

Memorandum

To: ITS Customers Requesting the E-911 PSAP Express Products List 3748
From: Craig P. Orgeron, Ph.D.
Date: August 1, 2014 (*Updated May 31, 2017*)
Re: Instructions for Use for E-911 PSAP Express Products List 3748 August 2014 - May 2019

1. Introduction

1.1 **Scope**

The E-911 Public Safety Answering Point (PSAP) Express Products List is to be used in the acquisition of specific categories of PSAP equipment and related services.

1.2 **Who May Use**

This EPL may be used by Mississippi agencies, universities, community/junior colleges and governing authorities (cities, counties, school districts, etc.). ITS EPLs are multi-vendor awards that meet Mississippi requirements for legal purchases.

1.3 **Dollar Limitations of Use**

The maximum dollar limitation of this EPL for all users is **\$500,000 per project**. Projects costing in excess of \$500,000 are beyond the scope of this delegated process and subject to full ITS review and authorization. This list is governed under Procurement Instruments: Express Products Lists (EPLs) in the ITS Procurement Handbook. The EPL is not to be confused with state contracts issued by Department of Finance and Administration, Office of Purchasing and Travel (DFA-OPT).

1.4 **E-911 PSAP EPL 3748 Effective Dates - *updated***

The E-911 PSAP EPL 3748 was originally valid through May 31, 2017. The expiration date of this EPL has been extended. **The new expiration date is May 31, 2019.**

2. Using the E-911 PSAP Equipment EPL

- 2.1 There are seven sellers on the list. Please call these sellers with questions regarding pricing or products on this list using the *Vendor Information Chapter*. Only the products included on the attached list are authorized by ITS for purchase.
- 2.2 There is one Manufacturer Reseller Group. This model allows manufacturers to provide the not-to-exceed pricing and model numbers on behalf of their resellers. For the most part, the Manufacturer Reseller Groups should be transparent to our customers. Please call the Procurement Help Desk at 601-432-8166 if you have any questions.
 - 2.2.1 If a product item shows “XXXXX Reseller Group,” go to the *Vendor Information Chapter* for a listing of the resellers you may contact. Use the steps outlined below in working with the vendors on that list for each step in the EPL procurement methodology, from negotiating updated pricing to placing your order.
 - 2.2.2 Follow the directions in the *Vendor Information Chapter* regarding placement of order or remittance of payment.
 - 2.2.3 **It is extremely important that you check with individual resellers within the Reseller Group for discounted pricing. Remember, the manufacturer proposed a “not-to-exceed” price and many of the resellers may offer you discounts from that price.**
- 2.3 Some of the E-911 configurations require Microsoft Server Licenses, ESRI GIS Software licenses or other possible software licenses covered by other ITS Express Products Lists. Additionally, there are some hardware components proposed as part of the E-911 systems that could be used in other settings, such as servers, desktops, printers, switches, racks, and monitors. These items are only approved on the E-911 PSAP Express Products List 3748 to be used in the PSAP environment. ITS excludes the authorization to purchase such software and hardware from the E-911 EPL 3748 vendors if said items are not intended for use as part of the PSAP system.
- 2.4 Pricing on the E-911 PSAP Equipment EPL is not-to-exceed, meaning sellers may offer lower pricing at the time of sale. Please notify ITS if an EPL vendor quotes a price higher than the EPL published price.
- 2.5 ITS encourages you to work with two or more sellers to support that you are choosing the products and services that meet your “lowest and best” criteria.
- 2.6 Customers may prepare their purchase orders using this list as their legal purchasing authority.

- 2.7 **Configuration Spreadsheets (one spreadsheet for each configuration)**
- 2.7.1 **Configuration Header**
At the top of each page of a system configuration you will find the Seller and/or Reseller Group name, the configuration number, and the name of the system.
- 2.7.2 **Description of Standard Features**
This section provides a brief description of the features included in the configuration.
- 2.7.3 **Description of Installation Services**
This section describes the installation features included when purchasing this configuration as a turnkey system. The section also includes a line item showing the dollar amount included in the turnkey cost for installation. The customer may choose to subtract this cost out of the base price, if installation is not desired.
- 2.7.4 **Description of Training**
This section includes a brief description of the training **included in the turnkey cost** of the system. The section also includes a line item showing the dollar amount included in the turnkey cost for training. The customer may choose to subtract this cost out of the base price, if training is not desired.
- 2.7.5 **Description of Base Warranty**
Description of the warranty **included in the turnkey price**. The minimum base warranty for all systems is described in the Technical Specifications section.
- 2.7.6 **Enhanced Warranty and Post Warranty Options**
Additional warranty options that may be purchased with the system.
- 2.8 **Components List (one per vendor)**
Each seller or manufacturer sponsoring a reseller group was given the opportunity to create a "Components List." The seller or manufacturer sponsoring a reseller group used this section to propose any components that could be used with their systems. Sellers or manufacturers sponsoring a reseller group proposed components that are shown as line items in the base configuration as well as additional optional components that the customer may need to enhance their system.
- 2.9 **Product and Pricing Updates**
Updates to EPL are handled as follows:
- 2.9.1 Optional Monthly Updates will be allowed. During the monthly update period existing awarded vendors may add, edit or delete products. Prices may be lowered at any update. Prices may only be raised in April and October.

- 2.9.2 Six Month Updates will be allowed in April and October of each year of the EPL. During the six-month update period ITS will accept proposal submissions for new vendors. Existing awarded vendors may add, edit or delete products. Prices may be lowered at any update. Prices may only be raised in April and October.
- 2.9.3 Updates to the EPL will be published as soon as practicable in the month following the deadline. EPL Customers will continue to use, and EPL Vendors must honor, the previous costs until the update is ready and published on the **ITS Website**.

3. **What to do if the E-911 Equipment or Vendor you need is not on this List**

3.1 **Non-EPL Items**

Items ordered in conjunction with your EPL purchase that are not shown as line items on the EPL and are not part of a substitution within the EPL guidelines must be purchased using alternative procurement methods. For example, if a non-EPL approved phone set is ordered with your system, or you added a rack option not offered as an EPL line item, you may not use the EPL as your authority during an audit. Your authority for purchase would need to be based on other public purchasing mechanisms, with accompanying documentation for your audit trail. We suggest non-EPL items ordered on the same purchase order as EPL items be clearly labeled as Non-EPL Items.

3.2 **Substitutions**

If an E-911 PSAP Equipment EPL offering is replaced through a manufacturer's technology upgrade or new release, then the Seller may substitute the latest release of the product provided the customer is formally notified in writing of all details, the product is the technical equivalent, and the purchase price of the replacement product does not exceed the published EPL price of the item being replaced.

- 3.3 Should you need a more customized, specialized configuration or a service not on the attached list, please contact the **ITS Procurement Help Desk at (601) 432-8166**.

3.4 **Services**

Installation and training are included in the turnkey systems proposed. Should you need additional installation or training services, each seller optionally proposed hourly service rates as shown in the *Vendor Information Chapter*. The rates for services published with this list may only be used in conjunction with equipment purchased from this list.

4. **Seller as a Prime Contractor and Use of Sub-Contractors**

- 4.1 RFP 3748 required that the seller must furnish all products and services as a prime contractor. All transactions and payment(s) are conducted directly with the approved EPL seller.

- 4.2 The seller must be able to provide installation and maintenance coverage. Sellers must provide free on-site configuration proposals using the accepted EPL products and services.
- 4.3 The proposing seller may use a subcontractor for the fulfillment of the services under RFP 3748. However, the use of subcontractors must be transparent to the customer with the proposing vendor responsible as the primary point of contact under the contract and to seamlessly coordinate the use of any subcontractor in providing the E-911 products and services.

5. **Contracts**

- 5.1 Each participating EPL seller has signed a *Master Purchase and Maintenance Agreement* with ITS.
- 5.2 The purchase order from any individual customer will serve as a supplement to these Agreements. Additional terms and conditions may be negotiated between the customer and vendor at the time of sale, as needed, as a supplement to the Master Agreement.
- 5.3 ITS recommends that the customer obtain a copy for their files of the *Master Purchase and Maintenance Agreement* for any particular seller being considered. You may request a copy of the contract from your vendor or by contacting ITS in writing as follows: ITS EPL Team, 3771 Eastwood Drive Jackson, MS 39211 or by FAX at (601) 713-6380 or e-mail to eplteam@its.ms.gov.

6. **Specifications, Maintenance, and Response Times**

- 6.1 It is very important that the customer understand the specifications and maintenance requirements under this RFP. These are described in the Technical Specifications section of this EPL.
- 6.2 Shipping costs are included as part of the product purchase price.
- 6.3 Lightning damage coverage is included with each turnkey system as part of the purchase price and is also included in the post-warranty maintenance.
- 6.4 Response times during both the initial one-year on-site warranty as well as the post warranty on-site maintenance are the same:
 - 6.4.1 Vendors for warranty and maintenance must have response centers available 24 X 7 X 365.
 - 6.4.2 Vendor must provide a 1-hour response via telephone, remote access, or on-site to PSAP location.
 - 6.4.3 Vendor must provide a 3-hour on-site response from initial contact if the problem cannot be resolved by telephone or remote access.

6.4.4 Replacement parts must carry the same warranty whether refurbished or new.

7. **How to Place Your Order**

7.1 Please contact the seller with questions regarding pricing or products on this list. Contact information is provided in the *Vendor Information Chapter* as outlined in the table of contents.

7.2 Please include the following information on all purchase orders.

7.2.1 E-911 PSAP Equipment EPL 3748. This will identify your purchase for audit purposes.

7.2.2 Bill to Address

7.2.3 Ship to Address

7.2.4 Purchase Order Number

7.2.5 Clear Description and Part Number

7.2.6 Contact Name and Phone Number for your Agency/Institution Purchasing Agent

8. **NIGP Codes for MAGIC**

State agency customers will be required to use NIGP codes when purchasing through Mississippi's Accountability System for Government Information and Collaboration (MAGIC). The following NIGP codes will be used for products purchased using the E-911 PSAP Equipment EPL.

NIGP Code:	Use For:
83845	Telecommunication Equip., Emergency Radio/Telephone Systems
83885	Telecommunication Equip., Telecom Parts and Accessories

SECTION IX TECHNICAL SPECIFICATIONS

1. How to Respond to this Section

- 1.1 Beginning with Item 2.1 of this section, label and respond to each outline point in this section as it is labeled in the RFP.
- 1.2 The Vendor must respond with “ACKNOWLEDGED,” “WILL COMPLY” or “AGREED” to each point in this section. In addition, many items in this RFP require detailed and specific responses to provide the requested information. Failure to provide the information requested will result in the Vendor receiving a lower score for that item, or, at the State’s sole discretion, being subject to disqualification.
- 1.3 “ACKNOWLEDGED” should be used when no vendor response or vendor compliance is required. “ACKNOWLEDGED” simply means the vendor is confirming to the State that he read the statement. This is commonly used in the RFP sections where the agency’s current operating environment is described or where general information is being given about the project.
- 1.4 “WILL COMPLY” or “AGREED” are used interchangeably to indicate that the vendor will adhere to the requirement. These terms are used to respond to statements that specify that a vendor or vendor’s proposed solution must comply with a specific item or must perform a certain task.
- 1.5 If the Vendor cannot respond with “ACKNOWLEDGED,” “WILL COMPLY,” or “AGREED,” then the Vendor must respond with “EXCEPTION.” (See Section V for additional instructions regarding Vendor exceptions.)
- 1.6 Where an outline point asks a question or requests information, the Vendor must respond with the specific answer or information requested.
- 1.7 In addition to the above, Vendor must provide explicit details as to the manner and degree to which the proposal meets or exceeds each specification.

2. General Overview: Two Types of Proposed Solutions

- 2.1 Turnkey Solutions. It is the State’s preference that the E-911 PSAP EPL primarily consist of Value-added Vendors that can provide a complete PSAP turnkey solution for our E-911 Centers.
 - 2.1.1 Vendors that propose a turnkey configuration on this EPL shall be responsible for providing a complete Enhanced-911 (E-911) system Automatic Number Identification (ANI) and Automatic Location Identification (ALI) along with the other functions specified in this RFP. Vendor’s responsibility shall include all

equipment, installation, maintenance, and training needed to provide a complete and fully operational E-911 system.

2.1.2 Sellers will propose the turnkey solutions in a “Base Systems Configuration Spreadsheet” provided with this RFP.

2.2 Components List. **ITS** will additionally allow sellers to propose a list of components or options that to be used in PSAP centers in a spreadsheet provided with this RFP.

2.2.1 Sellers that have proposed a Turnkey Solution are required to also submit the Component List. This is so that customers may order additional products for the turnkey solution or, in some cases, to have a price structure for subtracting an un-needed product from the turnkey configuration.

2.2.2 **ITS** will allow sellers to only propose the Component List if they cannot support an entire PSAP solution. An example might be a seller specializing only in voice recorders or logging printers.

3. Turnkey Solutions: EPL Base System Configurations

3.1 Basic Information

3.1.1 Vendor may propose up to eight PSAP systems using the Base System Configuration Spreadsheets.

3.1.2 All systems proposed must be turnkey and include all hardware and software components, installation, maintenance and training.

3.1.3 Vendors should focus on two and four position systems. At a minimum, all turnkey vendors must propose at least one two position system.

3.1.4 Please be reminded that this RFP is intended for basic E-911 systems and large and expensive systems may be the subject of a specialized RFP and are out of scope of RFP 3748.

3.1.5 Turnkey configurations that are deemed by **ITS** to be outside the scope of this RFP will not be published.

3.1.6 Vendors must fully describe the open configurations in Section XII: *Cost Information Submission*.

3.2 Two and Four Position Consoles

3.2.1 Vendor may propose and describe in Section XII: *Cost Information Submission*, Base System Configuration Spreadsheets, the equipment, installation, maintenance and training needed for a basic 2 and 4-position PSAP centers. The systems must be turnkey with all functionality needed for a basic PSAP. Required

base minimum specifications and features for all proposed systems are described below.

- 3.2.2 In Section XII: *Cost Information Submission*, Vendor should sufficiently describe all equipment in the base turnkey system. This should include, at a minimum, the functionality and description of the system, its console, its telephones/headsets, display monitors, basic display features for phone and console, and the core system components/card shelf.
 - 3.2.2.1 Vendor must describe trunk line capability.
 - 3.2.2.2 Vendor must state maximum number of trunks per system.
- 3.2.3 An Administrative Position/lines may be optionally proposed in the Components List Spreadsheet. Alternatively, Vendor may propose systems that include an administrative position as one of their eight Configuration slots.
- 3.2.4 Excluded items. The following items should not be included in the “Base Systems Configuration Spreadsheets”. Vendors **may** propose these items in the “Component List Spreadsheet” section.
 - 3.2.4.1 Furniture specific to a PSAP installation.
 - 3.2.4.2 Logging Recorders. Note that Vendors may propose a variety of sizes or manufacturers in the Component List.
 - 3.2.4.3 CAD systems. Basic CAD systems to support the E-911 system may be proposed in the Component List. However, please be reminded that large and expensive CAD systems are beyond the scope of basic E-911 configurations and this RFP.
 - 3.2.4.4 GIS Interface. Basic GIS systems to support the E-911 system may be proposed in the Component List. However, please be reminded that large and expensive GIS systems are beyond the scope of basic E-911 configurations and this RFP.
 - 3.2.4.5 Call-out notification systems are excluded from the RFP in their entirety. They are outside the scope of a basic E-911 system.
- 3.2.5 Voice over Internet Protocol (VoIP)
 - 3.2.5.1 VoIP systems are **not** excluded from RFP 3748

- 3.2.5.2 Vendor must clearly identify all VoIP systems or all VoIP components in their descriptions in Section XII: *Cost Information Submission*.
- 3.2.5.3 VoIP systems must meet all technical specifications required in RFP 3748.

4. Components List Spreadsheet

- 4.1 The primary purpose of the Component List is to provide turnkey Vendors with the ability to add or subtract products or propose additional varieties of products for their turnkey solutions, based upon the Customer needs. Therefore, Vendors proposing turnkey configurations are required to also submit the associated Component List Spreadsheet and will have additional choices in the types of products they may submit.
- 4.2 Turnkey Configuration Vendors may propose any additional components that can be used with the base configurations proposed. The Component List format is described in Section XII: *Cost Information Submission*.
 - 4.2.1 Examples include alternatives such as display sizes and types, console options, additional telephone sets, etc.
 - 4.2.2 Vendor is limited to 500 lines items in the Component List.
 - 4.2.3 Vendor should propose additional SKU's for extended warranties if offered by the Manufacturer.
 - 4.2.4 Seller must propose hourly labor rates in the Vendor Fees table described in Section X.
 - 4.2.5 Vendor may propose additional training flat fees or customized rates.
- 4.3 **ITS** will allow non-Turnkey Vendors to only propose the Component List if they cannot support an entire PSAP solution. An example might be a seller specializing only in voice recorders or logging printers.
 - 4.3.1 Excluded from the Component List for those Vendors that are NOT offering a turnkey solution are:
 - 4.3.1.1 Furniture
 - 4.3.1.2 Software
 - 4.3.1.3 Technology that is not specific to a PSAP installation that is available on other **ITS** Express Products List, including displays, switches, racks, servers, basic office printers, UPS. Customers should go to those EPLs for such items.

- 4.3.1.4 Note that Vendors that ARE proposing entire PSAP turnkey solutions may include these items in their turnkey configurations as well as their component spreadsheets to give their customers additional choices.

5. **Base Minimum Specifications for all Configurations**

- 5.1 All proposed equipment must be new.
- 5.2 All equipment must meet the most current industry standards.
 - 5.2.1 Must comply with NENA-04-001 Standards for PSAP Equipment.
 - 5.2.2 Must be UL approved.
 - 5.2.3 Must comply with applicable FCC Regulations.
 - 5.2.4 Must comply with Phase I and Phase II of FCC Docket 94-102.
- 5.3 The system must provide redundancy so that a failure of a single component will not cause a failure of the complete system. A single ALI controller will be allowed provided that basic ANI information is still received if the ALI controller fails.
- 5.4 The Vendor must provide an Uninterruptible Power Supply (UPS) capable of maintaining the system for a minimum of fifteen (15) minutes in the event of a commercial power failure.
- 5.5 Logging Printer
 - 5.5.1 All configurations must be proposed with a logger printer that, at a minimum, records the following information:
 - 5.5.1.1 ANI Phone Number
 - 5.5.1.2 Time that Call was Received
 - 5.5.1.3 Amount of Time between call seizure and call answer
 - 5.5.1.4 Identity of Call-Taker Position
 - 5.5.1.5 Time and Call-Taker Position of Disconnect
 - 5.5.2 The system should be capable of customizing the logging printer output according to the customer's needs.
- 5.6 System must be capable of interfacing with a radio/dispatch workstation.
- 5.7 All equipment must be compatible with the servicing phone company's network. Vendor must describe how proposed equipment handles the following:

- 5.7.1 Selective Routing
 - 5.7.2 Automatic Number Identification (ANI)
 - 5.7.3 Automatic Location Identification (ALI)
 - 5.7.4 Forced Disconnect
 - 5.8 The system must interface with the servicing phone company's ALI database.
 - 5.9 The system display must provide, at a minimum, the following information:
 - 5.9.1 Time and Date of Call
 - 5.9.2 ANI Number
 - 5.9.3 Name of Subscriber
 - 5.9.4 Physical Location of the Telephone (ALI Information)
 - 5.9.5 Emergency Service Number (ESN)
 - 5.9.6 Primary Responding Agencies for the Caller Location
 - 5.10 System must be capable of requesting an ALI retransmit from any Call-Taker position.
 - 5.11 System must be capable of re-dialing a dropped call based on ANI information.
 - 5.12 Calls placed on hold must be available to any Call-Taker position.
 - 5.13 Redundant system components must be "hot swappable" including interface cards, telephone sets, displays, etc. Swapping of these components must not interfere with the operation of the non-affected component.
 - 5.14 System must have audio fail-over capability. The system must pass through audio in the event of a CPU failure.
 - 5.15 The system must be capable of providing distinctive ring based on call-type.
 - 5.16 The system must be able to display TDD calls based on current ADA standards.
 - 5.17 The above specifications for the system also apply to the individual components if proposed in the Component List.
- 6. Delivery, Installation, and Acceptance Requirements**
- 6.1 Vendor is responsible for all costs associated with shipping.

- 6.2 Vendors must conduct a site visit at no charge and provide the customer in writing minimum site requirements for each installation including but not limited to: Network Interface, power requirements, floor space, backboards, environmental control, etc.
- 6.3 Vendor is responsible for ensuring that Vendor's PSAP equipment is compatible with customer's E-911 Service Provider Network.
- 6.4 Vendor must offer installation for all products proposed. For systems proposed as "Base System Configurations," the cost of the installation must be included as part of the turnkey price. If the Vendor is willing for the customer to self-install the system, the Vendor may optionally provide the break-out cost of installation for the customer to subtract from the turnkey cost. For products proposed as part of the "Components List," Vendor must provide installation cost in the form of hourly labor rates or if applicable, flat installation rates for listed components.
- 6.5 Selected Vendor will prepare an installation schedule of work to be done including milestone dates and estimated completion date.
- 6.6 All installation will be done by qualified personnel and properly installed and integrated for acceptance testing within the scheduling deadline. All installation must be in accordance with all industry, state and federal standards. Installation must include all cabling, connections to trunks and circuits, and testing to result in a one hundred percent functioning public safety answering point position. Vendor must specify the responsibility for electrical and other environment requirements as part of the site requirement's document.
- 6.7 It is understood by the Vendor that Customer will not sign the acceptance document until the following conditions have been met:
 - 6.7.1 The network and equipment has operated for fourteen (14) consecutive days of operation with no problems.
 - 6.7.2 The quality and level of transmission is consistent with the published specifications for the system.
 - 6.7.3 The agreed upon training program for system administrators and station user personnel has been satisfactorily completed.
 - 6.7.4 The system documentation including user and system manuals is complete and on file at the Customer's premises.

7. **Warranty and Maintenance**

- 7.1 All systems and components must carry a minimum one-year on-site warranty.
- 7.2 Post Warranty for purchased systems.

- 7.2.1 Vendor must propose on-site maintenance pricing for years two through five.
- 7.3 Warranty and Maintenance service carry the same requirements:
 - 7.3.1 Vendors for warranty and maintenance must have response centers available 24 X 7 X 365.
 - 7.3.2 Vendor must provide a 1-hour response via telephone, remote access, or on-site to PSAP location.
 - 7.3.3 Vendor must provide a 3-hour on-site response from initial contact if the problem cannot be resolved by telephone or remote access.
 - 7.3.4 Replacement parts must carry the same warranty whether refurbished or new.
- 7.4 Vendor should be able to provide maintenance and parts for no less than 7 years after final acceptance of the system.
- 7.5 System must be capable of notifying an administrator in the event of a system fault. The system should have fault notification levels that are user selectable.
- 8. **Training**
 - 8.1 Vendor must detail training that will be provided to customer as part of the base turnkey configuration.
 - 8.2 A minimum of two days (16 hours) of training at customer location for a minimum of three persons for each call-taker position proposed must be included and completed prior to cut over to the new system.
 - 8.3 Vendor must detail what additional training opportunities Vendor provides, both directly with Vendor's personnel or as a pass-through for manufacture's offered training or classes. Include whether training is on customer site, Vendor's center, or third party off-site location.
- 9. **Additional Requirements**

ITS acknowledges that the specifications within this RFP are not exhaustive. Rather, they reflect the known requirements that must be met to support our Microsoft Agreements. Vendor must specify here, what additional services may be needed and are proposed in order to support these agreements.

COMPANY NAME	AT&T	
Configuration # 1	Type and Number of Positions:	
Manufacturer and System Name: INTRADO V-VIPER	V-Viper - 2 position 2 trunks	
Description of Standard Features		
This section describes the features included when purchasing this configuration as a turnkey system.		
<p>Positron V-VIPER is designed to deliver the VIPER experience to PSAPs with 5 positions or less. V-VIPER features the same industry leading performance and Next Generation 9-1-1 functionality at a price tailored for small agencies. V-VIPER packages the VIPER and Power 911 feature set into a compact hardware footprint. This greatly reduced equipment infrastructure is i3 compliant and accepts texts and ESnet 9-1-1 connectivity today. As PSAPs migrate to a full i3 architecture, V-VIPER will support all standards-based interfaces, offering complete peace of mind.</p>

COMPANY NAME	AT&T	
Configuration # 2	911 system - 2 Positions - 2 Trunks - CTI	
Manufacturer and System Name: INTRADO	VIPER 2 positions 2 trunks	
Description of Standard Features		
This section describes the features included when purchasing this configuration as a turnkey system.		
<p>Positron VIPER offers outstanding benefits to our users: scalability, fault tolerance, small footprint, SIP-compliance and the ability to be deployed in a variety of local, host and remote configurations. Is scalable, supporting up to 96 9-1-1 trunks. Delivers high performance. The networking architecture relies solely on IP connectivity and operates on a high-speed, gigabit backbone, with managed Ethernet switches supporting QoS for guaranteed voice quality. It offers a full suite of computer telephony (CTI) features and supports automatic number identification/automatic location identification (ANI/ALI) capabilities; wireless phase 1 and 2 compliant; includes Agent Toolkit, Incident Manager, Integrated Call Recorder, Integrated TDD.</p>

<p>Some of the E-911 configurations require Microsoft Server Licenses, ESRI GIS Software licenses or other possible software licenses covered by other ITS Express Products Lists. Additionally, there are some hardware components proposed as part of the E-911 systems that could be used in other settings, such as servers, desktops, printers, switches, racks, and monitors. These items are only approved on the E-911 PSAP Express Products List 3748 to be used in the PSAP environment. ITS excludes the authorization to purchase such software and hardware from the E-911 # 3748 vendors if said items are not intended for use as part of the PSAP system.</p>

Cost of System when priced as a turnkey system. Includes all engineering, cabling, installation, training and lightning protection.			\$108,871.25
Description of Installation Services			
<i>This section describes the installation features included when purchasing this configuration as a turnkey system.</i>			
Cost for <u>Installation</u> included in the turnkey price (The cost for installation may be removed from the turnkey price if the customer does not wish to purchase installation.)			Included in Turnkey Price
Description of Training Services			
<i>This section describes the training included when purchasing this configuration as a turnkey system. Minimum requirement is 16 hours at customer's location</i>			
Cost for <u>training</u> included in the turnkey price (The cost for training may be removed from the turnkey price if the customer does not wish to purchase training unless required by the Vendor)			Included in Turnkey Price
Description of Base Warranty of Turnkey System			
<i>This section describes the warranty included when purchasing this configuration as a turnkey system. Minimum requirement is one-year onsite 24 x 7 x 365 support including parts and labor and lightning damage</i>			
On-site One Year warranty includes: Parts and Labor 24 hours/7 Days a Week/365 Days beginning at system signoff.			
Enhanced Warranty or Post-Warranty Maintenance Options			
<i>This section describes additional enhanced warranty options that exceed the base minimum requirements. Warranty must cover onsite 24-7 support including parts and labor and lightning damage</i>

Cost of System when priced as a turnkey system. Includes all engineering, cabling, installation, training and lightning protection.			\$136,348.75
Description of Installation Services			
<i>This section describes the installation features included when purchasing this configuration as a turnkey system.</i>			
Cost for <u>Installation</u> included in the turnkey price (The cost for installation may be removed from the turnkey price if the customer does not wish to purchase installation.)			Included in Turnkey Price
Description of Training Services			
<i>This section describes the training included when purchasing this configuration as a turnkey system. Minimum requirement is 16 hours at customer's location</i>			
Cost for training included in the turnkey price (The cost for training may be removed from the turnkey price if the customer does not wish to purchase training unless required by the Vendor)			Included in Turnkey Price
Description of Base Warranty of Turnkey System			
<i>This section describes the warranty included when purchasing this configuration as a turnkey system. Minimum requirement is one-year onsite 24 x 7 x 365 support including parts and labor and lightning damage</i>			
On-site One Year warranty includes: Parts and Labor 24 hours/7 Days a Week/365 Days beginning at system signoff.			
Enhanced Warranty or Post-Warranty Maintenance Options			
<i>This section describes additional enhanced warranty options that exceed the base minimum requirements. Warranty must cover onsite 24-7 support including parts and labor and lightning damage</i>

<p>Some of the E-911 configurations require Microsoft Server Licenses, ESRI GIS Software licenses or other possible software licenses covered by other ITS Express Products Lists. Additionally, there are some hardware components proposed as part of the E-911 systems that could be used in other settings, such as servers, desktops, printers, switches, racks, and monitors. These items are only approved on the E-911 PSAP Express Products List 3748 to be used in the PSAP environment. ITS excludes the authorization to purchase such software and hardware from the E-911 # 3748 vendors if said items are not intended for use as part of the PSAP system.</p>			

COMPANY NAME	Emergency CallWorks, Inc.	
Configuration # 1	911 System C/O: Two (2) Positions, Eight (8) Trunks, Eight (8) Admin Lines, With Mapped ALI	
Manufacturer and System Name:	Emergency CallWorks, Inc. CallStation (Includes Mapping)	
Description of Standard Features		
This section describes the features included when purchasing this configuration as a turnkey system.		
<p>CallStation® is an economical and proven VoIP based 9-1-1 platform with a legacy CAMA interface, Next Generation 9-1-1 compliance and a messaging platform with consolidated Emergency and Administrative call taking served by NENA compliant standard telephony. External VoIP sets from Polycom are provided along with a traditional CAD spill for integration into other 3rd party products like CAD, Long Term Recorders and Mapped ALI if desired. Full MIS and Data Mining capabilities are included. Headset and Long Term recorder interfaces are provided as needed. Browser based Mapped ALI is included at no additional charge. All hardware, Software, Services, Support and Remote Monitoring is provided along with Dual 22" LCD displays at each position. DispatchStation (CAD) can be added to those sites that need or may be considering an upgrade to CAD for a totally integrated solution. See DispatchStation in other Configurations.</p>

Configuration # 2	911 System C/O: Four (4) Positions, Eight (8) Trunks, Eight (8) Admin Lines, With Mapped ALI	
Manufacturer and System Name:	Emergency CallWorks, Inc. CallStation (Includes Mapping)	
Description of Standard Features		
This section describes the features included when purchasing this configuration as a turnkey system.		
<p>CallStation® is an economical and proven VoIP based 9-1-1 platform with a legacy CAMA interface, Next Generation 9-1-1 compliance and a messaging platform with consolidated Emergency and Administrative call taking served by NENA compliant standard telephony. External VoIP sets from Polycom are provided along with a traditional CAD spill for integration into other 3rd party products like CAD, Long Term Recorders and Mapped ALI if desired. Full MIS and Data Mining capabilities are included. Headset and Long Term recorder interfaces are provided as needed. Browser based Mapped ALI is included at no additional charge. All hardware, Software, Services, Support and Remote Monitoring is provided along with Dual 22" LCD displays at each position. DispatchStation (CAD) can be added to those sites that need or may be considering an upgrade to CAD for a totally integrated solution. See DispatchStation in other Configurations.</p>

COMPONENTS LIST			
<i>This section lists components that can be added to the systems proposed. All components must carry a minimum one year on-site warranty.</i>			
Provider of Service or Manufacturer of Component	Description of Component	Purchase Part Number of Component	Purchase Cost
Dell	WKS PC, Dual Video, 4G RAM	ECX100101	\$1,512.00
Dell	WKS PC, Dual Video, 4G RAM, with Dual NIC	ECX100101-2	\$1,602.00
Lenovo/Polycom	Portable ANS. Pos., Laptop/VoIP Tel./ Kit Assm.	ECX100101-P	\$3,500.00
Dell	WKS, Quad Video Spt.	ECX100101-3	\$276.00
Lenovo	MONITOR, 19WM" FP, BLK	ECX100102	\$302.00
Lenovo	MONITOR, 22WM" FP, BLK	ECX100103	\$452.00
Lenovo	MONITOR, 24W" FP, BLK	ECX100104	\$699.00
Dell	MONITOR, 46", LCD TV/Monitor	ECX100105	\$1,168.00
ECW/Dell	ECX Dual Server, HA Appliance Assembly, 2U	ECX100110-HA	\$24,900.00
ECW/Dell	ECX Dual Server, Federated Appliance Assem., HA	ECX100110-HAF	\$29,900.00
ECW/Dell	ECX Dual Server, Federated Appliance Assem., HA/BU	ECX100110-HA2F	\$21,900.00
ECW	AUDIO INTERFACE UNIT (AIU)	ECX100001-NS	\$1,350.00
Polycom	POLYCOM 650 SIP PHONE	ECX100201	\$468.00
Polycom	WALL MOUNT, Brkt. POLYCOM 650/670, 5 pack	ECX100201-WM	\$68.00
Polycom	POLYCOM SIDECAR for 650	ECX100202	\$292.00
Viking	Handset, Std., Blk.	ECX100203-HS	\$90.00
Viking	Handset, Std., Blk., PTT	ECX100203-HSPPTT	\$229.00
Plantronics	Headset, Monural, 3.55M Jack, PC IRR	ECX100203-HSMM	\$106.00
Genovation	Keypad, Genovation 24 Key, Model 683	ECX100204	\$135.00
AudioCodes	Media Gateway, 8 Port FXS or (CAMA) to SIP	ECX100305	\$1,085.00
AudioCodes	Media Gateway, 8 Port FXS (Station Rec.)	ECX100305-1	\$1,085.00
Sangoma	Media Gateway, 8 port FXS/FXO	ECX100307	\$1,135.00
AudioCodes	Media Gateway, 24 Port FXS or (CAMA) to SIP	ECX100308	\$2,870.00
AudioCodes	Media Gateway, 24 port FXO to SIP	ECX100309	\$4,725.00
Sangoma	Media Gateway, 8 port FXO to SIP	ECX100311	\$1,085.00
AudioCodes	Media Gateway, 4 Port FXS or (CAMA) to SIP	ECX100312	\$610.00
AudioCodes	Media Gateway, 4 Port FXS (Station Rec.)	ECX100312-1	\$610.00
Sangoma	Media Gateway, 4 Port FXO to SIP	ECX100313	\$670.00
AudioCodes	Media Gateway, PRI to SIP	ECX100314	\$5,435.00
AudioCodes	Rack Shelf, Media Gateway, 2 GW per Shelf	ECX100315	\$32.00
ECW	CALLSTATION License	ECX200001	\$13,000.00
ECW	DISPATCHSTATION NT, (CAD Only) Lic.	ECX200002-NT	\$9,000.00
ECW	DISPATCHSTATION License	ECX200003	\$19,900.00
ECW	DISPATCHSTATION License – Upgrade from CS	ECX200003-UP	\$9,315.00
ECW	DISPATCHSTATION License – Upgrade from DS NT	ECX200003-UP	\$10,900.00
ECW	DECISIONSTATION, SITE License	ECX200004	\$0.00
ECW	MESSAGEWORKS, SITE License	ECX200007	\$0.00
ECW	SIPWORKS, i3/IP INTERFACE, PSAP License	ECX200008	\$9,995.00
ECW	ECW ADMIN COMM SYS License	ECX200012	\$4,995.00
ECW	SIP Trunk Interface, ECW to Third Party	ECX200015	\$2,595.00
ECW	911 TELECOM CONFIG/STAGING	ECX400002	\$2,995.00
ECW	DISPATCH/RESPONSE ZONE/NOTIF DEF	ECX400003	\$4,995.00
ECW	CONFIG/STAGING, PER HOUR	ECX400004	\$110.00
Teled	RACK ASSM, EQUIPMENT, 19 INCH, 24 Port, 4 Post	ECX500001-24 - 4 Post	\$4,035.00
Teled	WALL MNT ASSM, 19", RMTE	ECX500001-8CHWall	\$1,500.00
APC	CABINET ASSM, 24 RU	ECX500001-24CH	\$4,500.00
APC	CABINET ASSM, 42 RU	ECX500001-42CH	\$4,860.00
ECW	HOST RACK CONFIG. KIT, 19", CUST PROV. RACK	ECX500002	\$3,000.00
ECW	POS. BASED REC KIT	ECX500002-PR	\$350.00
Cisco	SWITCH, CISCO, 8-PORT POE, 10/100/1000	ECX500003-8	\$1,026.00
Cisco	SWITCH, CISCO, 24-PORT POE, 10/100/1000	ECX500003	\$2,694.00
Cisco	SWITCH, CISCO, 48-PORT POE, 10/100/1000	ECX500004	\$4,850.00
Cisco	ROUTER, CISCO, 2 WAN SINGLE/RMTE/2901	ECX500005-1	\$2,278.00
Cisco	ROUTER, CISCO, 3 WAN ENTERPRISE/2911	ECX500005-2	\$4,106.00
ECW	MISC. MAT., CABLES, LOT	ECX500007	\$1,200.00
ECW	MISC. MAT., CABLES, RMTE., LOT	ECX500007-R	\$600.00
ICOMM	ALI MODEM, E911 CSU/DSU ICOM	ECX500008	\$1,575.00
HP	PRINTER, HP LaserJet Pro 200	ECX500009-1	\$486.00
Perle	IP to Serial Dist., 16 port, Dual NIC, w/modem	ECX500017	\$3,267.00

Perle	IP to Serial Dist., 2 Port, Remote	ECX500017-1	\$477.00
Perle	IP to Serial Dist., 4 Port, Remote	ECX500017-4	\$753.00
Algo	SIP External Ringer / Horn, Single	ECX500018	\$513.00
Algo	Visual Alerting Module for Ringer	ECX500018-VA	\$200.00
NetClock	Master Clock Kit (GPS, Antenna, Server)	ECX500019	\$7,054.00
APC	UPS, APC 800VA, IWS pos.	ECX500101	\$265.00
APC	UPS - Smart-UPS X 3000VA	ECX500103	\$2,880.00
APC	PDU, APC Rack Mount, Horz., 16 ports	ECX500104	\$1,228.00
APC	PDU, APC Rack Mount, Horz., 8 ports	ECX500105	\$1,204.00
ECW	CS USER/ADMIN OPPS TRN (up to 8 students)	ECX600001	\$5,000.00
ECW	DS USER/ADMIN OPPS TRN (up to 8 students)	ECX600002	\$6,500.00
ECW	I&M TRN (up to 8 students)	ECX600003	\$5,000.00
ECW	TTT, TRAIN the TRAINER (up to 8 students)	ECX600004	\$7,500.00
ECW	PROJECT MANAGEMENT, UNIT	ECX700001	\$900.00
VPI	VPI CAPTURE ESSENTIAL: Voice Recording License. Per Activated Channel. Up to 100 channels	VP5-CVRE	\$315.00
VPI	VPI CAPTURE REDUNDANT: Voice Recording License for redundant capture purposes only, per applicable terms. Per activated channel.	VP5-CVR-Redundant	\$158.00
VPI	VPI CAPTURE: Screen Recording License. Per Seat. (Requires Item RPL-INSTALL-OSPREM)	VP5-CSR	\$105.00
VPI	VPI CAPTURE with Voice & Screen Recording Licenses. Priced per Seat. (Requires Item RPL-INSTALL-OSPREM)	VP5-CVSR	\$525.00
VPI	VPI QUALITY with voice recording (Requires Item RPL-TRAINING-ONSITE and RPL-INSTALL-OSPREM).	VP5-QV	\$546.00
VPI	VPI QUALITY PRO with voice recording. Includes smart evaluation form and coaching. (Requires Item RPL-TRAINING-ONSITE and RPL-INSTALL-OSPREM).	VP5-QPV	\$630.00
VPI	VPI QUALITY with voice & screen recording (Requires Item RPL-TRAINING-ONSITE and RPL-INSTALL-OSPREM).	VP5-QVS	\$609.00
VPI	VPI QUALITY - Agent Evaluation. Per seat. (Requires Item RPL-TRAINING-ONSITE and RPL-INSTALL-OSPREM).	VP5-Q_A	\$294.00
VPI	V-Portal system activation (CPU) license. Sized to support systems up to 100 seats or recording channels. Priced per 100.	VP5-VPS-100	\$1,890.00
VPI	VPI Performance system licensing. Sized to support systems up to 100 seats or recording channels. Priced per 100.	VP5-P-100	\$5,250.00
VPI	Mobile OS Server License for live monitoring and instant recall. Supports iOS and Windows Mobile. (Requires Item RPL-TRAINING-ONSITE and RPL-INSTALL-OSPREM)	VP5-MOSL	\$4,200.00
VPI	VPI's Priority Dispatch AQUA integration. Requires AQUA 6.x or higher. (Requires Item RPL-TRAINING-ONSITE and RPL-INSTALL-OSPREM)	VP5-PD	\$4,200.00
VPI	Live Monitoring and Instant Recall Server License.	VP5-LM	\$525.00
VPI	Enables V-Portal to capture agent and associate that data with call files via work station log-in. Requires each agent has unique agent log-in name & password. Per workstation.	VP5-Login	\$27.00
VPI	Media Messaging License	VP5-MM	\$5,775.00
VPI	Mobile OS Monitoring Client (iOS6 or higher and Windows mobile)	VP5-MOSC	\$1,995.00
VPI	Flag or add comments to a live call. Per workstation	VP5-Append	\$53.00
VPI	PSAP enhanced package: Instant Recall (qty 5), Live Monitor (qty 5), Caller ID (if available), Incident Creation & Redaction Tool.	VP5-PSAP-1	\$525.00
VPI	PSAP enhanced package: Instant Recall (qty 5), Live Monitor (qty 5), Caller ID (if available), Incident Creation & Redaction Tool. Includes capture of ANI / ALI from 911 Controller data if provided.	VP5-PSAP-2	\$1,575.00
VPI	VPI P25 Interface for Motorola	VP5-VPI-P25	\$15,750.00
VPI	8 Port Digital Interface Card.	VP5-Digital-8	\$3,180.00
VPI	16 Port Digital Interface Card.	VP5-Digital-16	\$5,160.00
VPI	24 Port Digital Interface Card.	VP5-Digital-24	\$7,120.00
VPI	8 Port Analog Interface Card.	VP5-Analog-8	\$2,080.00
VPI	24 Port Analog Interface Card.	VP5-Analog-24	\$5,520.00
VPI	Dual Span Trunk / PCM 32 Audio Interface Card	VP5-T1-2-A	\$10,260.00
VPI	Contact Closure Interface Card. Supports up to 48 analog interface channels.	VP5-Contact-48	\$1,200.00
VPI	IP Passive Recording Interface Core License. Supports up to 30 channels. 1 required per server.	VP5-IP-B	\$1,600.00

VPI	IP Passive Recording bundle. Expands core license (30 channels of recording) in increments of 10 channels.	VP5-IP-10	\$520.00
VPI	16 Port Digital Interface Card.	VP5-Digital-16S	\$1,900.00
VPI	24 Port Digital Interface Card.	VP5-Digital-24S	\$2,400.00
VPI	16 Port Analog Interface Card	VP5-Analog-16S	\$1,300.00
VPI	24 Port Analog Interface Card.	VP5-Analog-24S	\$1,720.00
VPI	Dual Span T1 / PRI (48 channels)	VP5-T1-2S	\$6,000.00
VPI	Quad Span T1 / PRI (96 channels)	VP5-T1-4S	\$6,800.00
VPI	Motorola P25 API	VP5-MOTO-P25	\$51,975.00
VPI	Motorola P25 Codec. One required for every 32 channels	VP5-MC	\$692.00
Replay Systems	Super Quiet Mid Tower/465w: Intel Core 2 Duo 3 Ghz, 8 GB RAM, Hot swap RAID 1 x 2 (300 GB 10K,500 GB 7200 RPM) 3 PCI-E, 2 PCI-X, 2 PCI expansion slots, Windows Server 2008 STND R1(downgrade) or R2 (64 bit only) Dual NIC, 1 DVD/Ram multi-drive, (Note: Hot swap power not available on this model)	RPL-SVR-VP5-MIDTWR-RAID1x2	\$7,000.00
Replay Systems	Microsoft SQL 2008 Server Standard R2 w/ 5 Cal. (OEM)	RPL-SVR-VP5-MSSQL08	\$4,600.00
Replay Systems	All in One Server up to 120 channels Analog Digital, 192 VoIP, and less than 25% Screen. 4U Rack mounted: Intel Quad Core 2.4GHz CPU, 12GB Ram, Raid 1 x 2 Hot swap 500GB 7200 rpm 32 MB Cache 3 PCI-e and 3 PCI expansion slots, Windows 2008 R2 Standard 64 Bit, Redundant Hot swap 800W power, 1 DVD Ram Multi Drive	RPL-SVR-VP5-4URM-RAID1x2A	\$9,000.00
Replay Systems	Dedicated V-Portal, Data Base, Screen, QA or Audio Capture 4U Rack mounted: Intel Quad Core 2.4GHz CPU, 12GB Ram, Raid 1 Hot swap 500GB 7200 rpm 32 MB Cache 3 PCI-e and 3 PCI expansion slots, Windows 2008 R2 Standard 64 Bit, Redundant Hot swap 800W power , 1 DVD Ram Multi Drive	RPL-SVR-VP5-4URM-RAID1	\$8,000.00
Replay Systems	Monitor, Keyboard, Mouse, and Speakers package	RPL-PERIPHERALS	\$800.00
Replay Systems	Sliding Rail Kit (excludes HP servers)	RPL-RLKT	\$280.00
Replay Systems	2TB* NAS Server - 2U Rack Mount with Windows Server OS loaded on a Solid State drive, dual hot/swap power supplies and RAID5 hot/swap data drives (*Note: actual usable space 1.85 TB)	RPL-NAS-2TB	\$7,340.00
Replay Systems	UPS Uninterruptable Power Supply for Servers – Minimum of 1500VA / 500 W, Input 120V / Output 120v. Run time for single server up to 1 hour. Includes monitoring software plus (2) extended power cables and (1) USB cable.	RPL-MN-UPS	\$900.00
Replay Systems	25FT 25-Pair Cable	RPL-Cable25	\$112.00
Replay Systems	SALES ASSY, IPX-C KIT, 30 IPX, 30 MEDIA, 4U Servers	RPL-912-0331-002	\$2,108.00
Replay Systems	SALES ASSY, IPX-EX KIT, 30 IPX, 30 MEDIA, 2U Servers	RPL-912-0705-002	\$3,114.00
Replay Systems	10 LICENSE BUNDLE, HPXMEDIA	RPL-910-0910-001	\$556.00
Replay Systems	20 LICENSE BUNDLE, HPXMEDIA	RPL-910-0910-002	\$1,064.00
Replay Systems	30 LICENSE BUNDLE, HPXMEDIA	RPL-910-0910-003	\$1,414.00
Replay Systems	50 LICENSE BUNDLE, HPXMEDIA	RPL-910-0910-005	\$2,114.00
Replay Systems	20 LICENSE BUNDLE, IP MONITORING	RPL-910-0911-002	\$288.00
Replay Systems	30 LICENSE BUNDLE, IP MONITORING	RPL-910-0911-003	\$388.00
Replay Systems	50 LICENSE BUNDLE, IP MONITORING	RPL-910-0911-005	\$634.00
Replay Systems	10 LICENSE BUNDLE, IP FORWARDING	RPL-910-0912-001	\$506.00
Replay Systems	20 LICENSE BUNDLE, IP FORWARDING	RPL-910-0912-002	\$960.00
Replay Systems	30 LICENSE BUNDLE, IP FORWARDING	RPL-910-0912-003	\$1,360.00
Replay Systems	50 LICENSE BUNDLE, IP FORWARDING	RPL-910-0912-005	\$2,194.00
Replay Systems	Sales Assy, HPX Kit, MTR/FWD, 30 Media	RPL-912-0801-008	\$2,108.00
Replay Systems	Replay Systems Installation Services (per channel)	RPL-INSTALL-OS	\$125.00
Replay Systems	Replay Systems Installation Services Premium Applications (per seat, per application)	RPL-INSTALL-OSPREM	\$100.00
Replay Systems	Replay Systems onsite training (per day)	RPL-TRAINING-ONSITE	\$1,800.00
Replay Systems	Replay Systems web training (per day)	RPL-TRAINING-WEB	\$900.00
Replay Systems	Replay Systems labor during business hours (M-F, 8-5) - 1 hour minimum	RPL-T&M-BUS	\$195.00
Replay Systems	Replay Systems labor after business hours, weekends, and holidays - 3 hour minimum - available for contract customers only	RPL-T&M-AFTER	\$285.00
Replay Systems	Replay Systems Travel (per hour)	RPL-TRAVEL	\$95.00
Replay Systems	Replay Service Agreement - BRONZE (telephone support 24x7 plus fixes and patches only)	RPL-MAINT-BRONZE	10% of System List Price
Replay Systems	Replay Service Agreement - SILVER (telephone support 24x7, parts, plus fixes and in-version software upgrades)	RPL-MAINT-SILVER	13% of System List Price

Replay Systems	Replay Service Agreement - GOLD (Onsite support M-F, 8-5, telephone support 24x7, parts, plus fixes and in-version software upgrades)	RPL-MAINT-GOLD	18% of System List Price
Replay Systems	Replay Service Agreement - PLATINUM (telephone and onsite support 24x7, parts, plus fixes and in-version software upgrades)	RPL-MAINT-PLATINUM	25% of System List Price

Some of the E-911 configurations require Microsoft Server Licenses, ESRI GIS Software licenses or other possible software licenses covered by other ITS Express Products Lists. Additionally, there are some hardware components proposed as part of the E-911 systems that could be used in other settings, such as servers, desktops, printers, switches, racks, and monitors. These items are only approved on the E-911 PSAP Express Products List 3748 to be used in the PSAP environment. ITS excludes the authorization to purchase such software and hardware from the E-911 # 3748 vendors if said items are not intended for use as part of the PSAP system.

COMPANY NAME	Frontier Communications	
Configuration # 1	Type and Number of Positions: 2 Positions with Analytics Lite Reporting. 4 - CAMA Trunks, 4 - Admin Lines as configured	
Manufacturer and System Name:	Airbus-DS Vesta System	
Description of Standard Features		
This section describes the features included when purchasing this configuration as a turnkey system.		
Manufacturer of Component	Description of Component	Purchase Part Number

 Pricing on this list expires 05/31/2019

Provider of Service or Manufacturer of Component	Description of Component	Purchase Part Number of Component	EPL Purchase Cost
EXACOM, Inc.	Installation, training, 1st year warranty, shipping and handling for EXAHCM10-052516	EXAHCM11-052516	\$28,513.60
Note:	Software patches and minor releases are only available with a current and up-to-date support contract.		

Some of the E-911 configurations require Microsoft Server Licenses, ESRI GIS Software licenses or other possible software licenses covered by other ITS Express Products Lists. Additionally, there are some hardware components proposed as part of the E-911 systems that could be used in other settings, such as servers, desktops, printers, switches, racks, and monitors. These items are only approved on the E-911 PSAP Express Products List 3748 to be used in the PSAP environment. ITS excludes the authorization to purchase such software and hardware from the E-911 # 3748 vendors if said items are not intended for use as part of the PSAP system.

Cost of System when priced as a turnkey system. Includes all engineering, cabling, installation, training and lightning protection.			\$206,248.00
Description of Installation Services			
<i>This section describes the installation features included when purchasing this configuration as a turnkey system.</i>			
<i>Installation of all Engineering, Hardware, Software, Configuration, Cabling, and Lightning Protection</i>			
Cost for <u>Installation</u> included in the turnkey price (The cost for installation may be removed from the turnkey price if the customer does not wish to purchase installation.)			\$28,400.00
Description of Training Services			
<i>This section describes the training included when purchasing this configuration as a turnkey system. Minimum requirement is 16 hours at customer's location</i>			
The proposal includes on site agent and administrative training as well as aurora training.			
Cost for training included in the turnkey price (The cost for training may be removed from the turnkey price if the customer does not wish to purchase training unless required by the Vendor)			\$10,920.00
Description of Base Warranty of Turnkey System			
<i>This section describes the warranty included when purchasing this configuration as a turnkey system. Minimum requirement is one-year onsite 24 x 7 x 365 support including parts and labor and lightning damage</i>			
Proposal includes warranty of all parts and equipment for one year after system signoff or at time of beneficial usage.			
Enhanced Warranty or Post-Warranty Maintenance Options			
<i>This section describes additional enhanced warranty options that exceed the base minimum requirements. Warranty must cover onsite 24-7 support including parts and labor and lightning damage</i>			
Provided by	Description	Cost

Some of the E-911 configurations require Microsoft Server Licenses, ESRI GIS Software licenses or other possible software licenses covered by other ITS Express Products Lists. Additionally, there are some hardware components proposed as part of the E-911 systems that could be used in other settings, such as servers, desktops, printers, switches, racks, and monitors. These items are only approved on the E-911 PSAP Express Products List 3748 to be used in the PSAP environment. ITS excludes the authorization to purchase such software and hardware from the E-911 # 3748 vendors if said items are not intended for use as part of the PSAP system.

Dynamic Instruments / DSS Corporation	Instant Call Replay and associated key data software. Setup allows for tremendous flexibility in what communications are monitored, what data is presented and how many records are displayed.	ReBOUND™ Site License	\$1,955.00
Dynamic Instruments / DSS Corporation	Remote PC Alarm Notification Software	NetFLARE™	\$420.75
Dynamic Instruments / DSS Corporation	250 GB Hard Drive – DI VoiceVault only	HD2S-Add to Model #	\$425.00
Dynamic Instruments / DSS Corporation	Hot Swap 4000GB Hard Drive – DI Reliant only	HD7S-Add to Model #	\$850.00
Dynamic Instruments / DSS Corporation	Hot Swap 7500GB Hard Drive – DI Reliant only	HD9S-Add to Model #	\$1,530.00
Dynamic Instruments / DSS Corporation	Hot Swap 800GB, RAID-5 (Striping) Front Panel Accessible – DI Reliant only	HD10S-Add to Model #	\$2,303.50
Dynamic Instruments / DSS Corporation	Hot Swap 1.5TB, RAID-5 (Striping) Front Panel Accessible – DI Reliant only	HD11S-Add to Model #	\$3,306.50
Dynamic Instruments / DSS Corporation	Hot Swap 250GB Hard Drive– DI VoiceVault only	HD250S-Add to Model #	\$2,227.00
DSS Corporation	VoIP Capture license per device- compliant with H323, SCCP, SIP and other VoIP protocols	EQV001	\$463.64
DSS Corporation	Voice Capture license per device - requires digital / analog recording cards	EQTR001	\$293.64
DSS Corporation	Screen Capture License per device - compliant with Win2000, WinXP, Win2000 Server / Win2003 Server and Windows Vista	EQSC001	\$231.82
DSS Corporation	Quality Survey license per user - compliant with all communication types: email, chat, voice. Unlimited supervisor scoring and unlimited retrieval.	EQSV001	\$115.91
DSS Corporation	Speech Analytics Server	EQSPSRV1	\$4,172.73
DSS Corporation	Speech Analytics Device License - cost per each channel monitored	EQSP001	\$417.27
DSS Corporation	External Data feed integration for Equature. Includes ANI/ALI and SMDR/CDR records - per each recorder	EQANI	\$2,550.00
DSS Corporation	NGX 8 port Digital Recording Card	EQNGX8	\$2,550.00
DSS Corporation	NGX 16 port Digital Recording Card	EQNGX16	\$3,461.82
DSS Corporation	NGX 24 port Digital Recording Card	EQNGX24	\$4,806.36
DSS Corporation	LD409 4 port Analog Recording Card	EQLDA4	\$834.55
DSS Corporation	LD809 8 port Analog Recording Card	EQLDA8	\$1,715.45
DSS Corporation	LD1609 16 port Analog Recording Card	EQLDA16	\$2,890.00
DSS Corporation	LD2409 24 port Analog Recording Card	EQLDA24	\$3,709.09
DSS Corporation	4U recording server with single processor, 4GB, single 90,000 channel hours, Win 7 operating system. RAID1 and Dual hot swap power supply	EQAIS4U	\$5,331.82

Some of the E-911 configurations require Microsoft Server Licenses, ESRI GIS Software licenses or other possible software licenses covered by other ITS Express Products Lists. Additionally, there are some hardware components proposed as part of the E-911 systems that could be used in other settings, such as servers, desktops, printers, switches, racks, and monitors. These items are only approved on the E-911 PSAP Express Products List 3748 to be used in the PSAP environment. ITS excludes the authorization to purchase such software and hardware from the E-911 # 3748 vendors if said items are not intended for use as part of the PSAP system.

Information Technology Services

COMPANY NAME	Ryan Public Safety Solutions	
Configuration # 1	Type and Number of Positions: 2 Positions, up to 6 trunks	
Manufacturer and System Name:	Cassidian Communications VESTA/Sentinel 4	
Description of Standard Features		
This section describes the features included when purchasing this configuration as a turnkey system.		
Manufacturer of Component	Description of Component	Purchase Part Number
Cassidian Communications	VESTA/SENTINEL LICENSE	870899-00104
Cassidian Communications	CAD INTERFACE LICENSE	873099-03002
Cassidian Communications	BLKBOX DATACAST	04000-01584

Cost of System when priced as a turnkey system. Includes all engineering, cabling, installation, training and lightning protection.		\$118,053.00
Description of Installation Services		
This section describes the installation features included when purchasing this configuration as a turnkey system.		

Turnkey 2 Position VoIP 9-1-1 Call Taking Solution with the capability to support up to 6 trunks. Configuration includes installation, training, and first year of support services.		
Cost for <u>Installation</u> included in the turnkey price (The cost for installation may be removed from the turnkey price if the customer does not wish to purchase installation.)		\$19,000.00
Description of Training Services		
<i>This section describes the training included when purchasing this configuration as a turnkey system. Minimum requirement is 16 hours at customer's location</i>		
Training includes one administrative class for supervisors; typically last a full day. Three calltaker classes with up to six students per class is also included; 4 hours per class. All training materials will be provided by RPSS.		
Cost for <u>training</u> included in the turnkey price (The cost for training may be removed from the turnkey price if the customer does not wish to purchase training unless required by the Vendor)		\$5,500.00
Description of Base Warranty of Turnkey System		
<i>This section describes the warranty included when purchasing this configuration as a turnkey system. Minimum requirement is one-year onsite 24 x 7 x 365 support including parts and labor and lightning damage</i>		
Includes 1 year of 24x7x365 support services with remote alarm monitoring, parts, labor and lightning damage.		
Enhanced Warranty or Post-Warranty Maintenance Options		
<i>This section describes additional enhanced warranty options that exceed the base minimum requirements. Warranty must cover onsite 24-7 support including parts and labor and lightning damage</i>

Cost of System when priced as a turnkey system. Includes all engineering, cabling, installation, training and lightning protection.		\$189,687.00

Description of Installation Services		
<i>This section describes the installation features included when purchasing this configuration as a turnkey system.</i>		
Turnkey 2 Position VoIP 9-1-1 Call Taking Solution with the capability to support up to 6 trunks. Configuration includes installation, training, and first year of support services.		
Cost for <u>installation</u> included in the turnkey price (The cost for installation may be removed from the turnkey price if the customer does not wish to purchase installation.)		\$20,650.00
Description of Training Services		
<i>This section describes the training included when purchasing this configuration as a turnkey system. Minimum requirement is 16 hours at customer's location</i>		
Training includes one administrative class for supervisors; typically last a full day. Three calltaker classes with up to six students per class is also included; 4 hours per class. All training materials will be provided by RPSS.		
Cost for <u>training</u> included in the turnkey price (The cost for training may be removed from the turnkey price if the customer does not wish to purchase training unless required by the Vendor)		\$6,800.00
Description of Base Warranty of Turnkey System		
<i>This section describes the warranty included when purchasing this configuration as a turnkey system. Minimum requirement is one-year onsite 24 x 7 x 365 support including parts and labor and lightning damage</i>		
Includes 1 year of 24x7x365 support services with remote alarm monitoring, parts, labor and lightning damage.		
Enhanced Warranty or Post-Warranty Maintenance Options		
<i>This section describes additional enhanced warranty options that exceed the base minimum requirements. Warranty must cover onsite 24-7 support including parts and labor and lightning damage</i>

<p>Some of the E-911 configurations require Microsoft Server Licenses, ESRI GIS Software licenses or other possible software licenses covered by other ITS Express Products Lists. Additionally, there are some hardware components proposed as part of the E-911 systems that could be used in other settings, such as servers, desktops, printers, switches, racks, and monitors. These items are only approved on the E-911 PSAP Express Products List 3748 to be used in the PSAP environment. ITS excludes the authorization to purchase such software and hardware from the E-911 # 3748 vendors if said items are not intended for use as part of the PSAP system.</p>

<p>Some of the E-911 configurations require Microsoft Server Licenses, ESRI GIS Software licenses or other possible software licenses covered by other ITS Express Products Lists. Additionally, there are some hardware components proposed as part of the E-911 systems that could be used in other settings, such as servers, desktops, printers, switches, racks, and monitors. These items are only approved on the E-911 PSAP Express Products List 3748 to be used in the PSAP environment. ITS excludes the authorization to purchase such software and hardware from the E-911 # 3748 vendors if said items are not intended for use as part of the PSAP system.</p>
