

Vendor acknowledges and certifies that any person assigned to perform services hereunder meets the employment eligibility requirements of all immigration laws of the State of Mississippi.

Vendor acknowledges that violating the E-Verify Program (or successor thereto) requirements subjects Vendor to the following: (a) cancellation of any state or public contract and ineligibility for any state or public contract for up to three (3) years, with notice of such cancellation being made public, or (b) the loss of any license, permit, certification or other document granted to Vendor by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year, or (c) both. Vendor would also be liable for any additional costs incurred by the State due to contract cancellation or loss of license or permit.

SECTION V PROPOSAL EXCEPTIONS

Please return the *Proposal Exception Summary Form* at the end of this section with all exceptions to items in any Section of this RFP listed and clearly explained or state "No Exceptions Taken." If no *Proposal Exception Summary Form* is included, the Vendor is indicating that he takes no exceptions to any item in this RFP document.

1. Unless specifically disallowed on any specification herein, the Vendor may take exception to any point within this RFP, including a specification denoted with "shall" or "must," as long as the following are true:
 - 1.1 The specification is not a matter of State law;
 - 1.2 The proposal still meets the intent of the RFP;
 - 1.3 A *Proposal Exception Summary Form* is included with Vendor's proposal; and
 - 1.4 The exception is clearly explained, along with any alternative or substitution the Vendor proposes to address the intent of the specification, on the *Proposal Exception Summary Form*.
2. The Vendor has no liability to provide items to which an exception has been taken. **ITS** has no obligation to accept any exception. During the proposal evaluation and/or contract negotiation process, the Vendor and **ITS** will discuss each exception and take one of the following actions:
 - 2.1 The Vendor will withdraw the exception and meet the specification in the manner prescribed;
 - 2.2 **ITS** will determine that the exception neither poses significant risk to the project nor undermines the intent of the RFP and will accept the exception;
 - 2.3 **ITS** and the Vendor will agree on compromise language dealing with the exception and will insert same into the contract; or
 - 2.4 None of the above actions is possible, and **ITS** either disqualifies the Vendor's proposal or withdraws the award and proceeds to the next ranked Vendor.
3. Should **ITS** and the Vendor reach a successful agreement, **ITS** will sign adjacent to each exception which is being accepted or submit a formal written response to the *Proposal Exception Summary* responding to each of the Vendor's exceptions. The *Proposal Exception Summary*, with those exceptions approved by **ITS**, will become a part of any contract on acquisitions made under this RFP.
4. An exception will be accepted or rejected at the sole discretion of the State.
5. The State desires to award this RFP to a Vendor or Vendors with whom there is a high probability of establishing a mutually agreeable contract, substantially within the

standard terms and conditions of the State's RFP, including the *Standard Contract* in Exhibit A, if included herein. As such, Vendors whose proposals, in the sole opinion of the State, reflect a substantial number of material exceptions to this RFP, may place themselves at a comparative disadvantage in the evaluation process or risk disqualification of their proposals.

6. For Vendors who have successfully negotiated a contract with **ITS** in the past, **ITS** requests that, prior to taking any exceptions to this RFP, the individual(s) preparing this proposal first confer with other individuals who have previously submitted proposals to **ITS** or participated in contract negotiations with **ITS** on behalf of their company, to ensure the Vendor is consistent in the items to which it takes exception.

PROPOSAL EXCEPTION SUMMARY FORM

List and clearly explain any exceptions, for all RFP Sections and Exhibits, in the table below.

ITS RFP Reference	Vendor Proposal Reference	Brief Explanation of Exception	ITS Acceptance (sign here only if accepted)
(Reference specific outline point to which exception is taken)	(Page, section, items in Vendor's proposal where exception is explained)	(Short description of exception being made)

**SECTION VI
RFP QUESTIONNAIRE**

Please answer each question or provide the information as requested in this section.

1. Statewide Automated Accounting System (SAAS) Information for State of Mississippi Vendor File

1.1 **SAAS Vendor Code:** Any Vendor who has not previously done business with the State and has not been assigned a SAAS Vendor code should furnish a signed copy of an IRS W-9 form with the proposal. A copy of the W-9 Form can be obtained at the following link on the **ITS** website:

<http://www.its.ms.gov/Procurement/Pages/Vendor.aspx>

Vendors who have previously done business with the State should furnish **ITS** with their SAAS Vendor code.

SAAS Vendor Code: _____ OR Signed W-9 Form Attached: _____

1.2 **Vendor Self-Certification Form:** The State of Mississippi, in an effort to capture participation by minority Vendors, asks that each Vendor review the State of Mississippi Minority Vendor Self Certification Form. This information is for tracking/reporting purposes only, and will not be used in determining which Vendor will be chosen for the project. Any Vendor who can claim status as a Minority Business Enterprise or a Woman Business Enterprise in accordance with the definitions on this form and who has not previously submitted a form to the State of Mississippi should submit the completed form with the proposal. A copy of the Minority Vendor Self-Certification Form can be obtained at: http://www.mississippi.org/assets/docs/minority/minority_vendor_selfcertform.pdf. Please direct any questions about minority certification in Mississippi to the Minority Business Enterprise Division of the Mississippi Development Authority by telephone at (601) 359-3448 or via email at minority@mississippi.org.

Minority Vendor Self-Certification Form Included: _____
Minority Vendor Self-Certification Form Previously Submitted: _____
Not claiming Minority/Women Business Enterprise Status: _____

2. Certification of Authority to Sell

The Vendor must certify Vendor is a seller in good standing, authorized to sell and able to deliver all items and related services proposed in the State of Mississippi in the time frame specified. Does the Vendor make these certifications? (A yes or no answer is required.)

3. Certification of No Conflict of Interest

Mississippi law clearly forbids a direct or indirect conflict of interest of a company or its employees in selling to the State. The Vendor must answer and/or provide the following:

- 3.1 Does there exist any possible conflict of interest in the sale of items to any institution within **ITS** jurisdiction or to any governing authority? (A yes or no answer is required.)
- 3.2 If the possibility of a conflict does exist, provide a list of those institutions and the nature of the conflict on a separate page and include it in your proposal. The Vendor may be precluded from selling to those institutions where a conflict of interest may exist.

4. Pending Legal Actions

- 4.1 Are there any lawsuits or other legal proceedings against the Vendor that pertain to any of the software, hardware, or other materials and/or services which are a part of the Vendor's proposal? (A yes or no answer is required.)
- 4.2 If so, provide a copy of same and state with specificity the current status of the proceedings.

5. Non-Disclosure of Social Security Numbers

Does the Vendor acknowledge that any information system proposed, developed, or modified under this RFP that disseminates, in any form or manner, information or material that contains the Social Security Number of an individual, has mechanisms in place to prevent the inadvertent disclosure of the individual's Social Security Number to members of the general public or to persons other than those persons who, in the performance of their duties and responsibilities, have a lawful and legitimate need to know the individual's Social Security Number? This acknowledgement is required by Section 25-1-111 of the Mississippi Code Annotated.

6. Order and Remit Address

The Vendor must specify both an order and a remit address:

Order Address:

Remit Address (if different):

7. **Web Amendments**

As stated in Section III, **ITS** will use the **ITS** website to post amendments regarding RFPs before the proposal opening at:

http://www.its.ms.gov/Procurement/Pages/RFPS_Awaiting.aspx

ITS may post clarifications until noon seven days prior to the proposal opening date listed on the cover page of this RFP or the posted extension date, if applicable.

Vendors may list any questions or items needing clarification discovered in the week prior to the proposal opening in a written format at the beginning of the proposal binder or in the comment section for the individual offering.

Does the Vendor certify that they have reviewed a copy of the **ITS** amendments for RFPs as above stated? (A yes or no answer is required.)

**SECTION VII
 TECHNICAL SPECIFICATIONS**

1. How to Respond to this Section

- 1.1 Beginning with Item 3.1 of this section, label and respond to each outline point in this section as it is labeled in the RFP.
- 1.2 The Vendor must respond with “ACKNOWLEDGED,” “WILL COMPLY” or “AGREED” to each point in this section. In addition, many items in this RFP require detailed and specific responses to provide the requested information. Failure to provide the information requested will result in the Vendor receiving a lower score for that item, or, at the State’s sole discretion, being subject to disqualification.
- 1.3 “ACKNOWLEDGED” should be used when no vendor response or vendor compliance is required. “ACKNOWLEDGED” simply means the vendor is confirming to the State that he read the statement. This is commonly used in the RFP sections where the agency’s current operating environment is described or where general information is being given about the project.
- 1.4 “WILL COMPLY” or “AGREED” are used interchangeably to indicate that the vendor will adhere to the requirement. These terms are used to respond to statements that specify that a vendor or vendor’s proposed solution must comply with a specific item or must perform a certain task.
- 1.5 If the Vendor cannot respond with “ACKNOWLEDGED,” “WILL COMPLY,” or “AGREED,” then the Vendor must respond with “EXCEPTION.” (See Section V, for additional instructions regarding Vendor exceptions.)
- 1.6 Where an outline point asks a question or requests information, the Vendor must respond with the specific answer or information requested.
- 1.7 In addition to the above, Vendor must provide explicit details as to the manner and degree to which the proposal meets or exceeds each specification.

2. Procurement Project Schedule

Task	Date
First Advertisement Date for RFP	09/10/13
Second Advertisement Date for RFP	09/17/13
Deadline for Vendor’s Written Questions	3:00 p.m. Central Time on 09/24/13
Deadline for Questions Answered and Posted to ITS Web Site	10/02/13
Open Proposals	10/14/13
Evaluation of Proposals	10/14/13 - 10/25/13

Contract Negotiation	10/28/13 - 11/15/13
Proposed Project Implementation Start-up	12/01/13

3. Statement of Understanding

- 3.1 Vendors may request additional information or clarifications to this RFP using the following procedure:
 - 3.1.1 Vendors must clearly identify the specified paragraph(s) in the RFP that is in question.
 - 3.1.2 Vendor must deliver a written document to Donna Hamilton at ITS by Tuesday, September 24, 2013 at 3:00 p.m. Central Time. This document may be delivered by hand, mail, email, or fax. Address information is given on page one of this RFP. The fax number is (601) 713-6380. **ITS WILL NOT BE RESPONSIBLE FOR DELAYS IN THE DELIVERY OF QUESTION DOCUMENTS.** It is solely the responsibility of the vendor that the clarification document reaches **ITS** on time. Vendors may contact Donna Hamilton to verify the receipt of their document. Documents received after the deadline will be rejected.
- 3.2 All questions will be compiled and answered, and a written document containing all questions submitted and corresponding answers will be posted on the **ITS** web site by close of business on Wednesday, October 2, 2013.

4. General Overview and Background

In 2007, the Mississippi Coastal Health Information Exchange (MSCHIE) was established in the lower six coastal counties. The MSCHIE allowed coastal health care providers to share clinical information including lab results, radiology reports, medication history, pathology reports and discharge information. The MSCHIE is the foundation for the statewide Health Information Exchange, MS-HIN, which is hosted by Medicity, Inc.

In 2009, the State received American Reinvestment and Recovery funding to implement a statewide health information exchange. The Governor convened a group of stakeholders to evaluate MSCHIE and the decision was made to roll-out the coastal HIE infrastructure statewide. The Mississippi Health Information Network (MS-HIN) is the statewide Health Information Exchange (HIE) dedicated to helping health care providers securely share clinical information electronically. The goal of MS-HIN is to implement a secure, trusted health information exchange that provides a patient's complete medical history at the point of care fostering better quality care in a more efficient manner. To achieve this goal, MS-HIN established the following objectives:

- Patient-centric - First and foremost, all efforts will focus on patient privacy, patient outcomes, and patient safety;

- Timely Exchange of Information - Make all relevant health care information available when and where it is needed;
- Engage stakeholders - Efforts must create value for all participants, statewide and regionally, and for each stakeholder's interest. To promote acceptance and adoption, it is important to communicate with and educate all participants early and often regarding the value and benefits of HIE;
- Promote statewide HIE solutions - Every region of Mississippi is different and should be given the flexibility and standards to fit into the emerging HIE infrastructure in the way that is appropriate to service patients and protect patient health data;
- Build stakeholder trust - Create and foster trust by and between health care stakeholders to further the willingness to exchange health care information and data; and
- Provide a financially sustainable HIE that is not reliant on long-term public or grant funding.

Currently there are 10 hospitals participating in a robust exchange of health information and fully leveraging all the advantages from an HIE. MS-HIN has signed agreements with 35 hospitals and these are in various stages of on-boarding. As of August 2013, MS-HIN houses approximately 600,000 unique patients populated by interfaces from ten participating hospitals and 32 clinics located primarily in the Gulf Coast and Mississippi Delta regions. From these sites, a total of 1705 users have query access to the MS-HIN Community Health Record portal.

MS-HIN is issuing this Request for Proposal (RFP) to procure services for an electronic Event Notification System (ENS). MS-HIN's most pressing and immediate business need is the ability to provide daily batch notifications for payors including: (Mississippi Medicaid Care Coordination Organizations (CCOs), Accountable Care Organizations (ACO), providers, and MS Medicaid, providing these organizations with alerts of their members who have been discharged from a MS-HIN participating hospital or emergency department within the previous 24 hours. The State is seeking an experienced Vendor to develop and host an Event Notification System capable of interfacing with MS-HIN to exchange HL7 ADT messages.

5. **Technical Specification**

MS-HIN's major service offerings to this time have centered on electronic results delivery, integration with practice EHRs, and supporting required public health reporting of immunizations, bio surveillance data, and reportable lab results. MS-HIN's vendor for the HIE is Medicity. They also provide a consolidated Community Health Record. This data comes from hospitals via HL7 interfaces and CCD integration projects. These interfaces include structured data (ADT's & Lab Results) and text reports (Pathology, Radiology & Transcriptions).

The ENS system will support MS-HIN's goal of providing additional services that add value to the healthcare community, as well as support MS-HIN's sustainability model through involvement of the health plans/providers as active members of the MS-HIN health information exchange community.

5.1 Goals and Objectives

The ENS is the first phase of a more expansive vision for health data exchange with health plans. Later phases could potentially include: sending HL7 ADT messages to the health plans, providing them with on-line access through MS-HIN's provider portal to all the clinical data they are legally entitled to view, integrating clinical data feeds into health plan systems (analogous to EHR integration in the ambulatory practices), and receiving claims data from the health plans with appropriate elements incorporated into the Community Health Record as proxies for clinical data elements which MS-HIN does not receive from other sources. Responses to this Request for Proposal must address at minimum the approach for event notification, but may also include how the Vendor might address the later phases of health plan engagement.

MS-HIN has a commitment for financial support from Mississippi's Division of Medicaid and is currently working with their contracted Care Organizations (CCOs) to advance the vision of health data exchange that includes the health plans. The major goals and objectives for this project are as follows:

- **Goal 1**
The ENS project will rapidly provide measurable value to the CCOs. This will create momentum for the later phases of work and demonstrate a tangible value proposition for engagement of other health plans.
- **Goal 2**
The ENS project will provide immediate additional value to providers enrolled in MS-HIN by enabling them to receive timely (less than 24 hour) notification of hospital and emergency department admissions/discharges for their patients. This is of great importance in support of new payment models such as patient centered medical home (PCMH) and Accountable Care Organizations (ACOs).
- **Goal 3**
In order to ensure that MS-HIN will be able to use Cooperative Agreement grant funding to support this project, it must be initiated in MS-HIN's FY14, which ends June 30, 2014. Timing is a critical factor in this project, and contract language will include penalties for delays which jeopardize MS-HIN's grant funding.
- **Goal 4**
A desirable goal, but not absolutely required for this project, would be a solution that is extensible to other forms of secure communication, such as provider to patient, patient to provider, hospital or health plan to

provider, provider to hospital or health plan. These additional forms of notifications and alerts would support requirements of Meaningful Use Stage 2 around consumer engagement and quality improvement initiatives.

5.2 Phases

The Mississippi Health Information Network (MS-HIN) has a primary initial business requirement for an Event Notification System to address alerts and notifications to the two current Mississippi Medicaid-contracted Care Coordination Organizations (CCOs).

PHASE ONE

5.2.1 Phase One of this project will be a limited roll-out with two CCOs. All MS-HIN's participating hospitals send ADTs which the Vendor must be able to match with 100% accuracy to the beta CCOs and generate a daily report to the CCOs of their members who have been admitted/discharged from the hospital or emergency department. Phase One alerts will be limited to a single daily batch alert. At the end of Phase One, MS-HIN will make a decision regarding whether or not to proceed with Phase Two.

PHASE TWO

5.2.2 Phase Two of this project, assuming a successful Phase One, will involve expanding the service to provide alerts to other health plans and providers. Accuracy of matching the patient to the correct health plan is paramount in keeping with laws and regulations surrounding patient privacy and security. This phase will expand the frequency and delivery options for providing alerts. Delivery (transport) options and the frequency of alerts will need to be flexible to meet the needs of users with large patient monitoring programs and lower volume users that only need to monitor a small patient population. Phase Two will also add additional alert parameters that all MS-HIN members may choose from (Item 6.7).

6. Functional Requirements

6.1 The proposed solution must provide 100% accuracy in sending event information to the correct health plan/provider and there must be an ability to exclude notification of events where the event is self-paid. All privacy and security requirements set forth in federal and state law and regulation must be achievable within the proposed solution.

6.2 Vendor must provide a solution that guarantees the alert notification only goes to intended provider or health plan (or their designated staff member) for the designated patient and covered member during the period of coverage.

- 6.3 Vendor must describe how the proposed solution provides scalability and extensibility such that following Phase One it can subsequently be expanded to include notifications to other payors and to the patient's primary care provider (PCP) or other provider of record. Extensibility to additional use cases will receive favorable consideration, but is not a requirement under this Request for Proposal.
- 6.4 The solution must include tools for measuring utilization and volume of use (example: number of organizations/users sending/receiving data, number of messages delivered through ENS by organization and by user, etc.)
- 6.5 The purpose of the ENS Implementation project is to design, develop and implement an Event Notification System. Vendor must submit a high-level Project Work Plan that outlines the overall strategy and approach to providing the ENS.
- 6.6 The alerts/notifications need to be customizable per physician/practice/health plan and have a user interface that allows easy access to manage notifications.
- 6.7 The proposed solution must provide the following, but not limited to, event alerts/notifications:
 - 6.7.1 Inpatient Admission
 - 6.7.2 Inpatient Discharge
 - 6.7.3 ED Admission
 - 6.7.4 Final Lab Result
 - 6.7.5 Final Microbiology Result
 - 6.7.6 Final Radiology Result
- 6.8 The Vendor is encouraged to propose additional project phases which address additional use cases. MS-HIN may or may not consider additional use cases in evaluation of the proposal.
- 6.9 Vendor's proposals must address the following:
 - 6.9.1 Overall strategy and system architecture
 - 6.9.2 Tools and technologies included in the proposed solution
 - 6.9.3 Sources of all data required by the solution (example: hospital ADTs, eligibility files, etc.)
 - 6.9.4 The cost model should be based on one time implementation fees and Software licenses. Monthly support and maintenance fees will

cover the ongoing costs of the application. MS-HIN prefers a fixed monthly fee or a tiered maintenance fee. Vendors must not propose a per transaction fee structure.

6.9.4.1 Vendor must provide the costs associated with adding new users (e.g., providers, health plans) to the proposed Event Notification System. Vendor must include the costs in Section VIII, Cost Information Submission.

6.9.5 Hosting Fee

6.9.5.1 The State expects Phase One to include 100,000 covered lives. MS-HIN currently has 600,000 covered lives.

6.9.5.2 Beginning in Phase Two, the State prefers a tiered pricing structure for hosting fees to accommodate growth in the number of covered lives.

6.9.5.3 The Vendor must provide hosting fees in the format provided in Section VIII, *Cost Information Submission*, but Vendors may also propose other options they believe offer value.

6.9.6 Vendor must provide the location and describe the site where the proposed solution will be hosted. In addition, the Vendor must provide details describing security precautions used at the site.

6.9.7 Help Desk & Support

6.9.8 Software and Maintenance

6.9.9 Potential for future integration into the Medicity ProAccess platform using Medicity's development standards.

6.10 Vendor must outline in detail how they will accomplish the following:

6.10.1 Utilize existing data sources, such as ADT feeds and eligibility files, whether available through MS-HIN or elsewhere, to match the patient and event to the correct health plan/provider.

6.10.2 MS-HIN currently receives HL7 ADT message feeds from Mississippi acute care hospitals, but these messages typically do not include all the insurance segment information (IN1, IN2) necessary for accurate matching. Therefore, the proposed solution must address a method for ensuring that if the insurance segments of the ADTs are either blank or inaccurate, there is some form of cross check against health plan eligibility files which will be viewed as the source of truth.

- 6.10.2.1 If Vendor's proposed solution does not utilize IN1 fields, the Vendor must describe the process for updating and maintaining the eligibility files.
- 6.10.3 The proposal must address how this eligibility checking will be accomplished. Self-pay services must be excluded from notification to the CCOs (and to the other health plans in later phases). A method for MS-HIN to receive or generate metrics regarding patterns and volumes of utilization of the ENS services is expected as part of Phase One.
- 6.10.4 Vendor must describe how the proposed solution will exclude self-pay events from notification.
- 6.10.5 Provide a single daily alert to each of the health plans at the beginning of each day for hospital and emergency department discharges for their covered members for the past 24 hours.
- 6.10.6 Phase Two will also involve extending the service to providing alerts and notifications to providers and additional health plans not included in Phase One. The proposal must include a description of the tools and methods that will be used to match the alert or notification with the appropriate provider. It is imperative that protected health information (PHI) be handled and disclosed only as permitted by law and regulation, and the proposal must address how that will be assured.
- 6.10.7 The frequency and options for providing Phase Two alerts will be expanded from the Phase One offerings. Vendors must describe the options available for delivering alerts and the options available for selecting the frequency of delivery.
- 6.10.8 Validation or confirmation receipt of message.
- 6.10.9 Technical solution for providing the notification. Examples might include, but are not limited to:
- 6.10.9.1 EHR (or payor information system) integration through HL7 MDM inbound interface.
 - 6.10.9.2 Email alert sent to CCO Care Team/Practice accounts.
- 6.10.10 Ability for message recipient or staff to log into a hosted solution from multiple locations to review, triage and manage notifications and alerts.
- 6.10.11 Expand the service to include alerts and notifications to appropriate providers/health plans, with correct matching of patient, event, and provider.

6.10.12 If any additional use cases are proposed, a detailed description of the use case, the value proposition, and the tools, technologies and services to support them.

6.11 Vendor must provide at least one reference for an installation similar to the MS-HIN solution.

7. Technical Requirements

7.1 Vendor Solution Architecture Information

7.1.1 Vendor will describe the framework architecture along with solutions and 3rd party tools used by other vendors.

7.1.2 Vendor will use technology that can encode meanings separately from data and content files to properly flag the appropriate data to the appropriate payor/providers, etc. that will enable the ENS and the MCO care team/providers to understand, share and reconcile the appropriate data at execution time.

7.1.3 Vendor will define how the solution will be hosted (e.g., an ASP model). If any component(s) necessary for operation of the requested system is omitted from Vendor's proposal, Vendor must be willing to provide the component(s) at no additional cost.

7.2 Additional Project Information/Technical Design Work

7.2.1 Vendor must provide a sample view of the ENS system flow.

7.2.2 Vendor must provide a detailed outline of components utilized in the solution (i.e., EMPI, Certificates, etc.).

7.3 The Vendor must provide the following services:

7.3.1 Development of the ENS infrastructure;

7.3.2 Review of Technical Systems Design

7.3.3 Review Project-specific Source Code, as needed;

7.3.4 Assistance with Acceptance Testing and Pilot Evaluation;

7.3.5 Review All Project Deliverables;

7.3.6 Produce Monthly Project Status Reports;

7.3.7 Attend Project Meetings; and,

7.3.8 Provide Guidance and Counseling to MS-HIN leadership.

8. Implementation Requirements

8.1 Vendor must provide the expertise necessary for implementation and deployment of the solution, developing and delivering educational training, and project management services for:

8.1.1 Medicaid Care Coordination Organizations and other payors;

8.1.2 Hospitals and Acute Care Facilities;

8.1.3 Physician practices and their Care Teams; and

8.1.4 Other participants as indicated by additional use cases if proposed.

8.2 System Development & Implementation Phases

The major projects/phases and timeframes, as identified by MS-HIN stakeholders, are outlined below:

8.2.1 Planning & Design

The implementation approach and plans are finalized and approved, an RFP is issued, a prime Contractor is selected, and the contract begins.

8.2.2 Development & Phase I Implementation

After selecting the winning Vendor, construction of the infrastructure will commence. Phase One of this initiative, the MS-HIN seeks to utilize a solution that captures hospital's ADT data and generates a daily report for the two CCOs. This report will contain all admissions/discharges of the CCOs covered lives.

As part of MS-HIN's sustainability, the MS-HIN will provide CCOs and payors with clinical information pertaining only to their covered members or patients.

MS-HIN currently receives HL7 ADT message feeds from 1 hospitals in Mississippi which feed the MS-HIN community health record. The current HL7 ADT feeds generally do not include all the insurance segment information (IN1, IN2) typically collected upon registration. While some hospitals have eligibility checking on up-front registration, there are instances where upfront registrations are by-passed. In some instances, the information gathered later may not be entered into the system. In other instances, hospitals may not do all the necessary eligibility checking. (See Item 6.10.2)

The clinical health information must be properly associated with the appropriate payor/provider, etc. Self-pay claims are to be excluded from any alerts or notifications.

8.2.3 Expansion – Phase II Implementation

A decision milestone occurs at conclusion of Phase One. Assuming a successful Phase One, additional phases of this initiative will expand the ENS solution to include alerts and notifications to accommodate all MS-HIN data sending hospitals, all health plans and payors, Primary Care Physicians and other providers, and potentially other message recipients such as patient-centered medical homes and ACOs. During Phase Two, additional alerts/notifications set forth in Item 6.7 will be implemented. An optional final phase of this initiative may be an expansion of the ENS solution to enrich and deliver HL7 ADT messages directly to the health plans and payers.

9. Vendor Responsibilities

MS-HIN reserves the right to negotiate the requirements and associated reimbursement with the selected Vendor relative to ENS tasks listed below.

9.1 Project Scope

The Final Design Specification produced by the ENS Vendor(s) and approved by MS-HIN will define project scope. The ENS Vendor will be responsible for assisting MS-HIN in developing procedures to identify and resolve scope issues.

9.2 Project Schedule

The ENS Vendor's final work plan will outline the project schedule. The ENS Vendor will assist MS-HIN in developing procedures to manage the schedule as well as identify and resolve delays. The work plan must contain all significant work steps required for provision of the requested services. Timeframes must be specified in terms of work days or weeks after contract signing.

9.3 Project Expenditures

The ENS Vendor will assist MS-HIN in developing methods to track and report on all project expenditures.

9.4 Technical Compliance

The ENS Vendor will assist MS-HIN in developing performance metrics for the system development and implementation contract and will analyze Vendor performance against those metrics. The ENS Vendor will develop procedures to monitor compliance with all technical standards including

capacity issues, hardware and software specifications, response time, system availability, storage capacity and code efficiency.

9.5 Issues Tracking

The ENS Vendor will be responsible for reporting ENS project issues including, but not limited to, federal regulation and funding changes/issues, especially those affecting data exchange standards and HIPAA, which may impact the progress of MS-HIN's ENS project.

9.6 Review Technical Systems Design

The ENS Vendor will review and advise MS-HIN on issues concerning the implementation technical system design. The ENS Vendor must complete such reviews and provide written comments to the MS-HIN on a timely basis to allow MS-HIN leadership to evaluate and incorporate those comments into its formal response to the ENS implementation Vendor. The ENS Vendor will review:

- System architecture including hardware configuration and telecommunication/connectivity requirements.
- Overall logical design and processing efficiency.
- Data layouts.
- Report formats.
- Audit logs.
- Data validation, error detection and error correction procedures.
- Data flow processes.
- Logical and physical database designs.
- Organization of data structures, access methods and update procedures.
- Systems availability and response time (end to end) and potential bottlenecks.
- User interface design.
- Security interfaces.
- Standards (communications, code sets and transactions)

9.7 Assist with Acceptance Testing and Pilot Evaluation

The ENS Vendor will provide an acceptance test plan to ensure that the plan identifies all aspects of an operational system including training, user documentation, technical system environment and system functionality. The ENS Vendor will develop criteria to evaluate test results and assist MS-HIN in determining readiness to move to pilot testing (if identified by MS-HIN as needed) and to statewide implementation. The Vendor will evaluate and assist with system go-live activities including, but not limited to, ENS system performance metrics, help desk responsiveness and issue resolution, data quality monitoring, and system security.

9.8 Report on Project Status

The ENS Vendor will produce monthly and quarterly status reports. At a minimum these reports will track project progress, list issues, document resolved issues, and provide information on other subjects that impact the project.

9.9 Attend Meetings

During the course of this project, at a minimum, the Vendor will be required to attend regular meetings with MS-HIN staff.

9.10 Provide Guidance and Counsel

The Vendor will provide guidance and counsel to MS-HIN leadership on project direction and progress, costs issues, change order issues, and other project issues.

10. **Operations Support Program**

10.1 General

Vendor must provide Support Program services on a 24x7 basis for the ENS infrastructure. The Operations Support Program services must include the following services:

- 10.1.1 System Administration
- 10.1.2 Network Monitoring, Management, and Control
- 10.1.3 Network Security Monitoring
- 10.1.4 Performance Monitoring and Report Generation
- 10.1.5 Database Back-up, Restoration, and Storage
- 10.1.6 Disaster Recovery

- 10.2 The Vendor must assign, manage, and direct ample, trained, and properly equipped personnel resources for performance of the Operations Support Program.
- 10.3 Vendor must provide information necessary to calculate a three year lifecycle cost.

11. Additional Requirements

- 11.1 ITS acknowledges that the specifications within this RFP are not exhaustive. Rather, they reflect the known requirements that must be met by the proposed system. Vendors must specify, here, what additional components may be needed and are proposed in order to complete each configuration.

12. Scoring Methodology

- 12.1 An Evaluation Team composed of MS-HIN and **ITS** staff will review and evaluate all proposals. All information provided by the Vendors, as well as any other information available to evaluation team, will be used to evaluate the proposals.

- 12.1.1 Each category included in the scoring mechanism is assigned a weight between one and 100.

- 12.1.2 The sum of all categories, other than Value-Add, equals 100 possible points.

- 12.1.3 Value-Add is defined as product(s) or service(s), exclusive of the stated functional and technical requirements and provided to the State at no additional charge, which, in the sole judgment of the State, provide both benefit and value to the State significant enough to distinguish the proposal and merit the award of additional points. A Value-Add rating between 0 and 5 may be assigned based on the assessment of the evaluation team. These points will be added to the total score.

- 12.1.4 For the evaluation of this RFP, the Evaluation Team will use the following categories and possible points:

Category	Possible Points
Non-Cost Categories:	
Technical Requirements	25
Vendor Requirements	20
Support Services	20
Total Non-Cost Points	65
Cost	35
Total Base Points	100

Value Add	5
Maximum Possible Points	105

12.2 The evaluation will be conducted in four stages as follows:

12.2.1 Stage 1 – Selection of Responsive/Valid Proposals – Each proposal will be reviewed to determine if it is sufficiently responsive to the RFP requirements to permit a complete evaluation. A responsive proposal must comply with the instructions stated in this RFP with regard to content, organization/format, Vendor experience, number of copies, bond requirement, and timely delivery. No evaluation points will be awarded in this stage. Failure to submit a complete proposal may result in rejection of the proposal.

12.2.2 Stage 2 – Non-cost Evaluation (all requirements excluding cost)

12.2.2.1 Non-cost categories and possible point values are as follows:

Non-Cost Categories	Possible Points
Technical Requirements	25
Vendor Requirements	20
Support Services	20
Maximum Possible Points	65

12.2.2.2 Proposals meeting fewer than 80% of the requirements in the non-cost categories may be eliminated from further consideration.

12.2.2.3 ITS scores the non-cost categories on a 10-point scale, with 9 points for meeting the requirement. The ‘Meets Specs’ score for each category is 90% of the total points allocated for that category. For example, the ‘Support Services’ category was allocated 20 points; a proposal that fully met all requirements in that section would have scored 18 points. The additional 10% is used for a proposal that exceeds the requirement for an item in a way that provides additional benefits to the state.

12.3 Stage 3 – Cost Evaluation

12.3.1 Points will be assigned using the following formula:

$$(1 - ((B - A) / A))^n$$

Where:

A = Total lifecycle cost of lowest valid proposal
 B = Total lifecycle cost of proposal being scored
 n = Maximum number of points allocated to cost for acquisition

12.3.2 Cost categories and maximum point values are as follows:

Cost Category	Possible Points
Lifecycle Cost	35
Maximum Possible Points	35

12.4 Stage 4 – Selection of the successful Vendor

12.4.1 On-site Demonstrations and Interviews

12.4.1.1 At the discretion of the State, evaluators may request interviews, on-site presentations, demonstrations or discussions with any and all Vendors for the purpose of system overview and/or clarification or amplification of information presented in any part of the proposal.

12.4.1.2 If requested, Vendors must be prepared to make on-site demonstrations of system functionality and/or proposal clarifications to the evaluation team and its affiliates within seven calendar days of notification. Each presentation must be made by the project manager being proposed by the Vendor to oversee implementation of this project.

12.4.1.3 Proposed key team members must be present at the on-site demonstration. The evaluation team reserves the right to interview the proposed key team members during this onsite visit.

12.4.1.4 Although on-site demonstrations may be requested, the demonstration will not be allowed in lieu of a written proposal.

12.4.2 Site Visits

12.4.2.1 At the State's option, Vendors that remain within a competitive range must be prepared to provide a reference site within seven calendar days of notification. If possible, the reference site should be in the Southeastern region of the United States. Vendor must list potential reference sites in the proposal.

- 12.5 Final Quantitative Evaluation - Following any requested presentations, demonstrations, and/or site visits, the Evaluation Team will re-evaluate any technical/functional scores as necessary. The technical/functional and cost scores will then be combined to determine the Vendor's final score.

SECTION VIII COST INFORMATION SUBMISSION

Vendors must propose a summary of all applicable project costs in the matrix that follows. The matrix must be supplemented by a cost itemization fully detailing the basis of each cost category. The level of detail must address the following elements as applicable: item, description, quantity, retail, discount, extension, and deliverable. Any cost not listed in this section may result in the Vendor providing those products or services at no charge to the State or face disqualification.

1. Cost Proposal

- 1.1. The Vendor's cost proposal must include all costs to completely engineer, furnish and install, configure, optimize, test, train the users, perform warranty and post warranty maintenance, and perform operations support for the system proposed.
- 1.2. Costs must include the pro rata of mobilization, overhead, profit and/or other costs that cannot be uniquely associated with a specific site or equipment component.
- 1.3. The Vendor must submit cost data for the proposed system using formats in Tables VIII-1. Cost data must be presented in Microsoft Excel Spreadsheets. The content of the Vendor's cost proposal must be based upon the state requirement and the costs proposed to the State of Mississippi.
- 1.4. The Vendor agrees that each Appropriate Change Order Rate shall be a "fully loaded" rate, that it includes, but is not limited to the cost of all materials, travel expenses, per diem, and all other expenses and incidentals incurred by the Vendor in the performance of the Change Order.
- 1.5. Vendors should not propose contracts on the basis of cost-plus or open-ended rate schedules, nor for any non-fixed arrangement. Any additional technical service required by MSDH during implementation or afterwards may be negotiated on a task-order basis based upon the Vendor's change order rate.

2. Cost Components

2.1. General

The cost components of the proposed system are composed of the following elements:

- ENS Implementation
 - Project Management

- System Engineering
- Hardware / Software
- Configuration
- Training
- Reoccurring Fees
- Onboarding fees per facility

It is the State’s intent to obtain cost granularity for each of the cost elements noted. Vendor should maximize the degree and level of detail in proposed cost summaries.

2.2. ENS Implementation

The Vendor must include all costs for System Implementation using the format in Table VIII-1 (template should be modified as required for the proposed system configuration). System Implementation is defined as all equipment and services to fully implement and integrate all elements into a complete and functioning system meeting the stated requirements and as proposed in the Vendor’s statement of work.

**Table VIII-1
 ENS Implementation Cost Template**

Description	Quantity	Unit Cost	Extended Cost
Software License:			
Event Notification System License			
Implementation Costs:			
Project Management and Administration			
ENS Initial Implementation Costs (one time fees			
Connection / Implementation fees (onboarding per facility) (6.9.4.1)			
CCO/ACO			
Hospital			

Provider Practice			
Hosting (6.9.5)			
Hosting Fee (Phase 1, 100,000 covered lives)			
Hosting Fee (Phase 2, Tiered)			
Maintenance Costs:			
Maintenance of batch file (6.10.5)			
Maintenance & Support ENS System:			
Year 1			
Year 2			
Year 3			
Training Costs:			
Other Costs: (specify)			
Change Order Rates:			
If Change Order Rate varies depending on the level of support, Vendor should specify the Change Order Rate according to position.			
Fully Loaded Change Order Rate			

SECTION IX REFERENCES

Please return the following Reference Forms, and if applicable, Subcontractor Reference Forms.

1. References

- 1.1 The Vendor must provide at least **3** references consisting of Vendor accounts that the State may contact. One reference must be for an installation similar to MS-HIN solution. Required information includes customer contact name, address, telephone number, email address, and engagement starting and ending dates. Forms for providing reference information are included later in this RFP section. The Vendor must make arrangements in advance with the account references so that they may be contacted at the Project team's convenience without further clearance or Vendor intercession.
- 1.2 Any of the following may subject the Vendor's proposal to being rated unfavorably relative to these criteria or removed from further consideration, at the State's sole discretion:
 - 1.2.1 Failure to provide reference information in the manner described;
 - 1.2.2 Inability of the State to substantiate minimum experience or other requirements from the references provided;
 - 1.2.3 Non-responsiveness of references to the State's attempts to contact them; or
 - 1.2.4 Unfavorable references that raise serious concerns about material risks to the State in contracting with the Vendor for the proposed products or services.
- 1.3 References should be based on the following profiles and be able to substantiate the following information from both management and technical viewpoints:
 - 1.3.1 The reference installation must be for a project similar in scope and size to the project for which this RFP is issued;
 - 1.3.2 The reference installation must have been operational for at least six (6) months.
- 1.4 The State reserves the right to request information about the Vendor from any previous customer of the Vendor of whom the State is aware, including the procuring agency and/or other agencies or institutions of the State, even if that customer is not included in the Vendor's list of references, and to utilize such information in the evaluation of the Vendor's proposal.

- 1.5 Unless otherwise indicated in the Scoring Methodology in Section VII, reference information available to the State will be used as follows:
 - 1.5.1 As documentation supporting mandatory experience requirements for companies, products, and/or individuals, as required in this RFP;
 - 1.5.2 To confirm the capabilities and quality of a Vendor, product, or individual for the proposal deemed lowest and best, prior to finalizing the award.
- 1.6 The State reserves the right to forego reference checking when, at the State's sole discretion, the evaluation team determines that the capabilities of the recommended Vendor are known to the State.

2. **Subcontractors**

The Vendor's proposal must identify any subcontractor that will be used and include the name of the company, telephone number, contact person, type of work subcontractor will perform, number of certified employees to perform said work, and three (3) references for whom the subcontractor has performed work that the State may contact. Forms for providing subcontractor information and references are included at the end of this section.

Unless otherwise noted, the requirements found in the References section may be met through a combination of Vendor and subcontractor references and experience. Vendor's proposal should clearly indicate any mandatory experience requirements met by subcontractors. NOTE: The State reserves the right to eliminate from further consideration proposals in which the prime Vendor does not, in the State's sole opinion, provide substantive value or investment in the total solution proposed. (i.e. the State does not typically accept proposals in which the prime Vendor is only a brokering agent.)

**EXHIBIT A
STANDARD CONTRACT**

A properly executed contract is a requirement of this RFP. After an award has been made, it will be necessary for the winning Vendor to execute a contract with **ITS**. The inclusion of this contract does not preclude **ITS** from, at its sole discretion, negotiating additional terms and conditions with the selected Vendor(s) specific to the projects covered by this RFP.

If Vendor cannot comply with any term or condition of this Standard Contract, Vendor must list and explain each specific exception on the *Proposal Exception Summary Form* included in Section V.

**PROJECT NUMBER 40736
SOFTWARE LICENSE AND APPLICATION SERVICE PROVIDER AGREEMENT
BETWEEN
INSERT VENDOR NAME
AND
MISSISSIPPI DEPARTMENT OF INFORMATION TECHNOLOGY SERVICES
AS CONTRACTING AGENT FOR THE
MISSISSIPPI HEALTH INFORMATION NETWORK**

This Software License and Application Service Provider Agreement (hereinafter referred to as "Agreement") is entered into by and between, **INSERT VENDOR NAME**, a **INSERT STATE OF INCORPORATION** corporation having its principal place of business at **INSERT VENDOR ADDRESS** (hereinafter referred to as "Licensor"), and Mississippi Department of Information Technology Services having its principal place of business at 3771 Eastwood Drive, Jackson, Mississippi 39211 (hereinafter referred to as "ITS"), as contracting agent for the Mississippi Health Information Network, located at 805 South Wheatley, Suite 540, Ridgeland, Mississippi 39157 (hereinafter referred to as "Licensee" and/or "MS-HIN"). ITS and MS-HIN are sometimes collectively referred to herein as "State."

WHEREAS, MS-HIN, pursuant to Letter of Configuration 40736 dated **INSERT LOC DATE** (hereinafter referred to as "LOC"), based on General Request for Proposals ("RFP") No. 3734 requested proposals for the services of a contractor to host and maintain an Application Service Provider ("ASP") solution for an Event Notification System (ENS) for Managed Care Organizations, Payor and Provider Care Management Alerts System; and

WHEREAS, Licensor was the successful proposer in an open, fair and competitive procurement process to provide the software and services described herein;

NOW THEREFORE, in consideration of the mutual understandings, promises and agreements set forth, the parties hereto agree as follows:

ARTICLE 1 DEFINITIONS

1.1 “Active User” means MS-HIN employees, and MS-HIN Subscribers actively participating on the system in any given month of operation, who shall be bound to the terms and conditions of this Agreement. Licensor does not impose a limit on the number of Active Users accessing or registering to use the system.

1.2 “Available Date” means the date upon which Licensor notifies MS-HIN that the Software may be accessed on the Licensor’s ASP server and MS-HIN may begin acceptance testing.

1.3 “Content” means any content provided by or through Active Users for use with the Software.

1.4 “Documentation” means the published user and technical manuals and documentation that Licensor makes generally available for the Software; the help files included within the Software, and any files containing presentation materials or manuals or other related materials to train and educate Licensee and the Active Users on the use of the Software.

1.5 “Enhancements” means the corrections, updates, upgrades or new versions of the Software or Documentation that Licensor may provide to Licensee under this Agreement.

1.6 “Licensee” means the Mississippi Health Information Network, its employees, MS-HIN Subscribers and any third party consultants or outsourcers engaged by MS-HIN who have a need to know and who shall be bound by the terms and conditions of this Agreement.

1.7 “Licensor” means **INSERT VENDOR NAME**, and its successors and assigns.

1.8 “Products” means the Software, Documentation, Corrections, Enhancements and any copy of the Software, Documentation, Corrections, or Enhancements provided by the Licensor.

1.9 “Services” means any on-line user access, customizations, interface development, consulting, education, ASP installation, system administration, training, maintenance, support, and Help Desk services provided by Licensor to Licensee.

1.10 “Software” means the machine-readable object code version of the computer programs whether embedded on disc, tape or other media used for the management of the web-based Event Notification System (ENS) for Managed Care Organizations, Payor and Provider Care Management Alerts System and Supported Interfaces (and any Documentation and help files within the Software), including any Enhancements provided pursuant to the maintenance and support terms identified herein.

1.11 “Software Error” means a reproducible defect or combination thereof in the Software that results in a failure of the Software when used in accordance with the Documentation. Software Errors do not include those errors caused by (a) Licensee’s negligence, (b) any unauthorized modification or alteration Licensee makes to the Software, (c) data that does not

conform to Licensor's specified data format, (d) operator error, or (e) use not conforming to the Licensor's supported technical environment specified in the Documentation.

1.12 "Supported Interfaces" means application-based interfaces (API), network protocols, data formats, database schemas, and file formats used in the Software as described in the Documentation.

ARTICLE 2 PERIOD OF PERFORMANCE

2.1 Unless this Agreement is extended by mutual agreement or terminated as prescribed elsewhere herein, this Agreement shall begin on the date it is signed by all parties and shall continue in effect until the Licensor completes all tasks required herein pursuant to the project work plan, including services during the 3 year hosting term. The web-based Event Notification System (ENS) for Managed Care Organizations, Payor and Provider Care Management Alerts system, as customized for the State of Mississippi, must be implemented; fully functional; accepted by MS-HIN, and all tasks (excluding hosting) required herein, including but not limited to development of required interfaces and training, completed on or before **INSERT COMPLETION DATE**, unless a change in this date is mutually agreed to in writing by the State and the Licensor. At the end of 3 year initial ASP services term, the ASP services may, upon the written agreement of the parties, be renewed under the same terms and conditions for **INSERT RENEWAL TERMS** terms. One hundred and eighty (180) days prior to the expiration of the initial hosting term or any renewal hosting term of this Agreement, Licensor shall notify MS-HIN and ITS of the impending expiration and MS-HIN shall have sixty (60) days in which to notify Licensor of its intention to either renew or cancel the ASP services.

2.2 This Agreement will become a binding obligation on the State only upon the issuance of a valid purchase order by MS-HIN following contract execution and the issuance by ITS of the CP-1 Acquisition Approval Document.

ARTICLE 3 SCOPE OF SERVICES

3.1 The Licensor agrees to provide to MS-HIN an ASP based Event Notification System (ENS) for Managed Care Organizations, Payor and Provider Care Management Alerts system and Services and associated deliverables required to provide, host and maintain a web based application for MS-HIN as described in this Agreement. While the scope of work for this project is defined by the contract documents set forth herein in the article titled "Entire Agreement", a summary of such work is outlined in Article 3.5 below.

3.2 The Licensor acknowledges that MS-HIN intends to be actively involved in the day-to-day progress of the project. The Licensor agrees to (a) obtain MS-HIN's approval of all tasks and the time schedule for completion of said tasks prior to commencing performance, if not already contained in the approved project work plan; (b) make available to the State project team members all project work papers and work-in-progress for review; (c) ensure that the Licensor Project Manager works closely together with the State Project Manager, (d) provide MS-HIN access to the host website; (e) meet with MS-HIN on a regular basis at a mutually agreeable time, and as otherwise requested by MS-HIN, to discuss the status of the project, and

(f) if required by MS-HIN, submit written project status reports.

3.3 The parties understand and agree that the project shall be structured with interim deliverables as set forth in the agreed upon project work plan so as to allow MS-HIN an opportunity to accept or reject the deliverables, including but not limited to, specifications, requirement definitions, process designs, data analyses, web layouts, screen layouts, and report layouts. The actual customizations shall not begin until after MS-HIN has communicated its conceptual approval of the results the Licensor plans to provide. MS-HIN shall have ten (10) business days to review interim materials, which review period can only be reduced by mutual agreement of the Licensor and MS-HIN.

3.4 It is understood by the parties that the project work plan must be in place within fifteen (15) business days of execution of this Agreement and prior to any other work being performed. Once this mutually agreed upon project work plan, which will identify specific time frames and deliverable target dates for this project, has been developed, it will be incorporated into and made a part of this Agreement. The dates in the project work plan will define the agreed upon period of performance. The parties acknowledge that the project work plan will evolve and change from time to time upon the mutual written agreement of both parties. The parties agree that the deliverables and schedule set forth in the latest version of the project work plan will take precedence over any prior plans.

3.5 Licensor shall be responsible for the following:

- A.** Ensuring that all deliverables are complete and accepted by MS-HIN pursuant to the mutually agreed upon project work plan;
- B.** Ensuring that the host site complies with PriorityOne of the World Wide Web Consortium's (W3C's) Web Accessibility Initiative and guidelines in Section 508 of the Rehabilitation Act that are not covered in W3C Priority;
- C.** Ensuring that the site is accessible through MS-HIN's published universal resource locator ("URL") rather than through Licensor's site address;
- D.** Reviewing with MS-HIN the Content a minimum of once a quarter to ensure that the Content remains timely and accurate and reaching an agreement with **MS-HIN** as to reasonable timelines for implementing Content updates delivered to the Licensor that will be posted on the site;
- E.** Tracking date sensitive items to ensure timely updates;
- F.** All Content provided by the Licensee and collected by the Software shall remain the sole and exclusive property of the Licensee. Upon the termination or expiration of this Agreement, Licensor shall provide such Content in its possession to the Licensee pursuant to a mutually agreed upon release schedule;
- G.** Working with MS-HIN to achieve access rates that meet MS-HIN's needs;
- H.** Providing security for the host site that is agreeable to MS-HIN with Licensor responsible for all necessary equipment and software related to security;
- I.** Maintaining the accessibility of the site twenty-four (24) hours a day, seven (7) days a week at an uptime rate of 99% or greater, subject to the limitations set forth in

this Agreement, including but not limited to, those in Article 4.4;

- J.** Completing daily backups of the site;
- K.** Notifying MS-HIN at least three (3) business days prior to any anticipated service interruption, with said notice containing a general description of the reason for the service interruption;
- L.** Proposing and adhering to a disaster recovery plan and providing access to such plan to the State, all at Licensor's expense;
- M.** Participating with MS-HIN in disaster recovery planning and testing based on a mutually agreed upon schedule;
- N.** Maintaining the confidentiality of the data entered;
- O.** Providing MS-HIN access to all of the technical information concerning operation of the site, including but not limited to, server specifications, Internet connection information, personnel requirements and software implementations;
- P.** Identifying any commercially available software, by vendor and version number, integrated into the Products and describing the particular functionality of any software that is proprietary to the Licensor;
- Q.** Maintaining the host site, with the cost for such support, maintenance, and hosting for years following the initial 3 year period not increasing annually beyond five percent (5%) or the percent increase in the consumer price index for all Urban Consumers, US City Average (C.P.I.-U) for the preceding year, whichever is less;
- R.** Providing 24x7x365 support of the web site, including sub-domain support;
- S.** Providing redundant internet connections;
- T.** Providing Dual T1 or greater connectivity;
- U.** Providing FTP and remote configuration access;
- V.** Providing SSL secure server support;
- W.** Providing monthly reports containing line utilization, site availability statistics, network usage, security user access reports and system performance data to MS-HIN;
- X.** Maintaining sufficient bandwidth and server capacity to meet MS-HIN and Active Users' demand as it may fluctuate and increase during the term of this Agreement, and
- Y.** Ensuring that upon termination or expiration of this Agreement that transition of the site from the Licensor to MS-HIN or to a successor host will be accomplished at no expense to MS-HIN, and with minimal interruption of the site's accessibility and insignificant changes in the site's appearance and functionality.

3.6 In the event Licensor creates any revisions to or upgrades of the system, Licensor shall provide Licensee thirty (30) days written notification of such revision or upgrade, and shall, upon request of Licensee, furnish such revision or upgrade to Licensee free of charge as part of the ASP fees.

ARTICLE 4 SCOPE OF LICENSE AND HOSTING SERVICES

4.1 Subject to the terms and conditions of this Agreement, Licensor hereby grants to Licensee a non-exclusive and non-transferable license to access the Software over the Internet and to use it for Licensee's business operations and use it on the Licensor's host server for the initial term of the Agreement and any subsequent renewal hosting terms in accordance with,

and subject to, the terms and conditions set forth in this Agreement. Licensee and Active Users are granted access to the Software, Products and Services twenty-four (24) hours a day, seven (7) days a week, three hundred and sixty five (365) days a year, subject to regularly scheduled maintenance and required repairs. The terms and conditions of this Agreement will apply to any Enhancements or additional Software Products Licensee may procure from Licensor.

4.2 Licensor will provide Licensee storage space on and access to Licensor's Software via the Internet and provide Internet access to the Software to the Active Users through Licensor's site ("ASP Services").

4.3 In connection with the ASP Services, Licensor will provide and maintain all Software and hardware, including, but not limited to, the server hardware and software, telecommunications hardware and software, security hardware and software and other software that is reasonably necessary to operate and maintain the Software.

4.4 The Software will be accessible at least ninety nine percent (99%) of the time, twenty-four (24) hours a day, seven (7) days a week, except for scheduled maintenance and required repairs, and except for any loss or interruption of the ASP Services due to causes beyond the control of Licensor. In the event that MS-HIN or an Active User is unable to achieve the 99% application availability during any given month, excluding scheduled maintenance, required repairs, and unavailability due to causes beyond the control of Licensor, the Licensor shall reimburse MS-HIN twenty five percent (25%) of the monthly ASP hosting fees for each twenty-four (24) hour day during which there were any incidents of unavailability. Licensor shall maintain the server at a secured location with restricted access.

4.5 Licensor shall provide the Licensee with its standard managed firewall service, which shall enable secure delivery of Licensor's application services using fully redundant hardware-based firewalls. Licensor's managed firewall service will be available twenty-four (24) hours a day, seven (7) days a week.

4.6 The use of the Software by Active Users will be governed solely by the terms and conditions of this Agreement.

4.7 Licensor acknowledges that the Content is and shall remain the sole and exclusive property of Licensee. Further, Licensor acknowledges that the Content may contain valuable trade secrets of Licensee and Licensor agrees to maintain the confidentiality of the Content and shall not make the Content publicly available except as may be necessary in performing the ASP Services.

4.8 Licensee acknowledges that the Software Products shall remain the exclusive property of Licensor. Licensee agrees that except as noted herein, it will not otherwise copy, translate, modify, adapt, decompile, disassemble or reverse engineer any of the Software without the prior written consent of Licensor.

4.9 Licensor represents and warrants that it will comply with the state's data breach notification laws codified at Section 75-24-29 of the Mississippi Code Annotated (Supp 2012). Further, to the extent applicable, Licensor represents and warrants that it will comply with the applicable provisions of the HIPAA Privacy Rule and Security Regulations (45 CFR Parts 160, 162 and 164) ("Privacy Rule" and "Security Regulations", individually; or "Privacy and Security Regulations", collectively); and the provisions of the Health Information Technology for Economic and Clinical Health Act, Title XIII of the American Recovery and Reinvestment Act of 2009, Pub. L. No. 111-5 (the "HITECH Act").

ARTICLE 5 DELIVERY; RISK OF LOSS, AND ACCEPTANCE

5.1 Licensor shall deliver, install, and make available the Software and Documentation to the Licensor's hosting environment, except as otherwise specified, and pursuant to the delivery schedule mutually agreed to by the parties.

5.2 Licensor shall assume and bear the entire risk of loss and damage to the Products from any cause whatsoever while in transit and at all times throughout Licensor's possession thereof.

5.3 MS-HIN shall have thirty (30) calendar days after the Available Date to evaluate and conduct the final acceptance testing of the Software to confirm that it performs without any defects and performs in accordance with the requirements of this Agreement. MS-HIN shall immediately thereafter notify Licensor of any defects in the Software, which must be corrected. Thereafter, Licensor shall have ten (10) business days in which to either repair or replace the defective Software unless both parties agree to extend this period, all at Licensor's expense. In the event Licensor is unable to repair or replace the Software within this ten (10) day period, **MS-HIN** may terminate this Agreement pursuant to the Termination Article herein.

ARTICLE 6 CONSIDERATION AND METHOD OF PAYMENT

6.1 The total compensation to be paid to the Licensor by MS-HIN for all development, maintenance and ASP services, customizations, products, travel, performances and expenses under this Agreement shall not exceed the specified sum of **\$INSERT TOTAL COMPENSATION**, and shall be payable as set forth in the Payment Schedule attached hereto as Exhibit A.

6.2 Licensor shall submit invoices with the appropriate documentation to MS-HIN monthly for any month in which ASP services and/or other Services are rendered. Licensor shall submit invoices and supporting documentation to MS-HIN electronically during the term of this Agreement using the processes and procedures identified by the State. MS-HIN agrees to make payment in accordance with Mississippi law on "Timely Payments for Purchases by Public Bodies", Section 31-7-301, et seq. of the 1972 Mississippi Code Annotated, as amended, which generally provides for payment of undisputed amounts by MS-HIN within forty-five (45) days of receipt of the invoice. Licensor understands and agrees that MS-HIN is exempt from the payment of taxes. All payments shall be in United States currency. Payments by state agencies using the Statewide Automated Accounting System ("SAAS") shall be made and remittance

information provided electronically as directed by the State. These payments by SAAS agencies shall be deposited into the bank account of the Licensor's choice. No payment, including final payment, shall be construed as acceptance of defective or incomplete work, and the Licensor shall remain responsible and liable for full performance.

6.3 Acceptance by the Licensor of the last payment due from MS-HIN under this Agreement shall operate as a release of all claims for money against the State by the Licensor and any subcontractors or other persons supplying labor or materials used in the performance of the work under this Agreement.

ARTICLE 7 WARRANTY

7.1 Licensor represents and warrants that it has the right to license the Products provided under this Agreement.

7.2 Licensor represents and warrants that the Products provided by Licensor shall meet or exceed the minimum specifications set forth in RFP No. 3734 and Licensor's Proposal, as accepted by the State, in response thereto.

7.3 During the term of this Agreement, the Licensor represents and warrants that all deliverables shall be free from any defect, deficiency, faultiness, imperfection, inadequacy, incompleteness or other condition (collectively referred to herein as "Defect") which would render any such deliverable inoperable in any way or which would prevent full performance in accordance with this Agreement. This warranty includes, without limitation, correction of errors, design deficiencies, performance deficiencies, and incorrect or defective Documentation, including those found during acceptance testing, implementation, and the warranty period. Acceptance testing shall not in any way relieve the Licensor of its responsibilities to correct any Defect during the warranty period. The Licensor shall repair any Defect at no cost to the State within ten (10) business days of receiving notice of the Defect from the State, unless MS-HIN consents in writing to a longer period of repair time. In the event Licensor is unable to repair or replace the Software within the mutually agreed upon time frame after receipt of notice of the Defect, MS-HIN shall be entitled to a full refund of fees paid and shall have the right to terminate this Agreement in whole or in part as provided for in the Termination Article herein. Licensee's rights hereunder are in addition to any other rights Licensee may have.

7.4 During the term of this Agreement, the Licensor represents and warrants that its Services hereunder shall be performed by competent personnel and shall be of professional quality consistent with generally accepted industry standards for the performance of such Services and shall comply in all respects with the requirements of this Agreement. For any breach of this warranty, Licensor shall perform the Services again, at no cost to the State, or if Licensor is unable to perform the Services as warranted, Licensor shall reimburse the State the fees paid to Licensor for the unsatisfactory Services.

7.5 Licensor represents and warrants that neither the Software, nor Enhancements shall contain a disabling code, lockup program or device. Licensor further agrees that it will not, under

any circumstances including enforcement of a valid contract right, (a) install or trigger a lockup program or device, or (b) take any step which would in any manner interfere with Licensee's licensed use of the Software, or Enhancements and/or which would restrict Licensee from accessing its data files or in any way interfere with the transaction of Licensee's business. For any breach of this warranty, Licensor at its expense shall, within ten (10) business days after receipt of notification of the breach, deliver Products to Licensee that are free of such disabling code, lockup program or device.

7.6 Licensor represents and warrants that neither the Software, nor Enhancements delivered to Licensee contain a computer virus. For purposes of this provision, a computer virus shall be defined as code intentionally inserted in the Software or Enhancements that will damage or destroy Licensee's applications or data. For any breach of this warranty, Licensor at its expense shall, within five (5) business days after receipt of notification of the breach, deliver Products to Licensee that are free of any virus, and shall be responsible for repairing, at Licensor's expense, any and all damage done by the virus to Licensee's site.

7.7 The Licensor represents and warrants that, upon completion of the project, the Licensor, and all subcontractors, if any, shall convey to MS-HIN copies of all interim reports, cost records, data collection forms, and any working papers that support the final acceptance.

7.8 Licensor represents and warrants that it has obtained all necessary rights to permit use of the graphics on the site and that the Licensor shall provide MS-HIN with evidentiary proof of graphic licenses and releases. Further, the Licensor represents and warrants that all Licensor-supplied graphics and content contains no scandalous or libelous material.

7.9 The Licensor represents and warrants that the deliverables provided to MS-HIN under this Agreement, and their use by Active Users, will not infringe or constitute an infringement of any copyright, patent, trademark, servicemark, trade secret or other proprietary right of any person or entity. Licensee agrees that it will promptly notify Licensor in writing of any such claim or action of which it has knowledge, and that it will cooperate fully in the defense and investigation of the claim by supplying Licensor all relevant information currently available and in its possession, all at Licensor's expense. Licensor shall, to the extent authorized by Mississippi law, have sole control over the defense or settlement of any such claim or action. Licensor, at its own expense, shall defend or settle any and all infringement actions filed against Licensor or the State which involve the deliverables or other items provided under this Agreement and shall pay all settlements, as well as all costs, attorney fees, damages and judgment finally awarded against the State. If, in any such suit arising from such claim, the continued use of the items for the purpose intended is enjoined or threatened to be enjoined by any court of competent jurisdiction, Licensor shall, at its expense: (a) procure for the State the right to continue using such items, or (b) modify or replace them with non-infringing items with equivalent functionality, or, to the extent (a) or (b) cannot be done despite Licensor's commercially reasonable efforts, (c) refund to the State the fees previously paid by the State for the infringing Products. Said refund shall be paid within ten (10) business days of notice to the State to discontinue said use. In addition to the foregoing, the Licensor shall indemnify the State in accordance with the

provisions of Article 18 herein.

7.10 Licensor represents and warrants that the host site provided by the Licensor shall be reasonably expandable and scalable so MS-HIN can add and support additional business functions and users over time. It is understood and agreed that any standard revisions, enhancements, improvements, and upgrades to the licensed Software and host site equipment during the term of this Agreement, including operating system, database management system, and other software, shall be provided by Licensor to MS-HIN at no additional cost to MS-HIN.

7.11 Licensor represents and warrants that it presently has and will continue to maintain, at its own expense, throughout the term of this Agreement, valid licenses for all software, trademarks, service marks, patents and copyrighted material and any other proprietary information of a third party that it will deploy in support of all products Licensor uses in the performance of this Agreement.

7.12 If applicable under the given circumstances, Licensor represents and warrants that it will ensure its compliance with the Mississippi Employment Protection Act, Section 71-11-1, et seq. of the Mississippi Code Annotated (Supp2008), and will register and participate in the status verification system for all newly hired employees. The term "employee" as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, "status verification system" means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. Licensor agrees to maintain records of such compliance and, upon request of the State and approval of the Social Security Administration or Department of Homeland Security where required, to provide a copy of each such verification to the State. Licensor further represents and warrants that any person assigned to perform services hereunder meets the employment eligibility requirements of all immigration laws of the State of Mississippi. Licensor understands and agrees that any breach of these warranties may subject Licensor to the following: (a) termination of this Agreement and ineligibility for any state or public contract in Mississippi for up to three (3) years, with notice of such cancellation/termination being made public, or (b) the loss of any license, permit, certification or other document granted to Licensor by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year, or (c) both. In the event of such termination/cancellation, Licensor would also be liable for any additional costs incurred by the State due to contract cancellation or loss of license or permit.

7.13 Licensor represents and warrants that the system provided pursuant to this Agreement will pass both internal security audits and independent security audits. For any breach of the preceding warranty at any time during which the system is covered by warranty and/or software support, Licensor shall, at its own expense and at no cost to Licensee, remediate any defect, anomaly or security vulnerability in the system by repairing and/or replacing any and all components of the system necessary in order for the system to be secure.

7.14 Licensor represents and warrants that no official or employee of Licensee or of ITS, and no other public official of the State of Mississippi who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of the project shall, prior to the completion of said project, voluntarily acquire any personal interest, direct or indirect, in this Agreement. The Licensor warrants that it has removed any material conflict of interest prior to the signing of this Agreement, and that it shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of its responsibilities under this Agreement. The Licensor also warrants that in the performance of this Agreement no person having any such known interests shall be employed.

7.15 The Licensor represents and warrants that no elected or appointed officer or other employee of the State of Mississippi, nor any member of or delegate to Congress has or shall benefit financially or materially from this Agreement. No individual employed by the State of Mississippi shall be admitted to any share or part of the Agreement or to any benefit that may arise therefrom. The State of Mississippi may, by written notice to the Licensor, terminate the right of the Licensor to proceed under this Agreement if it is found, after notice and hearing by the ITS Executive Director or his/her designee, that gratuities in the form of entertainment, gifts, jobs, or otherwise were offered or given by the Licensor to any officer or employee of the State of Mississippi with a view toward securing this Agreement or securing favorable treatment with respect to the award, or amending or making of any determinations with respect to the performing of such contract, provided that the existence of the facts upon which the ITS Executive Director makes such findings shall be in issue and may be reviewed in any competent court. In the event this Agreement is terminated under this article, the State of Mississippi shall be entitled to pursue the same remedies against the Licensor as it would pursue in the event of a breach of contract by the Licensor, including punitive damages, in addition to any other damages to which it may be entitled at law or in equity.

ARTICLE 8 EMPLOYMENT STATUS

8.1 Licensor shall, during the entire term of this Agreement, be construed to be an independent contractor. Nothing in this Agreement is intended to nor shall be construed to create an employer-employee relationship, or a joint venture relationship.

8.2 Licensor represents that it is qualified to perform the duties to be performed under this Agreement and that it has, or will secure, if needed, at its own expense, applicable personnel who shall be qualified to perform the duties required under this Agreement. Such personnel shall not be deemed in any way, directly or indirectly, expressly or by implication, to be employees of Licensee.

8.3 Any person assigned by Licensor to perform the Services hereunder shall be the employee of Licensor, who shall have the sole right to hire and discharge its employee. Licensee may, however, direct Licensor to replace any of its employees under this Agreement.

8.4 Licensor shall pay when due, all salaries and wages of its employees and it accepts exclusive responsibility for the payment of federal income tax, state income tax, social security,

unemployment compensation and any other withholdings that may be required. Neither Licensor nor employees of Licensor are entitled to state retirement or leave benefits.

ARTICLE 9 BEHAVIOR OF EMPLOYEES/SUBCONTRACTORS

Licensor will be responsible for the behavior of all its employees and subcontractors while on the premises of any Licensee location. Any employee or subcontractor acting in a manner determined by the administration of that location to be detrimental, abusive or offensive to any of the staff and/or students will be asked to leave the premises and may be suspended from further work on the premises. All Licensor employees and subcontractors who will be working at such locations shall be covered by Licensor's comprehensive general liability insurance policy.

ARTICLE 10 MODIFICATION OR RENEGOTIATION

This Agreement may be modified only by written agreement signed by the parties hereto, and any attempt at oral modification shall be void and of no effect. The parties agree to renegotiate the Agreement if federal and/or state revisions of any applicable laws or regulations make changes in this Agreement necessary.

ARTICLE 11 AUTHORITY, ASSIGNMENT AND SUBCONTRACTS

11.1 In matters of proposals, negotiations, contracts, and resolution of issues and/or disputes, the parties agree that Licensor represents all contractors, third parties, and/or subcontractors Licensor has assembled for this project. The Licensee is required to negotiate only with Licensor, as Licensor's commitments are binding on all proposed contractors, third parties, and subcontractors.

11.2 Neither party may assign or otherwise transfer this Agreement or its obligations hereunder without the prior written consent of the other party, which consent shall not be unreasonably withheld. Any attempted assignment or transfer of its obligations without such consent shall be null and void. This Agreement shall be binding upon the parties' respective successors and assigns.

11.3 Licensor must obtain the written approval of MS-HIN before subcontracting any portion of this Agreement. No such approval by MS-HIN of any subcontract shall be deemed in any way to provide for the incurrence of any obligation of MS-HIN in addition to the total fixed price agreed upon in this Agreement. All subcontracts shall incorporate the terms of this Agreement and shall be subject to the terms and conditions of this Agreement and to any conditions of approval that MS-HIN may deem necessary.

11.4 Licensor represents and warrants that any subcontract agreement Licensor enters into shall contain a provision advising the subcontractor that the subcontractor shall have no lien and no legal right to assert control over any funds held by the Licensee, and that the subcontractor acknowledges that no privity of contract exists between the Licensee and the subcontractor and that the Licensor is solely liable for any and all payments which may be due to the subcontractor pursuant to its subcontract agreement with the Licensor. The Licensor shall indemnify and hold harmless the State from and against any and all claims, demands, liabilities, suits, actions,

damages, losses, costs and expenses of every kind and nature whatsoever arising as a result of Licensor's failure to pay any and all amounts due by Licensor to any subcontractor, third party licensor, materialman, laborer or the like.

11.5 All subcontractors shall be bound by any negotiation, arbitration, appeal, adjudication or settlement of any dispute between the Licensor and the Licensee, where such dispute affects the subcontract.

ARTICLE 12 AVAILABILITY OF FUNDS

It is expressly understood and agreed that the obligation of MS-HIN to proceed under this Agreement is conditioned upon the appropriation of funds by the Mississippi State Legislature and the receipt of state and/or federal funds for the performances required under this Agreement. If the funds anticipated for the fulfillment of this Agreement are not forthcoming, or are insufficient, either through the failure of the federal government to provide funds or of the State of Mississippi to appropriate funds, or if there is a discontinuance or material alteration of the program under which funds were available to MS-HIN for the payments or performance due under this Agreement, MS-HIN shall have the right to immediately terminate this Agreement, in whole or in part, without damage, penalty, cost or expense to MS-HIN of any kind whatsoever, except for payment for work completed by Licensor and accepted by MS-HIN prior to termination. The effective date of termination shall be as specified in the notice of termination. MS-HIN shall have the sole right to determine whether funds are available for the payments or performances due under this Agreement.

ARTICLE 13 TERMINATION

13.1 Notwithstanding any other provision of this Agreement to the contrary, this Agreement may be terminated, in whole or in part, as follows: (a) upon the mutual, written agreement of the parties; (b) If either party fails to comply with the terms of this Agreement, the non-defaulting party may terminate the Agreement upon the giving of thirty (30) calendar days written notice unless the breach is cured within said thirty (30) day period; (c) MS-HIN may terminate the Agreement in whole or in part without the assessment of any penalties upon ten (10) calendar days written notice to Licensor if Licensor becomes the subject of bankruptcy, reorganization, liquidation or receivership proceedings, whether voluntary or involuntary, or (d) MS-HIN may terminate this Agreement in whole or in part for any reason without the assessment of any penalties after giving thirty (30) calendar days written notice specifying the effective date thereof to Licensor. The provisions of this Article 13 do not limit either party's right to pursue any other remedy available at law or in equity.

13.2 In the event MS-HIN terminates this Agreement, Licensor shall receive just and equitable compensation for Services rendered by Licensor and accepted by MS-HIN prior to the termination. Further, upon termination of this Agreement, Licensor shall refund any and all applicable unexpended prorated annual ASP fees previously paid by Licensee.

ARTICLE 14 GOVERNING LAW

This Agreement shall be construed and governed in accordance with the laws of the State of

Mississippi and venue for the resolution of any dispute shall be Jackson, Hinds County, Mississippi. Licensor expressly agrees that under no circumstances shall the State be obligated to pay an attorney's fee, prejudgment interest or the cost of legal action to Licensor. Further, nothing in this Agreement shall affect any statutory rights the parties may have that cannot be waived or limited by contract.

ARTICLE 15 WAIVER

Failure of either party hereto to insist upon strict compliance with any of the terms, covenants and conditions hereof shall not be deemed a waiver or relinquishment of any similar right or power hereunder at any subsequent time or of any other provision hereof, nor shall it be construed to be a modification of the terms of this Agreement. A waiver by either party, to be effective, must be in writing, must set out the specifics of what is being waived, and must be signed by an authorized representative of that party.

ARTICLE 16 SEVERABILITY

If any term or provision of this Agreement is prohibited by the laws of the State of Mississippi or declared invalid or void by a court of competent jurisdiction, the remainder of this Agreement shall be valid and enforceable to the fullest extent permitted by law provided that the State's purpose for entering into this Agreement can be fully achieved by the remaining portions of the Agreement that have not been severed.

ARTICLE 17 CAPTIONS

The captions or headings in this Agreement are for convenience only, and in no way define, limit or describe the scope or intent of any provision or Article in this Agreement.

ARTICLE 18 HOLD HARMLESS

To the fullest extent allowed by law, Licensor shall indemnify, defend, save and hold harmless, protect and exonerate Licensee, ITS and the State, its Board Members, officers, employees, agents and representatives from and against any and all claims, demands, liabilities, suits, actions, damages, losses, costs and expenses of every kind and nature whatsoever, including without limitation, court costs, investigative fees and expenses, attorney fees and claims for damages arising out of or caused by Licensor and/or its partners, principals, agents, employees or subcontractors in the performance of or failure to perform this Agreement.

ARTICLE 19 THIRD PARTY ACTION NOTIFICATION

Licensor shall notify MS-HIN in writing within five (5) business days of Licensor filing bankruptcy, reorganization, liquidation or receivership proceedings or within five (5) business days of its receipt of notification of any action or suit being filed or any claim being made against Licensor or MS-HIN by any entity that may result in litigation related in any way to this Agreement and/or which may affect the Licensor's performance under this Agreement. Failure of the Licensor to provide such written notice to MS-HIN shall be considered a material breach of this Agreement and MS-HIN may, at its sole discretion, pursue its rights as set forth in the Termination Article herein and any other rights and remedies it may have at law or in equity.

ARTICLE 20 AUTHORITY TO CONTRACT

Licensor warrants that it is a validly organized business with valid authority to enter into this Agreement; that entry into and performance under this Agreement is not restricted or prohibited by any loan, security, financing, contractual or other agreement of any kind, and notwithstanding any other provision of this Agreement to the contrary, that there are no existing legal proceedings, or prospective legal proceedings, either voluntary or otherwise, which may adversely affect its ability to perform its obligations under this Agreement.

ARTICLE 21 NOTICE

Any notice required or permitted to be given under this Agreement shall be in writing and personally delivered or sent by electronic means provided that the original of such notice is sent by certified United States mail, postage prepaid, return receipt requested, or overnight courier with signed receipt, to the party to whom the notice should be given at their business address listed herein. ITS' address for notice is: Craig P. Orgeron, Ph.D., Executive Director, Mississippi Department of Information Technology Services, 3771 Eastwood Drive, Jackson, Mississippi 39211. Mississippi Health Information Network's address for notice is: Ms. Candice Whitfield, Executive Director, Mississippi Health Information Network, 805 South Wheatley, Suite 540, Ridgeland, Mississippi 39157. The Licensor's address for notice is: **INSERT VENDOR NOTICE INFORMATION**. Notice shall be deemed given when actually received or when refused. The parties agree to promptly notify each other in writing of any change of address.

ARTICLE 22 RECORD RETENTION AND ACCESS TO RECORDS

Licensor shall establish and maintain financial records, supporting documents, statistical records and such other records as may be necessary to reflect its performance of the provisions of this Agreement. The Licensee, ITS, any state or federal agency authorized to audit Licensee, and/or any of their duly authorized representatives, shall have unimpeded, prompt access to this Agreement and to any of the Licensor's proposals, books, documents, papers and/or records that are pertinent to this Agreement to make audits, copies, examinations, excerpts and transcriptions at the State's or Licensor's office as applicable where such records are kept during normal business hours. All records relating to this Agreement shall be retained by the Licensor for three (3) years from the date of receipt of final payment under this Agreement. However, if any litigation or other legal action, by or for the state or federal government has begun that is not completed at the end of the three (3) year period, or if an audit finding, litigation or other legal action has not been resolved at the end of the three (3) year period, the records shall be retained until resolution.

ARTICLE 23 INSURANCE

Licensor represents that it will maintain workers' compensation insurance as prescribed by law which shall inure to the benefit of Licensor's personnel, as well as comprehensive general liability and employee fidelity bond insurance. Licensor will, upon request, furnish MS-HIN with a certificate of conformity providing the aforesaid coverage.

ARTICLE 24 DISPUTES

Any dispute concerning a question of fact under this Agreement which is not disposed of by agreement of the Licensor and Licensee, shall be decided by the Executive Director of ITS or his/her designee. This decision shall be reduced to writing and a copy thereof mailed or furnished to the parties. Disagreement with such decision by either party shall not constitute a breach under the terms of this Agreement. Such disagreeing party shall be entitled to seek such other rights and remedies it may have at law or in equity.

ARTICLE 25 COMPLIANCE WITH LAWS

Licensor shall comply with, and all activities under this Agreement shall be subject to, all Licensee policies and procedures which Licensor has received copies of, and all applicable federal, state, and local laws, regulations, policies and procedures as now existing and as may be amended or modified. Specifically, but not limited to, Licensor shall not discriminate against any employee nor shall any party be subject to discrimination in the performance of this Agreement because of race, creed, color, sex, age, national origin or disability.

ARTICLE 26 CONFLICT OF INTEREST

Licensor shall notify **MS-HIN** of any potential conflict of interest resulting from the provision of services to other customers. If such conflict cannot be resolved to MS-HIN's satisfaction, MS-HIN reserves the right to terminate this Agreement.

ARTICLE 27 SOVEREIGN IMMUNITY

By entering into this Agreement with Licensor, the State of Mississippi does in no way waive its sovereign immunities or defenses as provided by law.

ARTICLE 28 CONFIDENTIAL INFORMATION

28.1 Licensor shall treat all Licensee data and information to which it has access by its performance under this Agreement as confidential and shall not disclose such data or information to a third party without specific written consent of Licensee. In the event that Licensor receives notice that a third party requests divulgence of confidential or otherwise protected information and/or has served upon it a validly issued judicial order requiring divulgence of such information, Licensor shall promptly inform Licensee and thereafter respond in conformity with such court order to the extent mandated by state and/or federal laws, rules and regulations. This Article shall survive the termination or completion of this Agreement and shall continue in full force and effect and shall be binding upon the Licensor and its agents, employees, successors, assigns, subcontractors or any party or entity claiming an interest in this Agreement on behalf of, or under the rights of the Licensor following any termination or completion of this Agreement.

28.2 With the exception of any attached exhibits which are labeled as "confidential", the

parties understand and agree that this Agreement, including any amendments and/or change orders thereto, does not constitute confidential information, and may be reproduced and distributed by the State without notification to Licensor. ITS will provide third party notice to Licensor of any requests received by ITS for any such confidential exhibits so as to allow Licensor the opportunity to protect the information by court order as outlined in ITS Public Records Procedures.

ARTICLE 29 EFFECT OF SIGNATURE

Each person signing this Agreement represents that he or she has read the Agreement in its entirety, understands its terms, is duly authorized to execute this Agreement on behalf of the parties and agrees to be bound by the terms contained herein. Accordingly, this Agreement shall not be construed or interpreted in favor of or against the State or the Licensor on the basis of draftsmanship or preparation hereof.

ARTICLE 30 OWNERSHIP OF DOCUMENTS AND WORK PRODUCTS

All Content collected by the Software shall be the property of Licensee. Licensor may use the Content only in the performance of this Agreement, unless otherwise agreed upon between the parties. Licensee acknowledges that the Products shall remain the exclusive property of Licensor and are excluded from this Article.

ARTICLE 31 NON-SOLICITATION OF EMPLOYEES

Licensor agrees not to employ or to solicit for employment, directly or indirectly, any of MS-HIN's employees until at least one (1) year after the expiration/termination of this Agreement unless mutually agreed to the contrary in writing by MS-HIN and the Licensor and provided that such an agreement between these two entities is not a violation of the laws of the State of Mississippi or the federal government.

ARTICLE 32 ENTIRE AGREEMENT

32.1 This contract constitutes the entire agreement of the parties with respect to the subject matter contained herein and supersedes and replaces any and all prior negotiations, understandings and agreements, written or oral, between the parties relating thereto, including all terms of any "shrink-wrap", "click-wrap" or "browse-wrap" license of the Software. The LOC, General RFP No. **3734**, and Licensor's Proposals, as accepted by the State, in response thereto are hereby incorporated into and made a part of this Agreement.

32.2 The contract made by and between the parties hereto shall consist of, and precedence is hereby established by the order of the following:

- A.** This Agreement signed by the parties hereto;
- B.** Any exhibits attached to this Agreement;
- C.** LOC;
- D.** General RFP No. 3734 and written addenda, and

- E. Licensor's Proposals, as accepted by the State, in response to the LOC and General RFP No. 3734.

32.3 The intent of the above listed documents is to include all items necessary for the proper execution and completion of the services by the Licensor. The documents are complementary, and what is required by one shall be binding as if required by all. A higher order document shall supersede a lower order document to the extent necessary to resolve any conflict or inconsistency arising under the various provisions thereof; provided, however, that in the event an issue is addressed in one of the above mentioned documents but is not addressed in another of such documents, no conflict or inconsistency shall be deemed to occur by reason thereof. The documents listed above are shown in descending order of priority, that is, the highest document begins with the first listed document ("A. This Agreement") and the lowest document is listed last ("E. Licensor's Proposals").

ARTICLE 33 STATE PROPERTY

Licensor shall be responsible for the proper custody of any Licensee-owned property furnished for Licensor's use in connection with Services performed pursuant to this Agreement. Licensor shall reimburse the Licensee for any loss or damage, normal wear and tear excepted.

ARTICLE 34 SURVIVAL

Articles 7, 14, 18, 22, 27, 28, 30, 31, and all other articles which, by their express terms so survive or which should so reasonably survive, shall survive any termination or expiration of this Agreement.

ARTICLE 35 DEBARMENT AND SUSPENSION CERTIFICATION

Licensor certifies that neither it nor its principals: (a) are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from covered transactions by any federal department or agency; (b) have, within a three (3) year period preceding this Agreement, been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain or performing a public (federal, state or local) transaction or contract under a public transaction; violation of federal or state anti-trust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property; (c) are presently indicted of or otherwise criminally or civilly charged by a governmental entity with the commission of fraud or a criminal offense in connection with obtaining, attempting to obtain or performing a public (federal, state or local) transaction or contract under a public transaction; violation of federal or state anti-trust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property, and (d) have, within a three (3) year period preceding this Agreement, had one or more public transaction (federal, state or local) terminated for cause or default.

ARTICLE 36 SPECIAL TERMS AND CONDITIONS

It is understood and agreed by the parties to this Agreement that there are no special terms and conditions except as specifically provided in this Agreement.

ARTICLE 37 STATUTORY AUTHORITY

By virtue of Section 25-53-21 of the Mississippi Code Annotated, as amended, the executive director of ITS is the purchasing and contracting agent for the State of Mississippi in the negotiation and execution of all contracts for the acquisition of information technology equipment, software and services. The parties understand and agree that ITS as contracting agent is not responsible or liable for the performance or non-performance of any of the Licensee's or Licensor's contractual obligations, financial or otherwise, contained within this Agreement.

ARTICLE 38 COMPLIANCE WITH ENTERPRISE SECURITY POLICY

Licensor and Licensee understand and agree that all products and services provided by Licensor under this Agreement must be and remain in compliance with the State of Mississippi's Enterprise Security Policy. The parties understand and agree that the State's Enterprise Security Policy is based on industry-standard best practices, policy, and guidelines at the time of contract execution. The State reserves the right to introduce a new policy during the term of this Agreement and require the Licensor to comply with same in the event the industry introduces more secure, robust solutions or practices that facilitate a more secure posture for the State of Mississippi.

ARTICLE 39 SOFTWARE SUPPORT AND MAINTENANCE

39.1 As part of the Software support and maintenance services, Licensor will maintain the Products in an operable condition according to the specifications contained in the technical manuals and as outlined in the LOC and the Licensor's Proposal in response thereto. Licensor shall provide Licensee with Enhancements to the Software as they are made generally available from time to time. Notwithstanding any other provisions of this Agreement, Licensor shall provide support only with respect to the then-current generally available version of the Software.

39.2 Licensor shall also provide unlimited email and toll-free telephone technical support in the operation of the Software Products twenty-four (24) hours a day, seven (7) days a week. Licensor shall respond by telephone within one (1) hour to requests for support services. Licensee shall be given priority placement in the support queue for all system locking situations or problems claimed by Licensee to be a mission critical process. Upon receipt of Licensee's call, Licensor will (a) create an error report, (b) assign a severity level and (c) attempt to resolve the Software problem in accordance with the procedures and processes for problem resolution detailed below. It is understood by the parties that the Licensee and Licensor must mutually agree on whether an error is classified as a Severity Level 1, 2, or 3 error.

39.3 Severity Level 1 implies that the Software is not functioning. Some examples of Severity Level 1 Software problems are as follows: (a) Software is down and will not restart; (b) Software is not able to communicate with external systems; and (c) Software is generating a data corruption condition. Licensor shall resolve Severity Level 1 Software Errors within one (1) business day, or within a mutually agreed upon time frame. When a Severity Level 1 Software Error is reported, Licensor will assign resources necessary to correct the Software Error. If

access to the Software is required, Licensee will provide a contact available to Licensor and access to Licensee's system and other software for the duration of the error correction procedures.

39.4 Severity Level 2 implies that (a) an essential function does not work as documented, or (b) testing and usage can continue but the task cannot be completed, and no workarounds exist. Licensor shall assign at least one (1) dedicated person to the problem and shall resolve Severity Level 2 Software Errors within two (2) business days, or within a mutually agreed upon time frame.

39.5 Severity Level 3 implies a Software Error such that implementations of function do not match specification and/or technical Documentation, and a workaround may exist. Licensor shall resolve Severity Level 3 Software Errors within ten (10) business days, or within a mutually agreed upon time frame.

ARTICLE 40 FORCE MAJEURE

Each party shall be excused from performance for any period and to the extent that it is prevented from performing any obligation or service, in whole or in part, as a result of causes beyond the reasonable control and without the fault or negligence of such party and/or its subcontractors. Such acts shall include without limitation acts of God, strikes, lockouts, riots, acts of war or terrorism, epidemics, governmental regulations superimposed after the fact, fire, earthquakes, floods, or other natural disasters (the "Force Majeure Events"). When such a cause arises, the Licensor shall notify the Licensee immediately in writing of the cause of its inability to perform; how it affects its performance, and the anticipated duration of the inability to perform. Delays in delivery or in meeting completion dates due to Force Majeure Events shall automatically extend such dates for a period equal to the duration of the delay caused by such events, unless the State determines it to be in its best interest to terminate this Agreement.

ARTICLE 41 TRANSPARENCY

In accordance with the Mississippi Accountability and Transparency Act of 2008, §27-104-151, et seq., of the Mississippi Code of 1972, as Amended, the American Accountability and Transparency Act of 2009 (P.L. 111-5), where applicable, and §31-7-13 of the Mississippi Code of 1972, as amended, where applicable, a fully executed copy of this Agreement shall be posted to the State of Mississippi's accountability website at: <https://www.transparency.mississippi.gov>. Prior to Licensee posting the Agreement to the website, any attached exhibits which contain trade secrets or other proprietary information and are labeled as "confidential" will be redacted by Licensee.

ARTICLE 42 CHANGE ORDER RATE AND PROCEDURE

42.1 It is understood that the State may, at any time by a written order, make changes in the scope of the project. No changes in scope are to be conducted or performed by the Licensor except by the express written approval of the State. The Licensor shall be obligated to perform all changes requested by the Licensee, which have no price or schedule effect.

42.2 The Licensor shall have no obligation to proceed with any change that has a price or schedule effect until the parties have mutually agreed in writing thereto. Neither the State nor the Licensor shall be obligated to execute such a change order; and if no such change order is executed, the Licensor shall not be obliged or authorized to perform services beyond the scope of this Agreement and the contract documents. All executed change orders shall be incorporated into previously defined deliverables.

42.3 With respect to any change orders issued in accordance with this Article, the Licensor shall be compensated for work performed under a change order according to the hourly change order rate of **\$Error! Reference source not found.** per hour. If there is a service that is not defined in the change order rate, the Licensor and the State will negotiate the rate. The Licensor agrees that this change order rate shall be a “fully loaded” rate, that is, it includes the cost of all materials, travel expenses, per diem, and all other expenses and incidentals incurred by the Licensor in the performance of the change order. The Licensor shall invoice the Licensee upon acceptance by the Licensee of all work documented in the change order, and the Licensee shall pay invoice amounts on the terms set forth in this Agreement.

42.4 Upon agreement of the parties to enter into a change order, the parties will execute such a change order setting forth in reasonable detail the work to be performed thereunder, the revisions necessary to the specifications or performance schedules of any affected project work plan, and the estimated number of professional services hours that will be necessary to implement the work contemplated therein. The price of the work to be performed under any change order will be determined based upon the change order rate; however, the change order will be issued for a total fixed dollar amount and may not be exceeded regardless of the number of hours actually expended by the Licensor to complete the work required by that change order. The project work plan will be revised as necessary.

42.5 The Licensor will include in the progress reports delivered under this Agreement, the status of work performed under all then current change orders.

42.6 In the event the Licensor and the State enter into a change order which increases or decreases the time required for the performance of any part of the work under this Agreement, the Licensor shall submit to the Licensee a revised version of the project work plan, clearly indicating all changes, at least five (5) working days prior to implementing any such changes.

42.7 The Licensee shall promptly review all revised project work plans submitted under this Agreement, and shall notify the Licensor of its approval or disapproval, in whole or in part, of the proposed revisions, stating with particularity all grounds for any disapproval, within ten (10) working days of receiving the revisions from the Licensor. If the Licensee fails to respond in such time period or any extension thereof, the Licensee shall be deemed to have approved the revised project work plan.

ARTICLE 43 ESCROW OF SOURCE CODE

43.1 With the execution of this Agreement, the Licensor shall place and maintain a current copy of the data dictionary, Documentation, object code, and source code in escrow and shall furnish Licensee with a copy of the escrow agreement and the name and address of the agent. The escrow agreement shall authorize the escrow agent to release, at no cost to Licensee, the data dictionary, Documentation, object code, and source code to Licensee if and when the Licensee is deemed to have a right under this article. The Licensor shall pay all costs of providing and maintaining the escrow agreement, including the fees of the escrow agent. The copy of the source code placed in escrow shall be reproduced and maintained on magnetic tape or disk using a commonly accepted data recording protocol. Program documentation sufficient to allow a competent programmer to use and maintain the source code programs must accompany the source code. When a change is made to the object code or source code by or on behalf of the Licensor during the term of the escrow agreement, the revised code, including the change, shall be delivered to the escrow agent not later than thirty (30) calendar days after the change is effected by or on behalf of the Licensor.

43.2 Provided that the Licensee is not then in substantial default under this Agreement, the Licensor shall provide to Licensee, at no cost and within ten (10) calendar days after receipt of Licensee's written request for it, one (1) complete copy of the data dictionary, Documentation, object code, and source code used in the preparation of the Software and custom modifications to the source code and object code as a result of this Agreement, brought up to date as of the date of delivery of such source code to Licensee, upon the occurrence of any of the following events: (a) any or all material parts of the source code or object code is generally made available, with or without additional cost, to other users of comparable Software; or (b) the Licensor's or the software manufacturer's cessation, for any reason, to do business; or (c) the Licensor or the software manufacturer discontinues maintenance of the Software; or (d) bankruptcy, receivership, insolvency, reorganization, dissolution, liquidation, or other similar proceedings are instituted by or against the Licensor or the software manufacturer.

43.3 Upon Licensee's written request, the escrow agent shall promptly conduct, at Licensor's expense, a Verification of the deposit materials in accordance with Licensee's requirements and with the requirements herein stated. "Verification" as used herein, means a procedure or process to determine the accuracy, completeness, sufficiency and quality of the deposit materials at a level of detail reasonably requested by Licensee. Verification may include, as required by Licensee (or by a third party on behalf of Licensee), file listing, compilation, size comparison, function comparison and on-line comparison services. A copy of the verification results shall be immediately provided by the escrow agent to the State.

43.4 Licensee (or a third party on behalf of Licensee) reserves the right from time to time and at any time to cause Verification of the deposit materials and to examine the deposit materials to verify conformance to the requirements of RFP No. 3734, the Licensor's Proposal, as accepted by Licensee, in response thereto, and this Agreement, all at Licensor's expense. Except as otherwise required by Licensee (or by a third party on behalf of Licensee and reasonably approved by Licensor), all Verification tasks shall be performed solely by employees of escrow agent and, at Licensee's option, of Licensee or a third party engaged by Licensee (subject to

Licensor's reasonable approval of Licensee), without interference from Licensor; provided, however, that if and to the extent requested by Licensee (or by a third party on behalf of Licensee), Licensor shall at Licensor's expense provide to escrow agent and/or Licensee all reasonably necessary assistance and cooperation in connection with the performance of any Verification. Any Verification performed by the escrow agent or a third party engaged by the escrow agent (and acceptable to Licensee) shall be performed in a good, workmanlike, timely and professional manner by qualified persons fully familiar with the requirements, materials and technology involved in performing such Verifications.

43.5 Licensor shall, at its expense, implement a procedure whereby the escrow agent shall notify Licensee of all deposits to the software escrow based on software release updates. It is understood and agreed that updates shall occur at least on a quarterly basis.

ARTICLE 44 RETAINAGE

To secure the Licensor's performance under this Agreement, the Licensor agrees that the Licensee shall hold back as retainage twenty-five (25%) of each amount payable, including amounts payable under Change Orders, under this Agreement. The retainage amount will continue to be held until final acceptance of all deliverables by the Licensee.

ARTICLE 45 PERSONNEL ASSIGNMENT GUARANTEE

Licensor guarantees that the personnel assigned to this project will remain a part of the project throughout the duration of the Agreement as long as the personnel are employed by the Licensor and are not replaced by Licensor pursuant to the third paragraph of the Article herein titled "Employment Status". Licensor further agrees that the assigned personnel will function in the capacity for which their services were acquired throughout the life of the Agreement, and any failure by Licensor to so provide these persons shall entitle the State to terminate this Agreement for cause. Licensor agrees to pay the Licensee fifty percent (50%) of the total contract amount if any of the assigned personnel is removed from the project prior to the ending date of the contract for reasons other than departure from Licensor's employment or replacement by Licensor pursuant to the third paragraph of the Article herein titled "Employment Status". Subject to the State's written approval, the Licensor may substitute qualified persons in the event of the separation of the incumbents therein from employment with Licensor or for other compelling reasons that are acceptable to the State, and in such event, will be expected to assign additional staff to provide technical support to Licensee within thirty calendar days or within such other mutually agreed upon period of time, or the Licensee may, in its sole discretion, terminate this Agreement immediately without the necessity of providing thirty (30) days notice. The replacement personnel shall have equal or greater ability, experience and qualifications than the departing personnel, and shall be subject to the prior written approval of the Licensee. The Licensor shall not permanently divert any staff member from meeting work schedules developed and approved under this Agreement unless approved in writing by the Licensee. In the event of Licensor personnel loss or redirection, the services performed by the Licensor shall be uninterrupted and the Licensor shall report in required status reports its efforts and progress in finding replacements and the effect of the absence of those personnel.

ARTICLE 46 LIQUIDATED DAMAGES

It is agreed by the parties hereto that time is of the essence, and that in the event of a delay in the satisfactory completion and acceptance of the services provided for herein, damage shall be sustained by Licensee. In the event of a delay as described herein, Licensor shall pay Licensee, within five (5) calendar days from the date of receipt of notice, fixed and liquidated damages of \$500.00 per day for each calendar day of delay caused by Licensor. Licensee may offset amounts due it as liquidated damages against any monies due Licensor under this Agreement. Licensee will notify Licensor in writing of any claim for liquidated damages pursuant hereto on or before the date Licensee deducts such sums from money payable to Licensor. Any liquidated damages assessed are in addition to and not in limitation of any other rights or remedies of Licensee.

ARTICLE 47 AMERICAN RECOVERY AND REINVESTMENT ACT

Licensor understands and agrees that some or all of this Agreement is funded by the American Recovery and Reinvestment Act of 2009 (hereinafter referred to as "ARRA") and, as such, represents and warrants that it will comply with the requirements of ARRA as set forth in Exhibit B, which is attached hereto and incorporated herein by reference and will maintain adequate records to verify its full compliance with those requirements.

For the faithful performance of the terms of this Agreement, the parties hereto have caused this Agreement to be executed by their undersigned authorized representatives.

PAYMENT SCHEDULE**

EXHIBIT B

Reporting and Registration Requirements Under Section 1512 of the American Recovery and Reinvestment Act of 2009.

The recipient* agrees to the following reporting and registration requirements of Section 1512 of the American Recovery and Reinvestment Act and in accordance with 2 CFR § 176.50, if applicable:

(a) This award requires the recipient to complete projects or activities which are funded under the American Recovery and Reinvestment Act of 2009 (Recovery Act) and to report on use of Recovery Act funds provided through this award. Information from these reports will be made available to the public.

(b) The reports are due no later than ten calendar days after each calendar quarter in which the recipient receives the assistance award funded in whole or in part by the Recovery Act.

(c) Recipients and their first tier recipients must maintain current registrations in the Central Contractor Registration (<http://www.ccr.gov>) at all times during which they have active federal awards funded with Recovery Act funds. A Dun and Bradstreet Data Universal Numbering System (DUNS) Number (<http://www.dnb.com>) is one of the requirements for registration in the Central Contractor Registration.

(d) The recipient shall report the information described in section 1512(c) of the Recovery Act using the reporting instructions and data elements that will be provided online at <http://www.FederalReporting.gov> and ensure that any information that is pre-filled is corrected or updated as needed.

(e) The contractor shall ensure that all subcontracts and other contracts for goods and services for an ARRA-funded project have the mandated provisions of this directive in their contracts. Pursuant to title XV, Section 1512 of the ARRA, the State shall require that the contractor provide reports and other employment information as evidence to document the number of jobs created or jobs retained by this contract from the contractor's own workforce and any sub-contractors. No direct payment will be made for providing said reports, as the cost for same shall be included in the various items in the contract.

*As used here and hereafter, recipient means “any entity other than an individual that receives Recovery Act funds in the form of a grant, cooperative agreement or loan directly from the Federal Government.” 2 CFR § 176.30.

Required Use of American Iron, Steel, and Manufactured Goods Not Covered Under International Agreements Under Section 1605 of the American Recovery and Reinvestment Act of 2009.

The recipient agrees to the following required use of American Iron, Steel, and Manufactured Goods of Section 1605 of the American Recovery and Reinvestment Act and in accordance with 2 CFR §176.140 when awarding Recovery Act funds for construction, alteration, maintenance, or repair of a public building or public work that does not involve iron, steel, and/or manufactured goods covered under international agreements, if applicable:

(a) *Definitions.* As used in this award term and condition—

(1) *Manufactured good* means a good brought to the construction site for incorporation into the building or work that has been—

- (i) Processed into a specific form and shape; or
- (ii) Combined with other raw material to create a material that has different properties than the properties of the individual raw materials.

(2) *Public building and public work* means a public building of, and a public work of, a governmental entity (the United States; the District of Columbia; commonwealths, territories, and minor outlying islands of the United States; State and local governments; and multiState, regional, or interstate entities which have governmental functions).

These buildings and works may include, without limitation, bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations, heavy generators, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals, and the construction, alteration, maintenance, or repair of such buildings and works.

(3) *Steel* means an alloy that includes at least 50 percent iron, between .02 and 2 percent carbon, and may include other elements.

(b) *Domestic preference.*

(1) This award term and condition implements Section 1605 of the American Recovery and Reinvestment Act of 2009 (Recovery Act) (Pub. L. 111–5), by requiring that all iron, steel, and manufactured goods used in the project are produced in the United States except as provided in paragraph (b)(3) and (b)(4) of this section and condition.

(2) This requirement does not apply to the material listed by the Federal Government as follows:

[Award official to list applicable excepted materials or indicate "none"]

(3) The award official may add other iron, steel, and/or manufactured goods to the list in paragraph (b)(2) of this section and condition if the Federal Government determines that—

(i) The cost of the domestic iron, steel, and/or manufactured goods would be unreasonable. The cost of domestic iron, steel, or manufactured goods used in the project is unreasonable when the cumulative cost of such material will increase the cost of the overall project by more than 25 percent;

(ii) The iron, steel, and/or manufactured good is not produced, or manufactured in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or

(iii) The application of the restriction of section 1605 of the Recovery Act would be inconsistent with the public interest.

(c) Request for determination of inapplicability of Section 1605 of the Recovery Act.

(1)(i) Any recipient request to use foreign iron, steel, and/or manufactured goods in accordance with paragraph (b)(3) of this section shall include adequate information for Federal

Government evaluation of the request, including—

(A) A description of the foreign and domestic

iron, steel, and/or manufactured goods;

(B) Unit of measure;

(C) Quantity;

(D) Cost;

(E) Time of delivery or availability;

(F) Location of the project;

(G) Name and address of the proposed supplier;

and

(H) A detailed justification of the reason for use of foreign iron, steel, and/or manufactured goods cited in accordance with paragraph (b)(3) of this section.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed cost comparison table in the format in paragraph (d) of this section.

(iii) The cost of iron, steel, and/or manufactured goods material shall include all delivery costs to the construction site and any applicable duty.

(iv) Any recipient request for a determination submitted after Recovery Act funds have been obligated for a project for construction, alteration, maintenance, or repair shall explain why the recipient could not reasonably foresee the need for such determination and could not have requested the determination before the funds were obligated. If the recipient does not submit a satisfactory explanation, the

award official need not make a determination.

(2) If the Federal Government determines after funds have been obligated for a project for construction, alteration, maintenance, or repair that an exception to section 1605 of the Recovery Act applies, the award official will amend the award to allow use of the foreign iron, steel, and/or relevant manufactured goods. When the basis for the exception is

nonavailability or public interest, the amended award shall reflect adjustment of the award amount, redistribution of budgeted funds, and/or other actions taken to cover costs associated with acquiring or using the foreign iron, steel, and/or relevant manufactured goods. When the basis for the exception is the unreasonable cost of the domestic iron, steel, or manufactured goods, the award official shall adjust the award amount or redistribute budgeted funds by at least the differential established in 2 CFR 176.110(a).

(3) Unless the Federal Government determines that an exception to section 1605 of the Recovery Act applies, use of foreign iron, steel, and/or manufactured goods is noncompliant with section 1605 of the American Recovery and Reinvestment Act.

(d) *Data.* To permit evaluation of requests under paragraph (b) of this section based on unreasonable cost, the Recipient shall include the following information and any applicable supporting data based on the survey of suppliers:

FOREIGN AND DOMESTIC ITEMS COST COMPARISON			
Description	Unit of measure	Quantity	Cost (dollars)*
<i>Item 1:</i>			
Foreign steel, iron, or manufactured good	_____	_____	_____
Domestic steel, iron, or manufactured good	_____	_____	_____
<i>Item 2:</i>			
Foreign steel, iron, or manufactured good	_____	_____	_____
Domestic steel, iron, or manufactured good	_____	_____	_____
<i>[List name, address, telephone number, email address, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.]</i> <i>[Include other applicable supporting information.]</i> <i>[*Include all delivery costs to the construction site.]</i>			

**Required Use of American Iron, Steel, and Manufactured Goods
Covered Under International Agreements Under Section 1605 of the
American Recovery and Reinvestment Act of 2009.**

The recipient agrees to the following required use of American Iron, Steel, and Manufactured Goods (covered under International Agreements) of Section 1605 of the of the Recovery and Reinvestment Act and in accordance with 2 CFR §176.160 when awarding Recovery Act funds for construction, alteration, maintenance, or repair of a public building or public work that involves iron, steel, and/or manufactured goods materials covered under international agreements, if applicable:

(a) *Definitions.* As used in this award term and condition—

Designated country—

(1) A World Trade Organization Government Procurement Agreement country (Aruba, Austria, Belgium, Bulgaria, Canada, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, and United Kingdom);

(2) A Free Trade Agreement (FTA) country (Australia, Bahrain, Canada, Chile, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Israel, Mexico, Morocco, Nicaragua, Oman, Peru, or Singapore); or

(3) A United States-European Communities Exchange of Letters (May 15, 1995) country: Austria, Belgium, Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland,

Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovak Republic, Slovenia, Spain, Sweden, and United Kingdom.

Designated country iron, steel, and/or manufactured goods—

(1) Is wholly the growth, product, or manufacture of a designated country; or
(2) In the case of a manufactured good that consist in whole or in part of materials from another country, has been substantially transformed in a designated country into a new and different manufactured good distinct from the materials from which it was transformed.

Domestic iron, steel, and/or manufactured good—

(1) Is wholly the growth, product, or manufacture of the United States; or
(2) In the case of a manufactured good that consists in whole or in part of materials from another country, has been substantially transformed in the United States into a new and different manufactured good distinct from the

materials from which it was transformed. There is no requirement with regard to the origin of components or subcomponents in manufactured goods or products, as long as the manufacture of the goods occurs in the United States.

Foreign iron, steel, and/or manufactured good means iron, steel, and/or manufactured good that is not domestic or designated country iron, steel, and/or manufactured good.

Manufactured good means a good brought to the construction site for incorporation into the building or work that has been—

- (1) Processed into a specific form and shape; or
- (2) Combined with other raw material to create a material that has different properties than the properties of the individual raw materials.

Public building and public work means a public building of, and a public work of, a governmental entity (the United States; the District of Columbia; commonwealths, territories, and minor outlying islands of the United States; State and local governments; and multiState, regional, or interstate entities which have governmental functions). These buildings and works may include, without limitation, bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations, heavy generators, railways, airports, terminals, docks,

piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals, and the construction, alteration, maintenance, or repair of such buildings and works.

Steel means an alloy that includes at least 50 percent iron, between .02 and 2 percent carbon, and may include other elements.

(b) *Iron, steel, and manufactured goods.*

(1) The award term and condition described in this section implements—

- (i) Section 1605(a) of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111–5) (Recovery Act), by requiring that all iron, steel, and manufactured goods used in the project are produced in the United States; and
- (ii) Section 1605(d), which requires application of the Buy American requirement in a manner consistent with U.S. obligations under international agreements. The restrictions of section 1605 of the Recovery Act do not apply to designated country iron, steel, and/or manufactured goods. The Buy American requirement in section 1605 shall not be applied where the iron, steel or manufactured goods used in the project are from a Party to an international agreement that obligates the recipient to treat the goods and services of that Party the same as domestic goods and services. This obligation shall only apply to projects with an estimated value of \$7,443,000 or more.

(2) The recipient shall use only domestic or designated country iron, steel, and manufactured goods in performing the work funded in whole or part with this award, except as provided in paragraphs (b)(3) and (b)(4) of this section.

(3) The requirement in paragraph (b)(2) of this section does not apply to the iron, steel, and manufactured goods listed by the Federal Government as follows:

[Award official to list applicable excepted materials or indicate "none"]

(4) The award official may add other iron, steel, and manufactured goods to the list in paragraph (b)(3) of this section if the Federal Government determines that—

(i) The cost of domestic iron, steel, and/or manufactured goods would be unreasonable. The cost of domestic iron, steel, and/or manufactured goods used in the project is unreasonable when the cumulative cost of such material will increase the overall cost of the project by more than 25 percent;

(ii) The iron, steel, and/or manufactured good is not produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality;
or

(iii) The application of the restriction of section 1605 of the Recovery Act would be inconsistent with the public interest.

(c) *Request for determination of inapplicability of section 1605 of the Recovery Act or the Buy American Act.*

(1)(i) Any recipient request to use foreign iron, steel, and/or manufactured goods in accordance with paragraph (b)(4) of this section shall include adequate information for Federal Government evaluation of the request, including—

(A) A description of the foreign and domestic iron, steel, and/or manufactured goods;

(B) Unit of measure;

(C) Quantity;

(D) Cost;

(E) Time of delivery or availability;

(F) Location of the project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign iron, steel, and/or manufactured goods cited in accordance with paragraph (b)(4) of this section.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed cost comparison table in the format in paragraph (d) of this section.

(iii) The cost of iron, steel, or manufactured goods shall include all delivery costs to the construction site and any applicable duty.

(iv) Any recipient request for a determination submitted after Recovery Act funds have been obligated for a project for construction, alteration, maintenance, or repair shall explain why the recipient could not reasonably foresee the need for such determination and could not have requested the determination before the funds were

obligated. If the recipient does not submit a satisfactory explanation, the award official need not make a determination.

(2) If the Federal Government determines after funds have been obligated for a project for construction, alteration, maintenance, or repair that an exception to section 1605 of the Recovery Act applies, the award official will amend the award to allow use of the foreign iron, steel, and/or relevant manufactured goods. When the basis for the exception is nonavailability or public interest, the amended award shall reflect adjustment of the award amount, redistribution of budgeted funds, and/or other appropriate actions taken to cover costs associated with acquiring or using the foreign iron, steel, and/or relevant manufactured goods. When the basis for the exception is the unreasonable cost of the domestic iron, steel, or

manufactured goods, the award official shall adjust the award amount or redistribute budgeted funds, as appropriate, by at least the differential established in 2 CFR 176.110(a).

(3) Unless the Federal Government determines that an exception to section 1605 of the Recovery Act applies, use of foreign iron, steel, and/or manufactured goods other than designated country iron, steel, and/or manufactured goods is noncompliant with the applicable Act.

(d) *Data.* To permit evaluation of requests under paragraph (b) of this section based on unreasonable cost, the applicant shall include the following information and any applicable supporting data based on the survey of suppliers:

FOREIGN AND DOMESTIC ITEMS COST COMPARISON			
Description	Unit of measure	Quantity	Cost (dollars)*
<i>Item 1:</i>			
Foreign steel, iron, or manufactured good			
Domestic steel, iron, or manufactured good			
<i>Item 2:</i>			
Foreign steel, iron, or manufactured good			
Domestic steel, iron, or manufactured good			
[List name, address, telephone number, email address, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.]			
[Include other applicable supporting information.]			
[*Include all delivery costs to the construction site.]			

Wage Rate Requirements under Section 1606 of the American Recovery and Reinvestment Act.

The recipient agrees to the following wage rate requirements of Section 1606 of the Recovery and Reinvestment Act and in accordance with 2 CFR §176.190 when issuing announcements or requesting applications for Recovery Act programs or activities that may involve construction, alteration, maintenance, or repair, if applicable:

When issuing announcements or requesting applications for Recovery Act programs or activities that may involve construction, alteration, maintenance, or repair the agency shall use the award term described in the following paragraphs:

(a) Section 1606 of the Recovery Act requires that all laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to the Recovery Act shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code. Pursuant to Reorganization Plan No. 14 and the Copeland Act, 40 U.S.C. 3145, the Department of Labor has issued regulations at 29 CFR parts 1, 3, and 5 to implement the DavisBacon and related Acts. Regulations in 29 CFR 5.5 instruct agencies concerning application of the standard DavisBacon contract clauses set forth in that section. Federal agencies providing grants, cooperative agreements, and loans under the Recovery Act shall ensure that the standard DavisBacon contract clauses found in 29 CFR 5.5(a) are incorporated in any resultant covered contracts that are in excess of \$2,000 for construction, alteration or repair (including painting and decorating).

(b) For additional guidance on the wage rate requirements of section 1606, contact your awarding agency. Recipients of grants, cooperative agreements and loans should direct their initial inquiries concerning the application of DavisBacon requirements to a particular federally assisted project to the Federal agency funding the project. The Secretary of Labor retains final coverage authority under Reorganization Plan Number 14.

Recipient Responsibilities regarding tracking and documenting Expenditures under the American Recovery and Reinvestment Act of 2009.

The recipient agrees to the following tracking and documenting responsibilities required by Section 1606 of the Recovery and Reinvestment Act and in accordance with 2 CFR §176210, if applicable:

(a) To maximize the transparency and accountability of funds authorized under the American Recovery and Reinvestment Act of 2009 (Pub. L. 111– 5) (Recovery Act) as required by Congress and in accordance with 2 CFR 215.21 “Uniform Administrative Requirements for Grants and Agreements” and OMB Circular A–102 Common Rules

provisions, recipients agree to maintain records that identify adequately the source and application of Recovery Act funds. OMB Circular A-102 is available at <http://www.whitehouse.gov/omb/circulars/a102/a102.html>.

(b) For recipients covered by the Single Audit Act Amendments of 1996 and OMB Circular A-133, "Audits of States, Local Governments, and NonProfit Organizations," recipients agree to separately identify the expenditures for Federal awards under the Recovery Act on the Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC) required by OMB Circular A-133. OMB Circular A-133 is available at

<http://www.whitehouse.gov/omb/circulars/a133/a133.html>. This shall be accomplished by identifying expenditures for Federal awards made under the Recovery Act separately on the SEFA, and as separate rows under Item 9 of Part III on the SF-SAC by CFDA number, and inclusion of the prefix "ARRA" in identifying the name of the Federal program on the SEFA and as the first characters in Item 9d of Part III on the SF-SAC.

(c) Recipients agree to separately identify to each subrecipient, and document at the time of subaward and at the time of disbursement of funds, the Federal award number, CFDA number, and amount of Recovery Act funds. When a recipient awards Recovery Act funds for an existing program, the information furnished to subrecipients shall distinguish the subawards of incremental Recovery Act funds from regular subawards under the existing program.

(d) Recipients agree to require their subrecipients to include on their SEFA information to specifically identify Recovery Act funding similar to the requirements for the recipient SEFA described above. This information is needed to allow the recipient to properly monitor subrecipient expenditure of ARRA funds as well as oversight by the Federal awarding agencies, Offices of Inspector General and the Government Accountability Office.

Requirement to Comply with Provision of Section 902 of the American Recovery and Reinvestment Act of 2009

Section 902 of the ARRA requires that each contract awarded using ARRA funds must include a provision that provides the U.S. Comptroller General and his representatives with the authority to:

(1) Examine any records of the contractor or any of its subcontractors, or any State or local agency administering such contract, that directly pertain to, and involve transactions relating to, the contract or subcontract; and (2) Interview any officer or employee of the contractor or any of its subcontractors, or of any State or local government agency administering the contract, regarding such transactions.

Accordingly, the Comptroller General and his representatives shall have the authority and rights prescribed under Section 902 of the ARRA with respect to contracts funded with recovery funds made available under the ARRA. Section 902 further states that nothing in 902 shall be interpreted to limit or restrict in any way any existing authority of the Comptroller General.

Required Whistleblower Protection Under Section 1553 of the American Recovery and Reinvestment Act of 2009.

Section 1153 of Division A, Title XV of the American Recovery and Reinvestment Act of 2009, P.L. 111-5, provides protections for certain individuals who make specified disclosures relating to recovery Act funds. Any non-federal employer receiving recovery funds is required to post a notice of the rights and remedies provided under this section of the Act.

Required Provision Noting Authority of Inspector General in of Section 1515(a) of the American Recovery and Reinvestment Act of 2009

Section 1515(a) of the ARRA provides authority for any representatives of the United States Inspector General to examine any records or interview any employee or officers working on this contract. The contractor is advised that representatives of the Inspector General have the authority to examine any record and interview any employee or officer of the contractor, its subcontractors or other firms working on this contract. Section 1515(b) further provides that nothing in this section shall be interpreted to limit or restrict in any way any existing authority of an Inspector General.

Required Provision to Comply with NEPA and NHPA *Construction, Renovation, and Remodeling Projects Only*

ARRA funded projects may be required to comply with the National Environmental Policy Act (NEPA), the National Historic Preservation Act (NHPA), and related statutes, including requirements for plans and projects to be reviewed and documented in accordance with those processes. If the ARRA program from which funds are to be expended requires such language, then NEPA and NHPA requirements may need to be included in contracts or sub-grants. Such language would be dependent on federal oversight agency guidance as well as from the following: http://nepa.gov/nepa/regs/CEQ_1609_NEPA_Guidance_03-12.pdf (NEPA only)

Requirement to Acknowledge Availability and Use of Funds

Contractors understand and acknowledge that any and all payment of funds or the continuation thereof is contingent upon funds provided solely by ARRA or required state matching funds. Pursuant to Section 1604 of the ARRA, contractors agree not to undertake or make progress toward any activity using recovery funds that will lead to

the development of such activity as casinos or other gambling establishments, aquariums, zoos, golf courses, swimming pools or any other activity specifically prohibited by the Recovery Act.

Requirement Regarding Federal, State and Local Tax Obligations

By submission of a proposal, contractors and subcontractors assert and self-certify that all Federal, State and local tax obligations have been or will be satisfied prior to receiving recovery funds.

Requirement to Comply with Anti-Discrimination and Equal Opportunity Statutes

Pursuant to Section 1.7 of the guidance memorandum issued by the United States Office of Management and Budget on April 3, 2009, ARRA Recovery funds must be distributed in accordance with all anti-discrimination and equal opportunity statutes, regulations, and Executive Orders pertaining to the expenditure of funds.

Requirement to Comply With All Other ARRA Requirements

The contractor will comply with any other requirements of ARRA, upon notification by this entity.

Requirement to Comply with E-Verification Provision of Section 71-11-3 of the Mississippi Code of 1972, as amended

The respondent represents and warrants that it will ensure its compliance with the Mississippi Employment Protection Act (§71-11-3 of the Mississippi Code of 1972, as amended) and will register and participate in the status verification system for all newly hired employees. The term "employee" as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, "status verification system" means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. Contractor agrees to maintain records of such compliance and, upon request of the State, to provide a copy of each such verification to the State. Contractor further represents and warrants that any person assigned to perform services hereunder meets the employment eligibility requirements of all immigration laws of the State of Mississippi. Contractor understands and agrees that any breach of these warranties may subject contractor to the following:

(a) termination of this Agreement and ineligibility for any State or public contract in Mississippi for up to three (3) years with notice of such cancellation/termination being made public;

(b) the loss of any license, permit, certification, or other document granted to contractor by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year or both.

(c) In the event of such termination/cancellation, contractor would also be liable for any additional costs incurred by the State due to contract cancellation or loss of license or permit.
