

# Don't send any- thing you will regret.

People who send inappropriate photos may  
**FACE HUMILIATION**, lose sports and aca-  
demic opportunities, and **GET INTO TROUBLE**  
**WITH THE LAW.**

# CYBER BULLYING

**KA-BLAM**

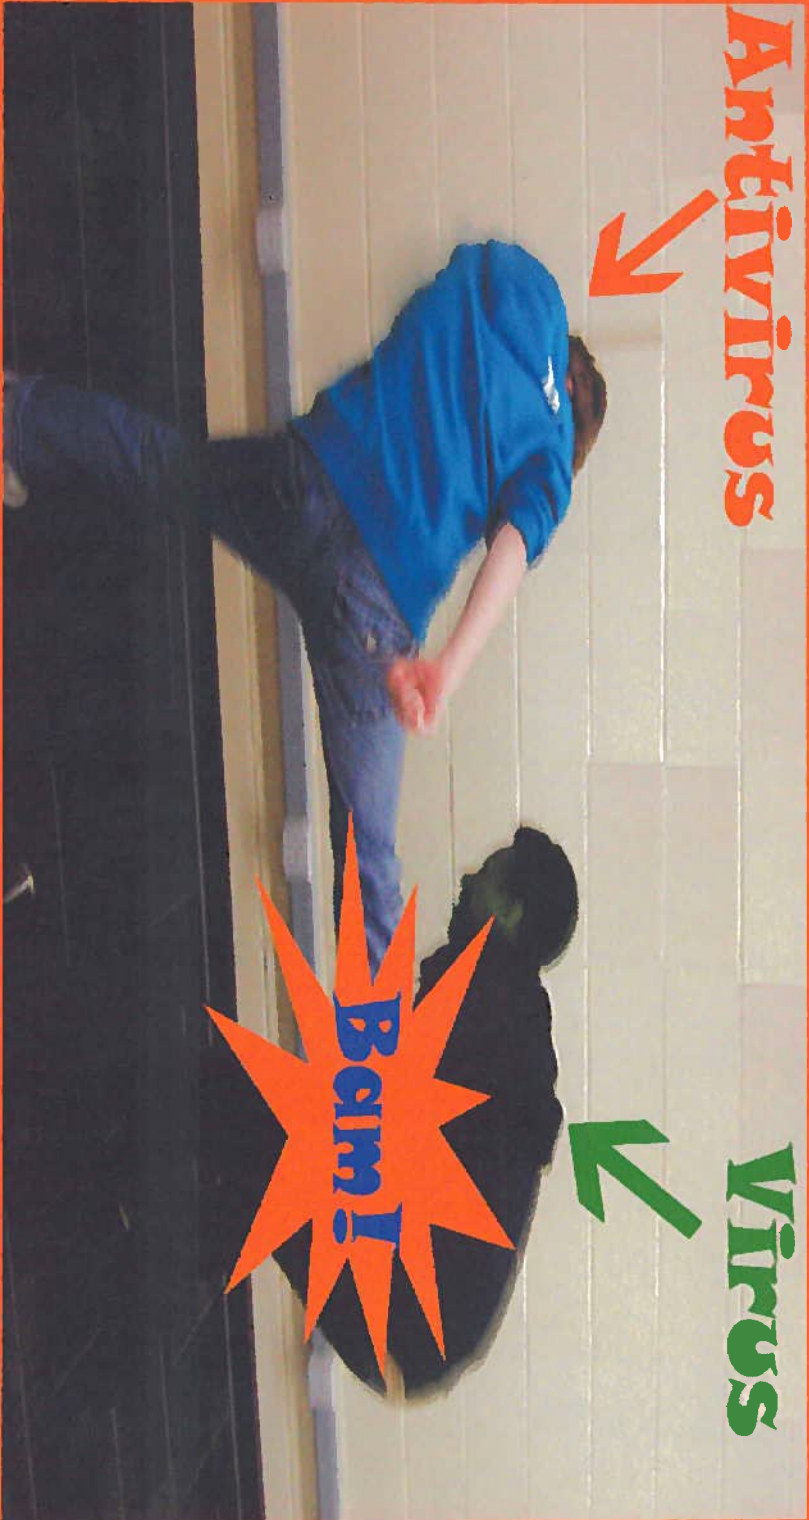

Don't let a cyber bully  
knock you around

Cyber bullying is when a person harasses you via an electronic device. They can insult you and spread rumors.

If you are being cyber bullied then do not reply. The bully will only attack you more. Instead just leave the website and tell a friend or trusted adult.

# Always Use Protection

Antivirus software can be free and is your computer's best protection against viruses. On average they protect from 87% of viruses.
